

OPENING GIFTS from the Vacation Bible School students are two of the volunteer staff, Janet Hofstede and Grace Vanerna, as a group of curious children watch. Classes lasted for two weeks, both mornings and afternoons. The Christian Reformed Church sponsors the well-attended vacation school each summer. (Staff Photo)

Vacation Bible School closing program Friday

The closing program of the Daily Vacation Bible School at the Christian Reformed church was held in the church on Friday evening. There were 67 children registered at the school this year and most of them were present for the pleasant evening.

Chairman for the program was John Oosterhof. The interim minister D. Velthuisen also spoke.

Everyone joined in the singing of hymns and there were prayers and Scripture reading.

Ice cream was served to all the children.

Numbers on the program were given by Mrs. Rinsma's beginners' class, Miss Lefink's primary class, Miss Hofstede's junior class and Mrs. de Jong's intermediate class.

There were displays of projects on the stage.

Gifts were presented to the teachers.

The Bible School ran for two weeks with the youngsters going to the church in the mornings and taking their lunch.

OBITUARY

Mel Schroeder was former Actonian

A former Acton resident, Mel Schroeder died in Chesley Wednesday of last week. The funeral was in Chesley on Friday and Acton friends attending were Miss Ruby Clark, Mr. and Mrs. Charles Leatherland and Ruth Ann.

Mr. and Mrs. Schroeder lived on Bower Ave. He was in insurance agent here, and was secretary-treasurer of the library board.

The couple moved to Chesley about eight years ago. Mrs. Schroeder died three years ago.

Brief meeting of commission

Acton Hydro Commission polished off their business in less than an hour at their regular meeting Thursday.

A letter from architect Donald Skinner reporting the new building was finished completely and asking the commission to send the contractor the \$600 holdback was received. Mr. Skinner congratulated the commission on the new building's neat and tidy appearance.

A motion authorizing the Linesmen's Testing Lab to recondition all in two transformers at a cost of \$384 was passed. The acid balance in the two transformers was upset.

Superintendent Doug Mason reported two new transformers were installed, one on Main St. S. and the other on Mill St. W. after attempts to fix up the previous ones failed.

Accounts amounting to \$20,070.30 were passed for payment.

Chairman Ted Tyler Sr. presided at the brief meeting with commissioners Orville Brown, Wilf McEachern and acting secretary Newt Hurst in attendance.

County employees . . .

(Continued from Page 1)

a \$5,000 annual salary the discussion resolved around about \$1 a day. "We have to keep our employees in a frame of mind where they will be encouraged to give good service", he maintained.

Reeve Hinton pointed out the \$1 a day represented about \$40,000 a year which was as much as Acton's contribution to county government. "This is not an inconsiderable amount", he argued.

Deputy Reeve C. Menefy of Milton opposed the increase, suggesting there are many inequities in the present schedule. He suggested it would be much more beneficial to wait until a proper job evaluation is completed. "Five per cent across the board won't satisfy anyone", he maintained.

Deputy Reeve Rogers of Burlington suggested employees get "sick and tired of waiting. They have no faith in promises. Let them have something now more than a promise", he argued.

A recorded vote for the raise won the support of Reeve Gallagher and Deputy Reeve Rogers of Burlington, Reeve Merry and Deputy Reeve Day of Oakville and Reeve Coulter and Deputy Reeve Hoy of Nassagaweya.

First aid at accident brings man commendation

Driver hurt truck rolls

A truck owned by the Ukrainian Youth Association, Toronto, and driven by Leo Kerycznyk of Chicago, suffered \$300 damage and the driver received a lacerated arm in an accident near town Monday morning.

The truck rolled over on the Fourth Line south of Highway 7 Milton O.P.P. investigated.

Panels publicize Grand River authority work

Six seven-foot-high display panels publicizing the work of the Grand River Conservation Authority have been put on display in the summer mall now in operation in downtown Kitchener.

The panels show the story of conservation in words and pictures.

One panel shows the results of poor management of natural resources, such as flooding and erosion of farmland.

The remaining five panels show how the authority works on an over-all plan of managing the resources of the Grand River valley by building dams, carrying out reforestation and erosion control measures, protecting wildlife, encouraging sound farming practices and providing recreation facilities.

On June 25 Wallace Gordon and family were proceeding home from Alliston when at about 3:30 p.m. at the corner of Highway 89 and and Lorella Rd. they came on the scene of an accident.

Two cars were involved in a rear-end collision. Two women were injured, one with head lacerations, the second with whip lash and suspected spinal injury.

Mr. Gordon volunteered his services and transported the lady with head lacerations to the hospital in Alliston. He is a member of Acton St. John Ambulance Brigade.

The following is a letter of appreciation forwarded to Mr. Gordon.

R.R. 1, Creemore, Ont.
July 1, 1967

Dear Sir:
May I extend to you and through you, to the St. John Ambulance Association, my sincere appreciation of the first aid rendered at the time of our accident near Alliston. I am still feeling stiff and sore but improving each day. My husband, Tom, joins in thanks to you. Since I wasn't able to get your name I am asking Mr. Murray Smith to forward this note.

Sincerely,
E. May Steed (Mrs. Thos. S.)

Pain is not often an early symptom of cancer. Don't wait for an unusual symptom to become painful if you suspect cancer. See your own doctor immediately.
