The offering was received by Mrs. Denham and dedicated to the home of her son, Arnold in Niagara Falls to convalesce. Mrs. Louise Pinson, Third Line, is a patient in Guelph hospital.

Manpower Centre is now responsible for new immigrants

On May 15, the responsibility for service to newly arrived immigrants in this area was transferred from the Immigration Division to the Manpower Division of the Department of Manpower and Immigration. The Canada Manpower Centre at 70 Fountain Street East in Guelph, is now responsible for reception, emergency assistance when necessary, family and occupational counselling and placement in suitable jobs of all newly arrived immigrants. Those immigrants who are required to repay the cost of transportation to Canada should continue to make payments to the Immigration Division of the Department of Manpower and Immigration at 75 Farquhar Street, in Guelph. Close liaison is being maintained between the Manpower and Immigration Divisions of the department to ensure a high degree of service to immigrants.

Employers who previously were in contact with the Immigration Division regarding job opportunities for immigrants now contact the Canada Manpower Centre, Guelph. Room and board, medical accommodation, especially furnished accommodation, is urgently required for newly arrived immigrants on a continuing basis. Persons with available accommodation are urged to contact the Canada Manpower Centre in Guelph. The majority of immigrants locating in this area are carefully selected and highly qualified skilled workers and professional men and women.

The Canada Manpower Centre in Guelph has fully qualified counsellors to assist immigrants to settle rapidly in the area. These men and women can contribute to the economic and cultural life of the area if they are afforded the hospitality and friendship for which their fellow Canadians in the area have become noted. The Canada Manpower Centre welcomes any assistance offered by ethnic groups and others in making the transition of immigrants into the Canadian way of life as easy and pleasant as possible.

HALTON 4H CORN CLUB

By David Austin
The second regular meeting of the 4H Corn Club was held Thursday evening, at the Charles Austin farm. Due to the weather this meeting was held indoors, with Vice-president Murray Brownridge presiding. Bill Wilson called the meeting to order. Laura Henderson, Secretary, took the roll call which was answered by "Have you your corn planted?" The members participated in judging classes of barley and oats, and later were divided into three groups, giving reasons to Ken Murdoch, Geoff Taylor, and Bill Wilson. Our Assistant Agricultural Representative reviewed our previous meeting, concerning food problems in India, etc., and informed us of the treating of corn before planting. Ken Alderson thanked the hostesses for opening their home for the Corn Club members.

50th anniversary for Mr. & Mrs. Mack

Rockwood — Mr. and Mrs. George Mack of Rockwood celebrated their 50th wedding anniversary recently. Members of the family gathered amid a setting of flowers and enjoyed a salad supper. The table was centered with a beautifully decorated cake. Many gifts and good wishes were received by the couple including a telegram and scroll from Premier John Robarts; letters of congratulation from Prime Minister Pearson, Opposition leader Diefenbaker, Alfred Hales M.P., John Root M.P.P., Eramosa Township Council, Eramosa's Reeve, Warden Cameron Lush and many others. Their many friends of the Rockwood area add their best wishes.

USED CAR DEALER Lou Hills of Rockwood is also in the building business. To date he has erected two new homes (which are occupied) and is in the process of building three more. He hopes to obtain clearance from town council to erect an additional two more homes on an attractive site overlooking a bush. Top photo shows the first two homes built and bottom shows Lou and wife Helen as they watch a carpenter at work on the site of new building. (Staff Photos)

Home and School graduation banquet

Rockwood — The Rockwood School colors of yellow and blue decorated the tables at the Home and School banquet recently. Bud vases of yellow tulips in a setting of blue periwinkle were on the tables when 54 graduates and eight head table guests sat down to a bountiful salad supper. Jerry DeGroot, president of the student council, was master of ceremonies and called on Marjan Drijber to say Grace. The Toast to the Queen was proposed by Kathy Osborne. Following the banquet, four in-

teresting and amusing class reviews were given by Mr. McRae, the principal, vice-principal Ron Millson, Mrs. D. McPhedran and Mr. Love. Christine Simcals introduced the guest speaker for the evening, John Morrison, the academic vice-principal of John F. Ross C.V.I. Mr. Morrison stated that he wanted to say something which would be worth taking a few minutes of their lives. Public school, he stated, is a large important step, but alone it is of little value unless it leads to

beyond. This step gives you freedom to climb. A lack of education binds one tighter than any set of rules, but education gives you freedom. As one continues to climb, all go up — but with a different goal. Courses are steps which allow you freedom to live the kind of life you want to live. There are no dead end courses, the only dead end is a person's head when you close it to further learning. After John F. Ross the next step is university, farm, laboratory, hospital, etc. Discipline, determination and adherence to rules are necessary. Your success in Rockwood, said Mr. Morrison, is due to good effort and work, plus a job well done by the teachers. Parents have given the opportunity and encouragement

which sometimes to the pupil seems like pushing. Freedom of your course choice and self discipline will give greater freedom to pursue your education at J. F. Ross. Mr. Morrison told the graduates many interesting and informative aspects of their new school and concluded by reminding them that to be free, there is only one direction to go — up. Barbara Marshall expressed the appreciation of all to the speaker for his inspirational talk. Presentation of graduation photographs was made by Mrs. Tosh Murray Smeltzer, chairman of Eramosa School Board, also spoke briefly. A vote of appreciation to the Rockwood Home and School was expressed by Marilyn Eldson. The singing of the Queen brought a most enjoyable evening to a close.

Harley to Halton

by harry harley m.p.

The past week in the House of Commons has been a quiet one, generally devoted to the consideration of estimates, which is the detailed examination of proposed government spending for the year ending March 31, 1968. Several government departments are under consideration at the present time. It is generally expected that most of the month of June will be given over to such study by the House of Commons.

There will be a few Bills to be considered, but these will be non-controversial with the possible exception of the resolution to remove Mr. Justice Landreville from the Supreme Court. The matter will be introduced in the Senate next week and will then be debated in the House of Commons. It is expected that this resolution will carry and then the Governor-General will order his removal from the bench.

It may well be that during the debate, the Justice may be granted permission to speak at the bar of the chamber of the House of Commons as he has requested.

This will be a precedent in the Canadian House.

It is expected that the House of Commons will recess at the end of June or early July for the summer, so that Members of Parliament may be in their own constituencies for the majority of communities' centennial events. It would then return early in the Fall for consideration of legislation, having concluded or nearly concluded, the estimates of government spending in June.

In answer to my request for the opinions of constituents on Vietnam and on Canadian policy on this issue (including the Hon. W. Gordon's speech on it if wished), I have had some expressions of opinion. The majority are against American policy there and

wish Canada to take on a more active role and speak against the Vietnam conflict. Some of the letters are very brief and others are quite long and go into the problem in thoughtful detail.

I expect to receive more comment and I will keep the constituents informed on this matter.

On Father's Day (June 20), small fry and the lady of the house try in many different ways to show Pop how important he is to them. It's a good reminder that father's health means a lot to his whole family. Every father should have a physical examination at regular intervals.
