On April 20 at a dedication ceremony members of the I.O.E. presented new Canadian flags to the school.

Some grade 12 and 13 students visited York University last week. They toured the campus and learned of the variety of courses offered there.

After the speaker addressed the audience on the topic of the apprenticeship program, the students visited the various rooms, gaining information on the subjects of their interest. These sessions included many vocations of varied interest from fish and wild life to sales management.
