Arranges kindergarten program

At the last meeting of the Eramosa School Board it was decided that the program for kindergarten in September of this year would be arranged that pupils would attend school for a full day every other day.

This would mean that a kindergarten pupil would attend school three full days one week and two full days the following week.

It is estimated that approximately 90 children are of kindergarten age.

The personnel committee reported that a revised salary

schedule for the teaching staff had been mutually agreed upon. Revisions in caretaker's

salary and administrative salary were made. The board decided to adver-

tise for tenders to supply oil to the Eramosa Schools for the next heating season.
