Give it Thought

A district resident, who has noticed the condition of the coveralls worn by our garbage collectors, wonders if perhaps citizens do not realize that they could help these men out. For instance, she says, acids have been put out for collection which are easily spilled and burned holes in coveralls. Greases, paints and caustic substances could be put out for collection in closed containers rather than in open cans. These workmen accept garbage in any condition without complaint. How about some co-operation?

Dr. and Mrs. Peter Konkin of Yorkton, Saskatchewan, remarked on the cold weather at Yorkton prior to their trip to Ontario recently. Weekly Study, Prayer Meets

Rockwood — "So teach us to number our days that we may apply our hearts unto wisdom" (Psalm 90:12) is the theme of the weekly Bible study and prayer meetings held at the home of Mr. and Mrs. Ron Millson.

These are undenominational meetings where the Bible is read and studied with everyone present having the opportunity to take part. The group is led by Mr. Harris of Guelph and the topics range from "Adam" to the "New Heaven and the New Earth". Each Wednesday evening a different part of, or different dispensation is discussed, from the "Conscience" to the "Millenium". It is hoped that through these meetings a fuller, clearer understanding will be had of the inspired Word of God — the Bible.
