

MANAGEMENT AND STAFF at Beardmore and Co. Ltd. received the annual flu booster shot Friday morning. Doctors Craig Hutchison and Brian Moore visited the plant early in the morning to begin work. Left to right are general manager N. J. Braida, Mrs. T. Cook, Beardmore employee and member of St. John Ambulance Brigade who assisted doctors, Dr. Hutchison, vice president R. R. Parker and Dr. Moore.

Beardmore Staff Employees Receive Flu Booster Shot

Management, office staff and employees rolled up their sleeves Friday morning at Beardmore and received the annual flu booster shot. The program was started last year when everyone received an initial and booster shot. Doctors Craig Hutchison and Brian Moore arrived at the plant early equipped with hundreds of throwaway needles and bottles of serum ready for close to 400 employees.

Lions District Governor Says Acton Club Best Singers Yet

District Governor Harold M. Gray was accorded a standing ovation when he made his annual visitation to Acton Lions Club at the regular dinner meeting Monday, accompanied by four of his fellow Burlington Lions.

Lion Harold addressed the Lions on the benefits Lions confer on its members, the community, the country and the world at large. He spoke of the broader outlook Lions obtain by mixing with men from all walks of life, of different nationalities and creeds.

His most vivid impression of the international convention in Toronto in 1964 was the presence of Lions from Hiroshima, Japan. They stepped off their plane without a word of any kind to mix with the people who dropped an atomic holocaust on them.

The district governor finished his address by stating Lions are the world's largest service club, attract members because it gave them the inward satisfaction obtained from serving his fellow men.

Best Singing Yet
Lion Harold complimented the Acton club for their nearly 100 per cent attendance at the meeting. He complimented Lion Ray Exlan, a new member, for the manner in which he led the afternoon singing. "That was the best singing I've heard since I started travelling to the different clubs," he said.

Lion Pete Papillon humorously confessed the thanks of Acton Lions to the district governor and presented him with a gift to commemorate the visit.

Lion Murray Harrison reported the Halloween candy sale was a success. The entire town was sold.

Lion Neil Miller, strengthened by the presence of the Burlington twister, extracted more than his usual quota of lines from reluctant Lions but was unable to provide his usual musical ending. Someone swept his line Lion at one point and the twister was observed crawling under the tables looking for it.

The Lion chief thanked Lion Al Lauder in absentia for another fine bulletin. Zone chairman Al Brampton along with Lion John Grietender.

Now Official: Four in Race

It's official. There will be four candidates in the Halton riding federal election race on Nov. 4. Monday afternoon at Milton Town Hall, Halton returning officer Richard West of Burlington formally accepted nominations accompanied by \$200 and 25 signatures of supporters for the four previously announced candidates. They'll appear on your ballot Nov. 4 in this order: Harry C. Harley (Lib.), Murray S. Kenighan (N.D.P.), Allan M. Masson (Prog. Cons.), and Henry Timmins (Ind. Cons.).

It's for Certain Standard Time Begins on Sunday

That extra hour's sleep Actonians were supposed to get Sunday morning was postponed one week. Don't forget to turn back clocks and watches before retiring to bed Saturday night. Eastern Standard Time does begin Sunday morning at 2 a.m. for sure.

Unfortunately erroneous information in an advertisement had to be reprinted in a hurry and notices were posted throughout the district over public address systems in schools, via loudspeakers along streets, and in some busy places in town telling people the time change had been slightly premature (exactly one week).

George Harrap Retires Friday

George Harrap, purchasing agent for the H. K. Porter Company of Canada Ltd., is retiring Friday after 52 years of service with the company.

He begins as Field Secretary of Baptist Men for Ontario and Quebec and starts his part-time duties December 1 after a well-earned holiday.

After leaving school, Mr. Harrap started with the Diston firm in its Toronto office. After serving overseas in World War I, he returned to the company and came to Acton in 1938 when the H. K. Porter company took over operations here.

Mr. and Mrs. Harrap, who live on St. Alban's Drive, do not intend to leave town but Mr. Harrap will use Acton as his central location travelling in his new duties.

—There will be polling booths in the old post office, instead of the YMCA, for town elections this year.

UNICEF Coins Go Long Way Masqueraders Help Others

The children of Acton will again be sharing their fun this Halloween with youngsters around the world by collecting coins for UNICEF as well as treats for themselves. Every year it seems householders have more coins ready than there are children calling with UNICEF boxes.

UNICEF coins go a long way. 5¢ means 5 glasses of milk, 5¢ means vaccine to protect five children from T.B.; 10¢ means penicillin to cure two children of scarlet fever.

Board-Staff Party Held at Legion Hall

High school board members and wives, staff members and husbands or wives enjoyed a buffet luncheon, card games, singing and dancing Thursday evening in the Legion auditorium during a board staff "get acquainted" night.

The annual party is arranged early in the school term to allow teachers to meet all board members and enjoy an evening together.

Acton Legion Ladies' Auxiliary provided the luncheon a treat which everyone enjoyed except the bridge topped off with a hearty singing of birthday greetings to staff member Miss Jean Barber who celebrated her birthday that day. At the conclusion of cards some enjoyed dancing to recordings.

Board chairman Rev. Dwight Engel introduced the board members and wives and Principal I. A. Hansen introduced staff members, husbands and wives. A total of 36 enjoyed the evening.

Board members and wives included Rev. Engel and wife, J. Moffat and wife, T. Watson and wife, K. McPhail and wife and C. Anderson and wife. Also attending was secretary W. Middleton and wife.

Staff members and wives or husbands included principal I. A. Hansen and wife, assistant principal J. Bray and wife, C. I. Rogalski and wife, W. Coates and wife, William Soules and wife, Oscar Druber and wife, Mrs. Jim Mathews, Miss Jean Barber, Miss Margaret Juhász, Jim Lavis, Robert Green, Ted Curtis, Miss Rosemary High, Mrs. Brian Walker and husband, I. A. Laidlaw, Randall and wife, James Holmes, Ian McGillo, Mrs. Judith Stockdale and husband. Six of the teachers were unable to attend.

Yaws; 25¢ means 125 Vitamin tablets. The organization this year will be changed slightly. Robert Little's pupils will get their boxes at school on Friday and will turn them in Saturday night between 7 and 9 p.m. at either Acton Y.M.C.A. or McIsaac's Highway Garage, with Y's Men in charge of collection.

M. Z. Bennett pupils will get their boxes at school on Friday and will turn them in Saturday night between 7 and 9 p.m. at either Bill Toth's Shell Service or McCallum's Texaco Service Station, Y's Men in charge.

Every boy and girl who participates in this UNICEF project will be treated to a free movie at a later date by the Acton Y's Men's Club. It's felt Halloween night is too busy and exciting for a program of entertainment then. The full-length movie will likely be shown in mid-November. There is no judging of costumes this year since the youngsters are generally too anxious to leave.

Ensemble of Children

The objective of UNICEF is to help the age-old enemies of need, children — hunger, disease and poverty. The 1965 Nobel Peace Prize was awarded to UNICEF for their work in more than 100 countries. No one in Canada, need die of starvation. In the underdeveloped countries at least 400 million children go hungry to bed each night.

Approved by the Department of Education is closed TV for educational programs and some schools already have taken advantage of this. The Robert Little school will now be on an equal basis with these other schools.

The set, about six feet high, is mounted on wheels, is made to pass easily through classroom doors and can be locked. In the event any surplus money remains, the pupils still have a few items they intend to purchase for the school.

Names of the winning class and top seller haven't been announced yet. Complete tabulation will be finished soon.

SANTA CAME EARLY

Santa Claus came early at the Robert Little School this year. As a matter of fact pupils made collection of their own presents. They sold Christmas cards and used profits to purchase an educational TV set overhead projector and a new record player to be used throughout the school.

Knocking on doors throughout town, the youngsters (some carrying a large assortment) sold the cards to homeowners in hopes of making a profit and purchasing equipment for the school.

Majority Vote

Their wishes have been fulfilled and after a majority vote had been tallied the three items were foremost on the purchase list. The goods have been delivered and all are portable and can be moved from room to room.

Sole Cub Leader for 25 Boys No Scout Leader is Available

Cub enrolment Monday night was down slightly from last year but with only one known leader 25 will possibly be sufficient until assistant leaders can be obtained.

Cub leader Mrs. Earl Jordan was on hand at the Scout Hall along with Group Committee members Ron Lewis and Mrs. Hugh Wilkinson, and Mrs. Dave Cleland, president of the Scout and Guide Mothers' Association, to greet the boys and parents.

Ask Support
Mr. Lewis, who is chairman of the Group Committee, outlined Cub work and noted the Acton Rotary Club sponsors the committee. Mrs. Cleland asked mothers to support the Scout and Guide Mothers' group and outlined the important program mapped out to raise funds.

Last year a total of 40 boys registered for Cubs and unless assistant leaders can be obtained the Cub Pack will have to remain at the present 25 and no additional registrations accepted.

No Scouter

It was learned that no Scout leader was available for this year and unfortunately boys who have left Cubbing will not have an opportunity of continuing into Scouting unless a leader can be found.

Displays of Halloween candy in the stores have the youngsters starting wide-eyed. The bus depot window is a favorite.

U. N. I. C. E. F.

Saturday, Oct. 30, 1965

Children of Acton will be sharing their fun, again this year, with youngsters around the world by collecting coins for U.N.I.C.E.F. as well as treats for themselves; thus bringing the benefits of food and medicine to thousands.

This project, in Acton, is sponsored by the Acton Y's Men's Club. You, too, can share in this project by having your pennies ready when the youthful collectors call.
