## Difference in Costs Bogs Commissioners

Acton Hydro Commissioners Thursday of last week compared construction costs for the already completed Orangeville Hydro building with submitted tender prices for the proposed Acton building. When tenders were called earlier, both commission members and architect Donald Skinner were surprised to receive tenders ranging from \$100,000 to \$150,000 when costs were estimated from \$50,000 to \$60,000. At the Thursday meeting, costs of the Orangeville building were revealed around \$15,000. The commission has not dismissed the possibility of erecting a new building on Alice Street, and has instructed the architect to investigate why costs submitted appeared so high.

Re-String Lines — During the report by superintendent Doug Mason, he noted that progress on re-stringing poles on Mill Street had been hampered when a rotten pole had to be replaced. This resulted in a slight delay in the program, which is now completed. Accounts totalling \$18,512.94 were approved for payment.

## 4-H Club Members Place In C.N.E. Competitions

A full attendance was recorded on Wednesday, September 8 when the members of the Acton 4-H Club assembled at the Community Centre for their final meeting of the 1965 season.

Briefly addressing the group, club leader Mino Brada congratulated each individual for their excellent attendance and interest in meetings but advised that the projects would not be complete until they had exhibited their calves and grain at achievement day.

Call club vice-president Walter Trivessanar led the members in the recitation of the 4-H pledge and secretaries Bill Lasby and Bob Leslie read the minutes and called the roll for their respective clubs.

C.N.E. Wins — Halton Agricultural Representative H. Stanley took charge of the meeting and announced that Walter Trivessanar had placed second and Bob Leslie seventh in the C.N.E. grain judging competition and Wayne Aitken placed ninth in Junior Farm engineering. He commended the successful County 4-H members had made a

(Continued from Editorial Page) in a tent. Tense long distance phone calls from remote outposts to learn whether son had passed his year. Huge relief to learn that he had done well. Sunday joints to visit daughter at camp, going with great jugs of goodwill, sitting around the two hours trying to think of something to talk about, returning with loads of scummy camp clothes to wash.

Son claiming an 18-year-old can get along on four hours sleep, and trying to prove it. Daughter busting out all over, as fourteen-year-olds are wont to do. Wife like cat with cream because I haven't been away from her side for more than four hours all summer. Father promising to write a book and barely able to find time to write a column.

Goodbye, Summer, you cad, return. There'll never be another like you.

## Eramosa School Board Opens New Classroom

The Eramosa School Board has found it necessary to open a new classroom at the new Eramosa Central School. Mrs. Jean Jackson has been engaged to teach this new class.

The enrolment in the Eramosa T.S.A. is 663, an increase of 40 pupils over the figure at June. Eramosa Public School has 266 pupils, Rockwood Public School 270, Four Corners 66, and Eden Mills 62.

The School Board will meet September 20 to discuss future accommodation in the area. Additional classroom space is almost certainly required. Consideration will be given to establishing an opportunity class to provide special attention to certain pupils; a multi-purpose room for the Rockwood Public School; a senior public school where grades 7 and 8 would be concentrated to better prepare these pupils for secondary education.

## Former Principal
