Ninety-Second Year.-No. 1.

Dave Hunter installed Monday as new president of Lions club

Installed by governor-elect Jim Snow at the last meeting, the new slate of officers headed by president Dave Hunter took over the administration of Acton Lions Club at the regular dinner meeting Monday at the Station Hotel.

Retiring president, Hartley Coles handed the gavel to the new Lion Chief after reviewing the many activities of the past year and handing out 100 per cent attendance pins to Lions Ray Evelan, Al Lauder, Murray Harrison, John Griefender, George Lockerbic, Neil Miller, Art Gordon, Vic Bristow and Peter Papillon, Lion Al Lauder presented the retiring chief with his and a past-presidents' pin.

Zone chairman Al accosted the Lions as they entered the meeting with a miniature limbo stick and an artistic lettered sign done by a daughter which proclaimed a fine of one buck for anyone who couldn't go under the stick. Most handed over the fine without an attempt but one Lion paid his fine and then fell over it.

Round Up chairman Vic Bristow read the financial report of this year's show which showed the Lions netted about four hundred dollars after all expenses were paid although all receipts and bills were not in.

Gary McFadden and Tom Manes attended the meeting as guests. New member Armando Gomez, back from a business trip to his native "Mehico City" was also present loaded with pesos and bronzed by the sun.

New officers for the coming vear are: president, Dave Hunter; 1st vice, Vic Bristow; 2nd vice, Murray Harrison; 3rd vice, John Griefeneder; tail twister,-Neil Miller; secretary, Bob Hall: treasurer, George Lockerbie; lion tamer, Jim McLennan; directors, Ray Evelan, Art Gor-

Lion Gerry Lamarche won the attendance draw conducted by new secretary Bob Hall. Lion Al Lauder led the club in singing Jingle Bells and other

cooling songs.

Two horses sold by dairy will just use trucks here

Known as a "two-horse town' until recently. Acton has lost one dairy horse and will soon

lose the second. Don Timmings of Acton Jersey Dairy told the Free Press this week that Nellie Gray, the favorite milk horse, has been sold to a Stratford dairy and "Tony", the brown horse, is slated to be sold to a Kitchener dairy.

Mr. Timmings is going back to truck delivery noting the horses are unable to haul a large load. He reported the loads are getting heavier each day due to the large sale of three-quart bottles of milk. New trucks are equipped with extra

should strive for is high school." These words of advice came from E. M. Hutchison from the National Employment Service in Guelph as he spoke to grade eight graduation classes from the Robert Little and M. Z. Bennett public schools Tuesday Announce high school promotion list

Mr. Hutchison was guest speaker at the graduation banquet held in the Robert Little School auditorium and stressed the growing need for a higher education if young people expect to receive a good job.

"The day is gone when you can expect to go out into the world with a grade eight education and expect to pick up a good job," the speaker stated.

He told his young audience it was more difficult to obtain a job today than it was 25-30 years ago as competition is keener and employers are seeking people with a higher education. "You have to prepare for your own future now," he emphasized.

The graduating classes learned that 75 per cent of people losing jobs in industry can only

lwo cars stolen on Friday evening

Two_cars_stolen Friday_nightwere recovered by Acton and Milton O.P.P. Detachments.

The first one reported stolen belonged to Phil McCristall and was taken from the park. Constable Bruce McArthur of the Acton O.P.P. recovered the car later that night on Main Street Irene Anderson, Pat Chisholm, North.

The second vehicle owned by William Williams was taken from the parking lot at the Station Hotel and recovered next Debbie Jordan, Judy Jordana, day by the Milton O.P.P. in Esquesing Township.

blame themselves if they can' get along.

They were told to take a selfanalysis of themselves now and check any faults. The speaker told them to consult their parents stating "They are more hep to things than children give them credit for!"

Mr. Hutchison told the pupils they were on the eve of thein last day in school which brings them to the transition from elementary to secondary education. "You have to make many adjustments in your study plans and do more thinking for your-

He told the audience for every year they stayed in school it was possible to add an additional \$200 to their earning power per year. His definition of a dropout was a person who leaves school before he reaches the maximum level of education of which he is capable. "We meet a lot of them in our line of work," he stated. Before concluding he reminded the pupils of a motto of the late Abraham Lincoln - "Prepare yourself today to be ready for the opportunities of tomorrow."

Grade eight pupil Miss Elaine Johnson was mistress of ceremornies and led in a toast to the Queen and introduced the head table guests: Deborah Slinger land, W. D. tender accepted

At a special meeting on Wednesday evening, council decided to accept the tender of E. S. Kerr Construction Company of Toronto, subject to the approval of the Ontario Municipal Board. The Kerr tender, lowest of the three considered amounts to \$72,396.67.; Approval from the Municipal Board is required on an additional debenture issue of \$32,500; \$43,000 was previously approved for the library pro-

The project is subject to centennial grants from the provincial and federal governments amounting to \$8,200 in total.

The three tenders submitted were all within \$1,000. The cost of the building had been estimated by the architect, Donald Skinner, in the \$52,000 to \$55,000

Architect Skinner who attended the tender opening said, "They are all good contractors. I'd be happy to work with any one of them." However, councillors felt they had no alternative but to deal with the lowest

A small gallery of library board members and keen supporters of the project heard the discussions and were delighted at the decision to go ahead. Councillor Earl Masales remarked a taxpayer had phoned him, saying she would like to see the project go ahead regardless of the cost.

Mayor Duby declared "We all have a profound feeling of the library. We must use common sense regarding the rising cost. We are not going to find any decrease in prices in years to come." He warned of the folly

Library board members Fred New and Ted Pratt advised

council there would be no difficulty in providing the reference books for the library building. They said the regional library co-operative, recently established, has money available and can assist in many ways.

A dramatic change from the present library, the new building will have the highly-recommended nylon carpeting for both the first floor and the basement assembly room and thermopane windows in the four loor-to-ceiling corner windows. Sodding adjacent to the building is included in the contract...

However, the additional cost of installing air conditioning throughout the building was considered a feature that was not essential. It would have added an estimated \$6,000 to the capital cost. Air conditioning equipment can be added at a later date if found desirable.

Estimated total cost of the building is \$76,192.67. The building tender price is \$72,392.67. plus an estimated \$6,000 for the architect's fees and incidentals, less the anticipated government grants of \$8,200, plus an estirnated \$6,000 for shelving, sidewalks and a bridge over the school creek from River Street.

No Supervision

Acton Parks Board and Recreation committee this week noted that swimming in Fairy Lake is NOT supervised and that persons swimming there do so at their own risk.

A near-drowning incident was reported to members but a check with parents of the child involved revealed this was not the case. As a result of the report, board and committee memberss released the notice that swimming in Fairy Lake is not under supervision.

Certificate for safety given to Hydro workmen

ment came in for commendation during the regular meeting Thursday of last week following

receipt of a framed certificate of merit for safety. The certificate is the fifth to be received from the Electrical Utilities Safety Association. Chairman E. G. Tyler Sr. and Mayor Les Duby both voiced appreciation to the hydro work-

> Hydro superintendent Doug Mason and commissioner Wilf McEachern gave a report regarding the recent session attended by them at the convention in Ottawa. Commission members heard an excellent report regarding underground installations.

Accounts totalling \$3,353,47 were approved for payment.

Board gives watches to retiring teachers

Acton district high school teachers wound up the term Wednesday morning with a final gathering in the staff room to heap praise on retiring teachers Miss Jean Barber and Mrs. Alec Orr. There was also a special presentation to Miss Margit Juhasz, who is being married this summer, from the staff.

Board chairman Tom Watson, finance chairman Chester Anderson and teacher management chairman Ray Arbic were on hand to present the two retiring teachers with pendant watches in appreciation of their long and faithful service. The two also received cheques from the board for accumulative sick

Mr. Watson expressed appreciation from the board to all teachers who served this term and wished those leaving the best of success. Mr. Arbic expressed sincere thanks to Mrs. Orr and Miss Barber and said he had been taught by both. Mr. Anderson made the presenta-

Principal E. A. Hansen thanked staff members for their work this term and wished those leaving every success. He also handed out booklets outlining school policy and asked teachers returning to review them if possible during the summer. He wished everyone a good summer.

At the meeting were the full council, library board members Mr. New, Mr. Pratt George, Lee and Rev. Ritchie McMurray; public school board chairman Vic Bristow and several citiz-

Resolutions passed by council accepting the tender and authorizing the Municipal Board request were supported by all members with the exception of Reeve H. H. Hinton.

The unsuccessful tenderers

Morning fire

A poultry shed housing several prize chickens and pigeons was completely demolished at 5.20 a.m. Thursday morning and the nearby home of Mr. and Mrs. Fred Archibald R. R. 2 Acton, was threatened.

A passing Shell Oil truck driver spotted the flames from the road and awakened Mr. Archibald who called the Acton fire department. By the time the firefighters arrived the building was beyond recall. Lost in the fire were six Japanese bantams, six hens, 22 pigeons and one duck. Cause of the fire is

Five employees retire today

Five Beardmore employees including the company vice-president R. R. Parker, who are completing a total of 135 years of service retire from the company

today (Thursday). R. R. Parker, vice-president of Beardmore's completes 24 years of service, Percy Evans completes 37, Jim McDonald 19, W. Lewandowski 31 and G. Pozig 24 years of service with the company.

The men will be joined by company directors, plant superintendents, department foremen and as many other workers who retired previously as possible. at a get-together at the plant following work.

I wo-car accident at corner Monday

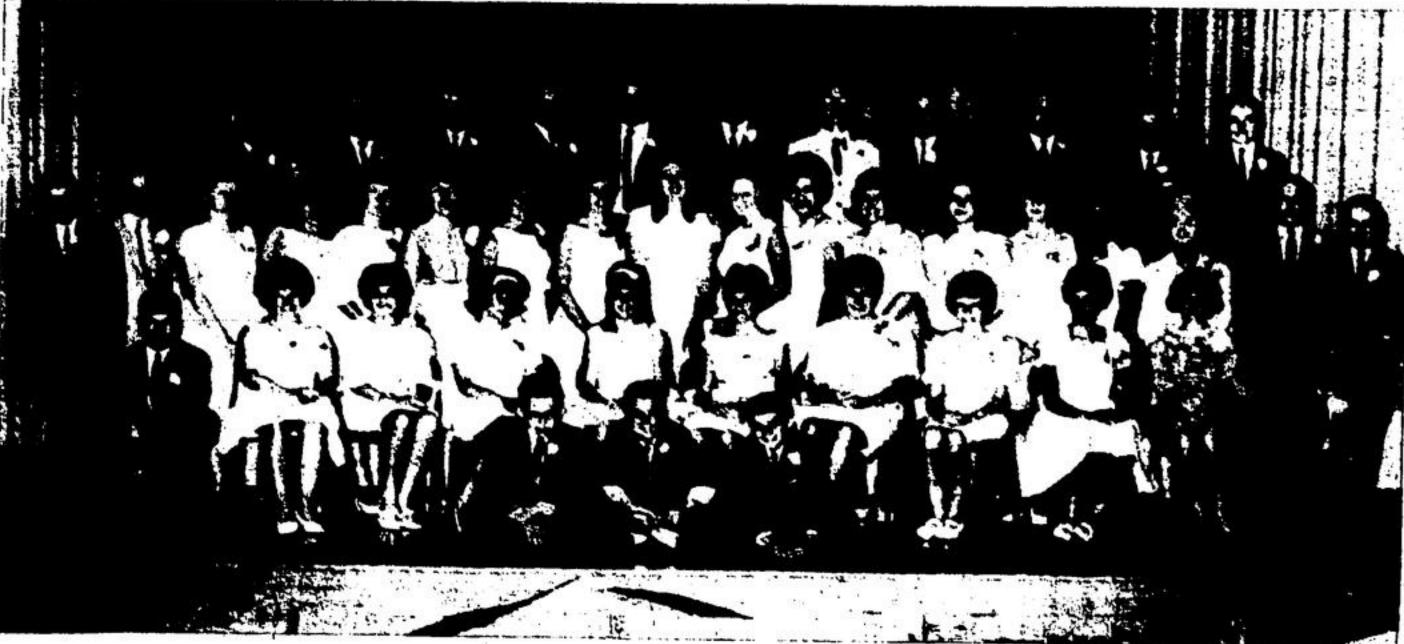

Constable Nick Farion of the Acton O.P.P. Detachment investigated a two-car crash Monday near the C.N.R. crossing and

entrance to Wallace Avenue. A car driven by Mrs. Helen Dawkins, Agnes Street, proceeding east on Mill and about to make a left hand turn onto Wallace Ave, and a car driven by Frank Harding, Erin Township, proceeding east on Mill

were involved. A passenger in the Dawkins car, Mrs. Helen Waterhouse received slight injuries when her head struck the windshield. Damage to the rear and windshield of the Dawkins car were estimated around \$250 and estimated damage to the Harding vehicle around \$150. Constable Farion laid a careless driving charge against Mr. Harding,

Tour Museum

The Daughters of Knox enjoyed a tour of Halton County museum and talk by director Major H. J. Newman before their last meeting at the home of Mrs. Tom Watson.
