Coulter. Received a verbal report from a Halton Health Unit inspector which indicated tests of sewage Jagoons at Mohawk Raceway showed the disposal system was operating quite satisfactorily. Councillors noted the tests overe taken while the racing plant was not open to the public, and more tests would be taken when it is fully operat-

• Received a letter from the Halton's Assessors' Association thanking the council for hosting the group's July meeting at Halton Heights Country Club.

· Agreed to have road superintendent Grant McMillan arrange with a local farmer to spray weeds in the lawn in front of the municipal building. Councillors felt the township should set a good example in weed control, when it urged residents to keep weeds under control.

• Instructed clerk J. C. Mc-Intyre to contact the O.P.P. and Department of Highways for information about removing cars abandoned on the roadsides. Complaints were received about cars apparently stored on the road allowance at one home

### No nurse

County health unit services provided in Acton have been cut by the resignation of nurses. The September clinic was held the first Friday of the month. Dr. Bull himself is carrying on the immunization work at unit clinics, but there is now no counselling service. Next clinic here is the first Friday in Octo-

Acton's public health nurse, Mrs. Betty Mercer of Milton, is one of those who resigned. She had been doing home visiting three days a week in Acton and the preventative school program twice a month at the two public schools and half a day a week at the high school. 

### Rotary speaker

At the Rotary meeting Tuesday evening, member Jim Me-Culloch spoke on his twomonth visit to Great Britain this past summer.

Mrs. Hasson told reporters problems actually went back as as 1961, but succeeding Boards of Health didn't seem to have any continuity. She comphined a salary schedule had recently been set up that paid senior nurses more than super

# NOTICE

## To The Taxpayers of Halton County

THE FOLLOWING SERVICES HAVE BEEN DISCONTINUED AS OF SEPTEMBER 12, 1966:

- 1. NO HOME VISITING.
- 2. NO PREVENTIVE SCHOOL PROGRAM.
- 3. NO HOSPITAL VISITING OF NEW MOTHERS.
- 4. NO PRENATAL CLASSES.
- 5. NO CHILD HEALTH CENTRE COUNSELLING.
- 6. NO COUNSELLING IN CHEST CLINICS.
- 7. NO NURSING CARE BY NURSES IN HOME.

We might also mention that you the Taxpayers have already paid for this service.

WHY THE CURTAILMENT?

Your Elected Representatives of Halton REFUSE to negotiate with the nurses on a voluntary basis.

However, these representatives state "we will negotiate with the Nurses if they form a Union" under the Labour Relations." Rather than form a Union and lose our professional status, the Nurses have Resigned.

> We, as Nurses, are more than willing to resolve this situation, but we need your HELP. If you would like these services resumed, contact your elective representatives, your Mayor, your Reeve, or your member at Queen's Park.
