

## Beef cattle proves tops as judges ponder winners

Beef cattle judging took plenty of time Saturday during the fair when judges had a difficult time selecting the many fine entries. As usual the exhibitors had their animals in top-notch condition and gleaming as they paraded around the ring.

## Judy Britton, Larry Picket taking U.N., land use tours

Two Halton County Junior Farmers took part in special trips last week. Judy Britton, R. R. 1, Acton, was selected to represent the County on the United Nations trip. Judy is president of the Acton Junior Institute. The 36 Junior Farmers from across Ontario are under the leadership of John Cackburn, Associate Agricultural Representative for Peel, and Mrs. Barbara Flewelling, Home Economist for Wellington. The tour — September 18 to 24 — visited such points of interest as Gettysburg, Washington, and New York City, with a visit to the United Nations. Financial assistance was provided to Judy by the Halton Women's Institutes.

Larry Picket, Georgetown R. R. 3, was selected to attend the Junior Farmer Soil and Land Use Tour, Sept. 19-22. The

25 Junior Farmers visited the Soil and Crop Science Department at the University of Guelph and then visited farms in the counties of Durham, Northumberland, and Prince Edward. Larry was sponsored by the Halton County Soil and Crop Improvement Association.

### Canadians

Canadian Citizenship papers were awarded Thursday to Mr. and Mrs. Jules Frijters and their son Marcel, at a ceremony in Brampton when 29 new Canadians were sworn in as citizens.

The Frijters live at 145 Mill St., Acton. Mr. Frijters is manager treasurer of Holy Rosary Parish Credit-Union Ltd. in Milton. They came to Canada from Gibraltar in the south of Holland in May, 1958.

### Tour Ford Plant, find no hazards

Local firefighters, members of the Halton County Mutual Aid Firefighting Service, went on a busman's holiday Tuesday evening of last week.

They went looking for fire hazards in the new \$25,000,000 Ford truck plant at Oakville, and didn't find any. Firefighters report the fire protection system in the massive plant is so good, it's almost beyond description.

The tour was the highlight of the September Mutual Aid meeting. J. McNeil, plant fire safety officer, welcomed the guests and conducted the visit through the various departments. Firefighters said they were really impressed with the plant's safety measures, safety promotions, and firefighting techniques. They also watched the night shift workmen assembling trucks.

## Introducing BUICK '67... the tuned car

Buick presents the '67 version of the tuned car. New styling, new power, new overall performance... logical steps in the evolution of a great engineering concept. "Tuned car" means more than pure mechanical performance. It means the whole car. Styling, performance, ride and handling. All in perfect harmony.

Here are a few of the many standard safety features incorporated in all '67 Buicks: dual master cylinder brake system with warning light; energy absorbing steering wheel; GM's developed energy absorbing steering column; passenger guard door locks—all doors four-way hazard warning flashers; soft low profile window control knobs.
