

Spilling Five Pins at Acton Bowling Lanes

Acton Mixed
 May 20 — It was Puffs all the way as far as the Acton Mixed playoffs was concerned. Puffs enjoyed a 212 pin advantage over the second place Tiger-Cats after the previous week's first three games and were never headed.
 Coming up with games of 1007-1060-963 for a total of 3030 which added to their previous total of 2846 for the grand total of 5876 easily took care of Mascots' 5428, Beatles, 5182, Tiger-Cats' 5133, Bees' 4878 and Specs' 4611. Hitting the triple and single plateaus in the Puffs' win were Frank Daley 733 (316), Fred Landry 689, Rose Winter 215, Dot Thompson 203, Charlene Gough 238. Other good triples and singles on the night's play were Joe Pietrangeli 639 (303), Verna Arbie 631, Ray Lizotte 661 (312), Marie Tizzard 206, Clint Taylor 208-221, Andy Conway 209, Vince Thornton 234, Edna Dobbie 203, Art Night-

gale 222, Brian Rae 250, Pete Taylor 224 and Garnet Winter 228. So to the Tiger-Cats, who were winners of the regular schedule and to Puffs, winners of the playoffs, congratulations, and to the rest of the league, better luck next season.

Teen 'n' Under

May 21 — Troquois safely held onto their lead established in the first two game block and racked up games of 660-645 to bring their four game total to 2839 which gave them the championship by 415 pins over the second place finishers, Mohawks. Mohawks 2424 total was 123 pins ahead of Sioux 2301 and the Sioux's total was 30 pins better than the Blackfeet's 2331 score. Senecas made a bid to win the Consolation Roll from Hurons when they started off with a 529 roll as against Huron's 471 but the Hurons rallied in the fourth and final game

with a 600 score to Seneca's 557. Final pinfall being, Hurons 2061, Senecas 1952. A standout in the roll came in the Consolation when in the final game, Colin Price came up with a neat 205 game for the winning Hurons. Making the Top Ten for the final time this season were Tom Pettit 158-148 (306), Colin Price 84-205 (289), Gary Price 135-152 (287), Pat Dunne 144-142 (286), Dave Pink 98-177 (275), John Churchill 154-112 (266), Debbie Storey 123-142 (265), Larry DeForest 139-144 (251), Lynda Harris 131-107 (238), Wade Knight 107-128 (235).

Headpin Hilites

Verna Arbie wound up being a double winner on the award scene, her 631 triple accounted for the A-B Supermarket voucher and her 242 single won the Ledger's I.G.A. voucher. Frank Daley with a 316 single can walk around in a new pair of socks

by Ken Hulford

from Nielsen's Clothing. With the Teen-N-Unders, it was Tom Pettit, Robbie Ellerby, Patricia Sampson and Cindy Norris bowling best over their average to win the bottled refreshments of Seven-Up, Reinharts and Coca-Cola. Speaking of the Teen-N-Unders, the thanks of yours truly and certainly all the kids, go to Supervisor Ivy Martin, Assistant Supervisor and coach Jackie Palmer, coaches Timmie Masales, Mary Daley, Chester Lewandowski and Rod McEachern for giving unstintingly of their time and effort on Saturday mornings to teach the youngsters the rudiments of the five-pin game. And so kind hearts and gentle people, this is the end of another bowling season. It goes without saying that we enjoyed every minute of it. We vicariously share in the bowlers' triumphs and sorrows, we rejoice in their strikes and spares and groan in sympathy with their headpins and blows, but it all makes up for that grand game of bowling, the greatest participation sport on the North American continent. And so, for the final time until we reopen September the second, adios amigos and good-night Daly City.

Group insurance plan will cover ministers

Approval for the setting up of a Group Insurance Plan covering Ministers was given by the Presbytery of Brantford on the Presbyterian Church in Canada at its meeting at Knox Church, Oakville, on Tuesday, May 17.

Unlike most workers, Ministers are responsible for their pulpits whenever they are absent whether for illness or otherwise, except on vacation. This Insurance Plan is intended to assist in meeting this or other expenses caused by the illness of a Minister, or to provide a lump sum for expenses in the event of his death. Many congregations are bearing the expense of this Insurance to assist their Minister.

At this meeting plans were laid also for an exchange of pulpits by Ministers which should further cement relationships in this newest Presbytery of the Church.

It was reported by the Christian Education Convener Rev. R. T. Duncan, Streetsville, that a successful inaugural Presbyterian Young Peoples' Rally was held in Norway on April 3, with 120 young people attending from 13 of the 20 pastoral charges of the Presbytery. Rev. R. D. Duncan of Norval, a former Missionary in British Guiana, spoke on the theme, "What is your Vision?"

The following Presbytery Y.P. P.S. executive was elected and installed: president: Elizabeth Evans, Hopedale, Oakville; vice-president: Gary McEachern, Acton; secretary: Doris Robinson, Campbellville; treasurer: David Harley, Georgetown; missions convener: Donald Young, Georgetown; worship convener: Shirley Ella, Campbellville; pub-

Annual inspection St. John Brigades

The annual inspection of St. John Ambulance brigades of the Halton - Peel area was held Friday, May 13, in Nelson community centre, Burlington, attended by about 200.

The Brigade, comprising members from Acton, Milton and Georgetown, under divisional superintendent George Hargrave of Acton, numbered about 30 Cadets from the Acton group under Cadet Divisional Superintendent Mrs. Hargrave.

The Acton youngsters received special commendation. They were the only group of Cadets in the inspection. In the inspecting party were Charles Jeffkins, area superintendent, Hamilton; Tom Seki, area officer, Hamilton; Dr. Jones, area surgeon, Hamilton; and Mrs. Manley, provincial nursing officer, Toronto. Receiving the salute was Brig. Floyd, R.C.N., of Oakville; M.L.A. George Kerr and the deputy mayor of Burlington were in attendance.

The parade was under the command of Corps, Staff Officer Godfrey Coleman of Port Credit. Robert Hart is Corps Staff Officer.

The North Halton St. John Brigade members demonstrated an accident with examination, dressings and transportation.

It takes as many as 13,000 individual parts to build a passenger car, according to engineers.

Easter seals top million

The treasurer of the Ontario Society for Crippled Children, George E. Mara of Toronto, announced today that the 1966 Easter Seal campaign objective has been reached, thanks to the faithful and considerate support of more than 400,000 contributors in Ontario.

"In Ontario, we have the finest program of care and treatment of crippled children that is available," stated Mr. Mara. He added, "The advancements in the field of rehabilitation and the increased number of physically handicapped children each year has meant a continual rise of financial needs. We are delighted to report that 1966 Easter Seal funds will again enable the Ontario Society for Crippled Children and its affiliated 230 service clubs to provide the help that must be given to the more than 16,000 crippled children in the province."

WALTER HUXLEY, left, and Norman McMahon, stand in front of Union School Section 15, Erin and East Garafraxa Townships. Mr. Huxley was a pupil at this school and Mr. McMahon is superintendent for the Credit Valley Conservation Authority whose Foundation is planning to open the school with the equipment used in one-room schools at the turn of the century.

Operated 65 years

Model one-room school Credit Authority project

On December 26, 1900, W. H. Nodwell was host at a meeting to form a school board for Union School Section 15, Erin and East Garafraxa Townships. In November, 1905, the school was closed and the pupils moved by bus to Marsville Consolidated School.

The school will not be sold to private ownership, but will remain as an example of the former ways of education. The Credit Valley Conservation Authority Foundation will open it again with all the equipment used in 1900.

During the 65 years that the school operated, three generations of some families received their elementary education under its roof. History has changed the world several times in these years but around the area townships and around the world, nostalgic memories still return to this one-room school on the Town Line of Erin and East Garafraxa.

Samuel Huxley was the first secretary for this school board and the trustees were W. H. Nodwell, chairman, A. Everson and A. Dyer. The site was bought from Robert King for \$115 and the school opened in 1901 with Miss Ella Lamont, Ethel, Ont., hired at \$285 for the year. Caretaking for the first year cost the taxpayers \$1175. In 1902, Mr. Huxley and Mr. Nodwell changed places and Miss Lamont received a raise to \$300. During the years, it was the policy of the board to hire pupils to look after the furnace and sweep out the school. Walter Huxley, whose father remained on the school board until 1914, remembers that he received nine cents per day for this job when he went to school.

Teachers during these years boarded at nearby farms and many of the girls married in the district. By 1928, the salary had risen to \$1,000 per year, the highest salary to date paid to Miss Alice Milloy of Hillsburgh. In 1916, John Smith was elected secretary for the school board. Mr. Smith, who still lives within a mile of the school, became chairman in 1921 and remained in this position until 1931.

One of the teachers in 1915 was Archie McKinnon. Dr. McKinnon resigned as head of Homewood Sanatorium near

Guelph last year after an honored career in the medical profession.

When the school opened, it had 21 pupils. By 1934, this had dwindled to 11. The record book states that "Mrs. S. Wilkinson resigned in June, 1943, and Miss Edna McDonald, Dundalk, was engaged as teacher."

Family names which are recorded over and over through the years include Huxley, Wheeler, Nodwell, Smith, Dyer, King, Thompson, Brown. These are family names still active in the communities of the area.

Miss Donna Maw was the last teacher at the school and went to Marsville with her pupils last November. The record books quoted here were preserved by Miss Maw and taken to Marsville.

It is the intention of the CVCA Foundation to equip the school as it was in 1900 and open it to the public. It will complement the Foundation "Turn of the Century Farm", recently acquired from Walter Huxley. Robert F. Hardy, chairman of the Foundation, has purchased desk, stove and all the necessary paraphernalia which was found in a school during those early years.
