GHOST TOWN? Only a few miles from Acton stands a deserted western village much like one you'd see in the American west. Turn to the second front for further scenes. (Staff Photo)

WHAT'S A WESTERN town without a jail or a barber shop? Boarded up windows help to create the phantom effect of a ghost town. (Staff Photo)

from home

Imagine cooking a perfect meal while you're at the hairdresser's. Or out shopping. Or picking the kids up from school. It's easy with a new electric range. Just set the timer and the temperature. Your oven will turn on, cook the meal, then shut itself off. Try it yourself. Put a new electric range in your kitchen—and a little more time in your day.

STAIRWAY SAFETY

Never allow bottles, baskets, shoes or anything to be placed on stairs, even for a short while. Such temporary storage creates a hazard.

Have the space between steps filled with a "riser" behind the step.

Provide good traction with rubber stair treads.
Install a handrail.
Keep stairway well lit.
Paint the bottom step white or a light color for easy identification.

School safety patrol attend training camp

From August 28 to September 3, 114 young School Patrol leaders are attending the Hamilton Automobile Club 3rd Annual

School Patrol Officers' Training Camp at Canterbury Hills Camp, Ancaster, Ontario. Acton's representatives are Peter Morris-

on and Alex Gray from the Robert Little School, and Larry Quinn and Andy Weldon of the M.Z. Bennett school.

As well as Acton, youngsters are expected from Ancaster, Brantford, Burlington, Dundas, Dunnville, Saltfleet Township and Waterdown.

The Camp is well organized to provide both intensive classroom and on-field training as well as being balanced with ample recreation and sporting activities.

The personnel for instruction and supervising the operation of

the sleep-in Camp are Police Safety Officers from the districts in which these Patrols operate.

This was the first Camp of its kind in Canada and we believe that each year it has shown a definite improvement.

These young leaders will go back to their schools at the beginning of the school year, assist in establishing their Patrols and become responsible for their day to day operation throughout the school year.

Remember, you can't lift yourself by downing others.
