This week some ladies participated in the trap shooting. They included Muriel Moyse, Sharon Denby, Molly Webster and Barb Norton, Barb Norton also shot trap Friday and got 12 out of 25 on a locked trap. While most of the ladies did not do really well, having had little experience with shooting, we hope they will become interested and shoot on a regular basis. Ladies are always welcome at Maple Rock Shooting Range as either participants

or spectators. Other visitors included Art Ferris, Mike Movse, Pete Stapper, Jack Johnson, Logan Mclear and Keith Andrews.

With the hunting season approaching we see more and more "No Hunting" signs on local larms. While this is regrettable it is also understandable. A small minority of hunters are the chief cause for this turn of events. It is unfortunate that all hunters should suffer because of a lew.

Too many hunters leave their manners and common sense at home when they go hunting. No farmer should have to, or will, tolerate hunters who are careless in the use of firearms or damage property. These hunters usually lack respect for the

farmer and his property. This group consists mostly of the once a-year hunters who do not know how to properly handle a firearm or know how to conduct themselves as true

sportsmen. Farmers, for the most part, are a pretty good bunch of people. Even those who have posted their land will often allow a hunter to hunt if he takes the time and trouble to get to know the farmer and ask permission. Few farms are posted because the owner is against hunting. The signs are usually put up when damage is done, livestock shot or a loud-mouthed hunter disputes a farmer's rights to refuse one of these so-called

"sportsmen" to hunt on his land. Our sympathies go to the farmer who has had the misstortime to-have one of these hunt-
