**Variety of Fine Local Talent In Town and Country Concert**

With the opportunity of hearing "local talent" so greatly reduced these days, it was a pleasure for 150 to applaud their friends and neighbors who presented a variety program in the Robert Little School auditorium on Saturday evening. The Town and Country concert was arranged by the lady directors of Acton Agricultural Society and they themselves presented the climax, a comical skit.

Smith Griffin acted as master of ceremonies for the fast moving program, which was over in less than two hours. He had a fund of jokes about perennial favorites — politicians, mothers-in-law and local people — that kept the audience chuckling.

**Doorbells Start Ringing For Tuberculosis Survey**

Doorbells will ring soon in hundreds of Halton County homes to alert residents to the start of the county's mass tuberculosis survey. Over 200 volunteers are taking part in a house to house canvass to remind everyone of the importance of having a tuberculin test. The 200 volunteers, many of them members of the Canadian Red Cross, Cancer Society, and I.O.D.E. are part of the overall-canvassing of more than 10,000 persons, who will be visit-

ing all country homes during the next five weeks. In an all out effort to reach the survey's goal of tuberculin testing all available county residents, canvassers have donated numerous hours of their time to the project. They will go from door to door to remind persons that they are entitled to a free tuberculin test, answering any questions that they may have about the survey, and to tell everyone where their nearest clinic will be held.

**"Best Season Yet" For Glen Eden Club**

An abundance of snow for five consecutive weekends in January and February has led to the best season ever for the Glen Eden Ski Club, Halton Region Conservation Authority field officer Dave Murray told Authority members at their inaugural meeting February 10.

He noted, "considerable improvement has been made in the operation of the club this year and before last weekend, they had their best season yet." He also indicated on February 5 and 6, the club enjoyed the best weekend it has ever had since it came into existence about five years ago.

Mr. Murray suggested, "the club has met most of the requirements set down by the Authority, including improving facilities and the hiring of a full time manager."

Members were pleased with the report and quickly passed a motion requesting the Ski Club to pay its current labor costs to the Authority.

The friendly group lingered, chatting in the hallways of the school before dispersing to their cars. Despite the extremely cold evening, the second concert was again well attended, drawing many away from the slick professionalism of their television sets to see their own neighbors perform.

Refreshments were served to the members of the cast.

Mrs. J. Van Fleet and Mrs. J. Dennis took tickets at the door.
