## School Crowded Use Auditorium

The auditorium in the Nassagaweya Township Hall at Brookville will be used as a temporary classroom for Brookville school students. At a regular meeting of Nassagaweya public school board recently, overcrowding in the junior grades at Brookville school was brought to the attention of the board by Principal K. F. Trowbridge. Board members arranged with public school inspector O. G. McDowell to make the necessary requests of the Department of Education for a portable classroom to be built at Brookville school. Tentative plans are for construction to start around Thanksgiving with the building scheduled to be completed by Christmas. Until the portable classroom is completed, a class will be conducted daily in the Township Hall.
