

SILVERWOOD
Institute caters sales arena Friday

Mrs. Clare Wilson, Mrs. Duncan and sons, Mrs. Bert Craig and Miss Joan Craig spent two weeks at Wasaga Beach recently.

Silverwood Women's Institute catered at the sale at Georgetown Sales Area on Friday, August 26.

Mr. and Mrs. J. H. Deupcor of Chicago were recent visitors with Mr. and Mrs. Harry Scott.

Several accidents no personal injury

Total damage was estimated at \$25 Sunday, August 21, on a two-car crash at the corner of Mill and Main Streets when two vehicles were involved.

Constable Menz in Harness of the Acton OPP Detachment investigated and reported a car driven by Robert Burns of Peterborough had stopped for the intersection when a second car travelling in the same direction, north on Main, failed to stop in time. Driver of the second car was George Greenwood of Acton.

Sunday, Aug. 21, constable Peter Campbell of the local detachment investigated a two-car crash on Main St. N. when a car driven by Murray Dredge of Wauhaushone travelling south on No. 25 highway failed to stop at the stop sign after crossing the Main St. N. railway tracks. Driver of the second car involved was James Feenstra of Rockwood who was negotiating the turn off Main St. onto No. 7 Highway west toward Guelph. Total damage was estimated around \$200.

Monday, August 22 constable Harness investigated an accident in front of Watson's Restaurant involving a truck driven by Roy Butler travelling west on Mill and a car driven by Mrs. Dorothy Robinson, Acton, which was in the process of pulling out from the curb. Damage was estimated around \$75.

New golf course progress continues

Trees have been felled, ground levelled and artificial ponds made as a new golf course, two and a half miles north of Acton, takes shape.

Six business partners have been busy on the project for the past year, but were held up last fall due to poor weather conditions.

At present, fairways are just about ready for seeding, greens are in shape for planting, and ponds have been made to create hazard holes on the tricky layout. The entire course is surrounded by trees.

At the moment, only nine holes are planned for the pay-as-you-play course. A clubhouse to include dining area and pro shop are also included in plans, as well as a large parking area for patrons' cars. Future plans call for another nine holes.

Partners in the project include George Gibson, Islington; Mrs. Helen Hambleton, Snelgrove; Perc Tizzard, Terra Cotta; George Reeves, Brampton; Jerry Fridmore, Waterdown and George McGowan, Dixie. At present, a home for Mr. McGowan is being completed at the site of the course and later other partners expect to erect homes for themselves.

The close proximity to Acton is expected to be an enticement for local golfers who presently drive several miles for a game of golf. The new course is located just north of the farm owned by Mr. and Mrs. Tom Shields on the first line of Elm Township.

Mr. Tizzard is at the site daily working and is joined during the weekends by his partners.

CLOSED MEETINGS ON QUARRY ISSUE

Dear Sir:
Ah, the promises of politicians!

I seem to recall Reeve Bill Coulter of Nassagaweya promising the taxpayers that there would be no closed council meetings. This was during the now historic Township Hall Centennial Project discussion, but in the penny political style, that promise has now been circumvented with "special meetings", "committees of the whole" etc. matters of Health and Welfare should be discussed privately, but by no stretch of the imagination do graders and quarries come under Health and Welfare.

The choice of the committee to study our quarry "issue" deals with the gravel pit problem, too, and Councillor Mahon, as a gravel pit owner, cannot be impartial. Reeve Coulter showed quite plainly whose side he will take when to use his own words, he negotiated a vote at a recent council meeting — a vote supporting a bid to deny Councillor Mahon the right to vote on a quarry - gravel pit issue, because of his vested interests. It looks as though Councillor MacArthur will have an uphill struggle all the way.

W. A. Johnson,
R.R. 2, Rockwood.

TAXPAYERS STUCK WITH COST OF LIGHTS

Dear Sir:
Ever since the strategists employed by the Jockey Club decided that Nassagaweya would be a good location for a race track, some Nassagaweyans seem to think that we, the taxpayers, should make sacrifices to the Great God Mohawk for the rest of our lives. Granted, we in Nassagaweya reap a nice little

tax harvest from the Race Track, but the attitude that it is located in our township solely for our benefit is ridiculous. It is also ridiculous that the taxpayers (many of whom are hourly-paid workers, and not so prosperous farmers, though some are both) should subsidize the Jockey Club by paying part of their hydro bill.

I refer to the lights along the Campbellville Road, outside of the Mohawk Race Track. The hydro that we, the taxpayers, pay for this stretch of road isn't astronomical, but I contend there is a principle involved. Already we have a special bylaw exempting trailers at the Race Track from our monthly trailer-by-law tax. The excuses for this exemption are many, one being that these trailer people at the track do not use our schools. Well, we have people living in trailers in Nassagaweya who do not have school age children.

Another excuse is that these people are owners, trainers, etc., and our own people get exactly the same services from the township as these people get.

To me Mohawk is a business, just as the corner store or mill is a business. I grant that certain tax exemptions are often given to industry located in certain areas, but I think that advertised receipts appearing in the press clearly show this enterprise to be a lucrative one which is well able to pay its own way without assistance from the citizens of Nassagaweya. I am seriously thinking of not paying my taxes until this stupidity ceases.

William A. Johnson,
R.R. 2, Rockwood.

APPRECIATION

I would like to thank the people of Acton for the very enjoyable vacation I had in their town. Everyone was so kind,

District President institute speaker

The August meeting of the Nassagaweya Women's Institute was held at the home of Mrs. Ivan Richardson in Guelph. In the absence of the president, Mrs. Fred Edwards, the meeting was conducted by Mrs. David De Blauw, the vice-president. The meeting opened with the singing of the Ode and repeating the Mary Stewart Collect. Nine members answered the roll call by giving a current event or naming a father of Confederation.

Several matters of business were dealt with. The members were asked for contributions to the entry at the Milton Fair, which is a collection of 10 articles for a child's birthday party. The announcement of the institute convention in Guelph on September 19 and 20 was made and a voting delegate appointed.

On the completion of the business, Mrs. John Henry introduced

especially Mr. and Mrs. Allen, who sent a beautiful cake of welcome.

I and my son shall never forget the kindness shown to us during my two months' stay.

Yours,
Mrs. Margaret Irvine,
272 Donegal Ave.,
Belfast 12, N. Ireland.

ed the guest speaker, district president, Mrs. W. Webb, who told of the founding of the Institute many years ago and of the many services the present day institutes perform. At the conclusion of the address, each member was asked to write in a few words their opinion of institute meetings. The opinions were varied, but all agreed good fellowship was a main feature.

Mrs. Mulren thanked the speaker and presented her with a gift as a token of appreciation. Grace was sung and the hostesses served coffee, ice cream and cake. Mrs. De Blauw thanked Mrs. Richardson for her hospitality.

TRACTOR SAFETY

Tractor safety is no accident. This versatile machine has become the main source of power on farms. It has also become one of our most dangerous machines. But most accidents can be prevented. Nine out of 10 tractor accidents are caused by human failure, not mechanical breakdowns. Therefore, they can be prevented. Drive your tractor to stay alive.

Suddenly, a few branches have turned to fall colors. As usual, this time of year it's a little depressing. We've had a fine summer — and not enough of it, yet.

BALLINAPAD
Graduates, picnic service of interest

Congratulations are extended to our high school graduating students: Allen Jamieson, Dr. Grant Shortill, Brian Sinclair, Gary Brown, David Nielsen and Carolyn McEnery. We understand a number of these young people will be entering university in September.

Mrs. R. Shortill visited her sister, Jane Oakes, this week. She is a patient in Hillcrest Convalescent Hospital recovering from a broken hip.

Mr. and Mrs. Clements of Toronto spent a couple of days with Mr. and Mrs. Patterson this week.

A group of old-timers enjoyed a pleasant afternoon at Mr. and Mrs. W. McDonald's picnic grounds on Sunday afternoon when they gathered for a corn roast.

Mrs. Ted Nielsen and Susan are vacationing in Nova Scotia. Mr. and Mrs. Toole of Dryden, Ont., visited with their sons and uncle, Mr. and Mrs. Henry Hills and Miss Beatrice Hills.
