## Yvonne Duval, Stephen Caswell married in St. Joseph's church

Pink snapdragons and white mums decorated St. Joseph's church, Acton, for the double wedding of Yvonne Marie Duval and Stephen Jerome Caswell. Father V. J. Morgan officiated at the ceremony at 11 o'clock on Saturday, July 8.

The bride, a secretary at the Royal Bank in Brampton, is the daughter of Mr. and Mrs. Wilfred J. Duval, Acton and the groom, a technical designer with Bomas Steel, Cooksville, is the son of Mr. and Mrs. Harry Caswell, Upper Middle Road, Cooksville.

Miss Irene Mulholland played the organ for the wedding and Nino Braida sang Pauls Angeli's and Mother of Christ Mother All Beautiful.

Given in marriage by her father, the bride wore a formal sheath of white peau de soie with appliques of Chantilly lace on the scoop neckline, sleeves and front of the dress. The hem was also accented with a wide band of scalloped Chantilly lace. The detachable full train fell from a bow gathered at the waist and was outlined at the edges with scalloped lace. A double-tiered crown of heavy lace edged with pearls held her scalloped elbow length silk illusion veil. She carried a cascade bouquet of pink sweetheart roses, white carnations, stephanotis and fern. Her attendants, all gowned a-

like the shocking pink, were Mrs. John Colburn, Toronto, as matron of honor; Miss Burns White, and Miss Janet Braida of Acton as bridesmaids.

Their floor length gowns, in Empire styling, were of shocking pink crepe with bodice and bell sleeves of heavy lace. A cluster of roses held with scalloped circular veil, and they carried cascade bouquets of white mums and pink roses.

Groomsman was Murray Gibson, Cooksville, and the ushers were Philip Caswell, Cooksville, and David Papillon, Acton.

The wedding breakfast was at the Parkview Motel, Guelph, and in the evening a buffet supper and dance was held at the Acton Music centre.

Mrs. Duval wore for her daughter's marriage a coat dress-ensemble of blue chiffon with matching blue chiffon hat and white

accessories, and a corsage of pink and white carnations.

The groom's mother chose a green silk brocade dress with full hat, beige accessories and a corsage of yellow roses and white carnations.

The three-tiered wedding cake, made by the bride's mother, was decorated in white icing with pale pink rosettes and topped with three pink and white bells.

The couple left on a wedding trip to the Pocono mountains and Pennsylvania, the bride wearing an A-line jacket dress of turquoise silk shantung with turquoise and white picture hat, black and white accessories and a corsage of pale pink roses.

They are living at R. R. 2, Acton.

Guests were present at the wedding from Fort Williams, Kitchener, Welland, Cooksville, Toronto, Georgetown and Acton.

## Saw devastation Canadian Counties directors guests at Detroit convention

The executive directors of the Ontario Counties Association were invited to the National Association of County Officials of the United States convention in Detroit, Michigan, from a week ago Sunday until last Thursday. Among those attending the convention in the riot-torn city was H. H. Hinton of Acton. Others who benefitted from the meetings as observers were Mrs. Ion, secretary of the Ontario Counties Association; president Will Gould of Ontario county; Carl Baleman of Hastings county and Ralph Hunter of Simcoe county.

The convention was held at Cobo Hall, especially built for conventions. It can accommodate 45,000. Attendance at this occasion was cut by the riots to between 2 and 3,000. The large centre is just across the river from Windsor, reeve Hinto explained, and includes rooms, restaurants and meeting accommodation.

THE COUNTY system is strong in the United States, and county officials are elected on a party ticket, unlike Canada. Here, not even all the provinces have counties. Alaska and

Hawaii also have counties and the organization at that level has political influence. Mr. Hinton pointed out Europe, including England, also has a strong county system.

Among the speakers was U.S. vice-president Hubert Humphreys, and Mr. Hinto presented him with two Halton county pens. Other speakers were Detroit mayor Cavanaugh and the head of the state legislature, Senator Romney.

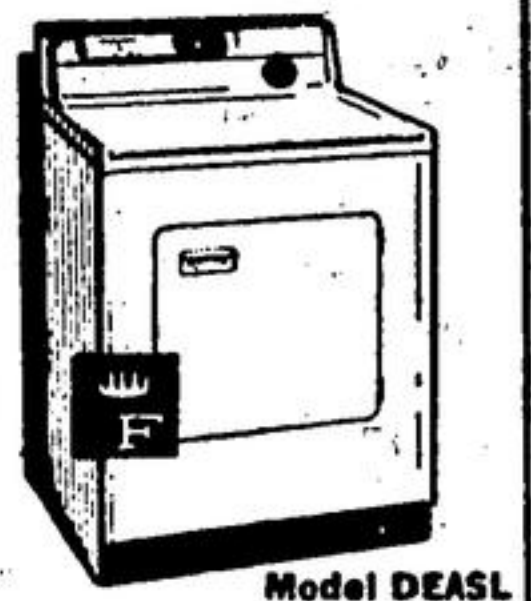

THE ONTARIO representatives were there as guests, but next year for the first time a Canadian will be participating in one of the panel discussions at the convention in Washington.

The Americans had special praise for our Department of Highways and road system, Mr. Hinton found.

He attended as many sessions as he could, absorbing many facts for future reference. One fact he found interesting - if not useful for Halton - was the 45 per cent of the Los Angeles county budget is for welfare! Hundreds of new people come there each

day and many need assistance. The group arrived in Detroit the same day as the militia. Mr. Hinton toured in a taxi the 18th Street section of the city where most of the damage had been caused by the rioters. In the burned out area he saw "complete devastation".

Hostess and lunch committee Mrs. Walter Linham, Mrs. Melvin McCullough and Mrs. Stan Mathews served a dainty lunch.

Mrs. Wm. Thompson was courtesy convener.

## Police warn about break-ins

Five homes in Acton have been victimized in the past week and although only one has reported theft it was felt intruders were frightened off in other instances.

Police said residents should leave a light on when they go away and make arrangements with the milkman and paper boy not to leave newspapers or milk. Close windows and lock doors to make access difficult.

## Touring company

When the cement blocks were being unloaded from a truck for the building of new stairs at the town hall, a mother deer mouse and three clinging babies who had been making their home in the pile got a nasty surprise. Their cave-like home was dismantled around them - and after they'd put up with the long ride, too.

## 'O Canada' klaxon signifies caravan

Quite a few from Acton toured with mounting pride the centennial caravan of trucks while it was stationed in Guelph or Georgetown last week. Unlike the train, the line-ups were not too long.

The brightly painted trucks klaxoned their way from Guelph to Georgetown through Acton last Thursday morning shortly after 8 a.m. It was just early shoppers and housewives logging out their garbage who heard the unique horn repeatedly sounding the first four familiar notes of "O Canada" as the eight trucks and police escort headed down the main streets. The stirring notes and unexpected size of the centennial caravans brought a normal surge of patriotism to the novel early coffee and garbage routine.

The caravan went to Brampton next, and is in Milton later this month.

## THIS BOY NEEDS GUIDANCE

Drivers age 16 to 24 were involved in 74,500 accidents on Ontario roads last year—an increase of 12-per cent over 1965. Fatal accidents claimed 660 lives in this group—an increase of 10 per cent since 1965. Yet statistics show that drivers who graduate from approved high school driver training courses have fewer accidents... far fewer traffic violations.

This year, about 275 Ontario high schools will have driver instruction courses approved by the Ontario Department of Education and the Ontario Department of Transport. These courses are under the control of the local school board and principal and do not interfere with regular school classes.

If there is a driver-training program in your school this fall, welcome it. If not, learn how your school can get started on this lifesaving program by completing and mailing this coupon.
