Over 30 members of St. Al- home, several youngsters were grouped around a Christmas tree as others peered out a day evening of last week which, window. Suddenly along the street came a very unhappy boy played by Richard Rocher.

At this point everyone broke into a song "Looking out the window." The unhappy youngster knocked on the door and entered and during a dialogue with one of the girls, Janice Ellerby, it was learned the boy's mother was-ill. Everyone sang a number of songs ending with church sanctuary depicting a

"Christmas is a little doll"... Children and congregation then sang a number of Christmas carols.

> his praises to Christ by singing "Little Drummer Boy." The brother of the unhappy boy then enters the house and announces his mother is not ill but the unhappy boy now has

The unhappy boy then began

to cheer up and offered

a baby sister. After hearing the announcement of the new born baby everyone sings "Joy to the World" with a finale "Spirit of Christmas".

As the two youngsters leave the home they agree loudly to name the baby "Jesus" as in the face of every new-born child is the sign of Jesus. The pageant was a traditional Christmas mystery play

teaching God and Mankind presented in a modern setting. At the conclusion of the pageant everyone adjourned to the parish hall where hot chocolate and cookies were enjoyed, which had been provided by the Women's Guild.

Speyside addition open in December

School pupils are well settled in the new-addition recently completed at Speyside school. On December 5 pupils were moved into three new classrooms and no longer pourneyed to the old stone school in Acton for classes. A playroom is now being used for physical education classes but the kindergarten room will not be occupied until Septem-

RAY FORWELL

Made 1500 sales past seven years

Ray Forwell, a young, enthusiastic auctioneer, with a wealth of experience, is planning to concentrate his ability and potential in a more consolidated area, which includes the dis-

trict served by this newspaper. Mr. Forwell says, "with the retirement of Wm. A. Gibson, an auctioneer who has served many in this area, I feel I can provide a service worthy of the confidence of those who

may require my services" Mr. Forwell began as a parttime auctioneer in 1959 and in the spring of 1960 made it a full-time business. During the past six years he has sold weekly at the Kitchener Stock Yards and Orangeville Sales Barn, and of recent years at Owen Sound. In the interval between these weekly sales he has sold numerous farm sales, estate and household sales, bailiff sales, etc.

Ray Forwell entered the business world as a meat clerk; later as a meat salesman with the J. M. Schneider Co., where he gained considerable experience in regard to the value of beef animals. In the past year his farm

sold in Waterloo County in one afternoon, all before 5 p.m. Another Orangeville area sale was over \$47,000 in one afternoon. He has a record of 1500 sales

sold since he began in 1959.

auction sales reached such re-

cords as \$77,342 in a farm sale

LETTERS TO THE EDITOR

QUARRY EMPLOYEES

WAGES NOT CONSIDERED Dear Sir: Recently a letter to the Edletter has done nothing to itor appeared in your paper which was written by Mr. Wilf Fortowsky. He especially emphasized the matter of taxes being paid by the quarry owners. Mr. Fortowsky should know that approximately 200 employees of the quarries in the north end of Halton make a living by working in the quarries. My figure of 200 is very conservative and not by any stretch of the imagination over-

emphasized. These 200 people. earn approximately \$5,000 year each which in turn provides a payroll of approximately \$1,000,000 which is entirely spent in North Halton since these employees are residents of Milton, Georgetown and Acton. If one considers the taxes paid from this payroll one wonders why anyone would be so presumptuous of assuming that the quarry as-

sessment(s) is all there is. Besides, the purchasing power of employees of the quarries is most certainly important to the merchants - builders and other commercial enterprises in the north end of Halton County. The caravan of objectors to the quarries is indeed growing; however, very seldom is the entire matter pursued with all factors in mind.

Since our organization, the

Cement, Lime and Gypsum

Workers, represents a number

of the quarry workers in the north, we felt that some consideration should also be given to these people who earn their living and support families by working in the quarries. It would also be wise for Mr. Fortowsky to inquire with the Quarries about the Rehabilitation Plans for the Quarries, esspecially since all of them have such plans for the beautification after removal of quarry

that much consideration to them. Progress may mean the removal of some feature of pastoral living and pastoral living may not mean progress, this is the issue in our changing society. Quarry owners will have to reform to residents' wishes and residents will have to look with a bit more common sense toward the quarry

material. Obviously the villain

role for the quarries has been

designated and come hell or

high water, no one will give

operations, until this is done the matter will be a feud without ending. Mr. Fortowsky's

prove that this is done. Less heresay and more facts would also improve such relationship. The \$362,000 from the Province of Ontario most certainly contains a share of the employees' taxes submitted originally to the federal govern-/ ment, for building and improving roads leading to and coming from quarries.

Sincerely, G. G. Heyro 335 Lakeshore Rd. E., Oakville.
