### History of 16 forefathers told to Nassagaweya ladies

The September meeting of the Ladies' Aid of Nassagaweya Presbyterian Church was held on the afternoon of Thursday, Sept. 7, at the home of Mrs. Grant Campbell. Mrs. Norris, as president read several verses from the Friendship Book and the hymn: "O Worship the King, all Glorious above" was sung, followed by a recitation of the Lord's Prayer in unison. The poem "A Prayer for Wisdom" was read. Mrs. Roberts read the minutes of the July meeting.

The Board of Managers asked for catering help from the members for a Thanksgiving supper to be held on October 5 and this was agreed to. Separate committees were named for this occasion and also for lunch to be served at a dance on September 30. Mrs. Robinson gave the financial statement and the meeting closed with singing of the hymn: "We plough the Fields."

Mrs. Dredge conducted the Women's missionary Society meeting which followed, when

the 23rd psalm was sung. Minutes and correspondence were read by Mrs. Cargill and also a letter from the Life Member secretary of Brampton Presbyterian stressing the importance of presenting Life Memberships. The Presbyterian Fall Rally at Knox Church, Oakville on September 27 was announced.

The convener, Mrs. Cargill, then took charge of the program. The group sang the old and lovely hymn "Abide with Me" and parts from the scriptures were read by Mrs. Cox and Mrs. Roberts. Mrs. Robinson gave the Glad Tidings prayer.

Mrs. Trousdale, now living in Rockwood, as guest speaker told of the Nassagaweya Centennial and also the history of some of the forefathers in this township. Sixteen men born in this area distributed the influence of their environment to other parts in Canada. Dr. Meade was one of these who gave of her knowledge and talent to help others - and who lived for a time in what is now called Haltonville.

The W. M. S. meeting closed with the well-known hymn: "Rock of Ages" and the thanks of the group was extended to Mrs. Trousdale, the hostess and those who helped with the program.

### Nassagaweya briefs

At a regular meeting of Nassagaweya Council on Monday night, council:

• Learned a request for signs limiting the speed at 35 miles per hour on the county road through the Village of Moffat had been granted at County Council.

• Discussed re-surveying in the Village of Campbellville on a wholesale basis. There have been several discrepancies over individual land owners' boundaries. A complete revamped survey is the only way the situation can be properly solved.

• Learned of the committee of adjustment's decision approving Carroll Keith Stevenson's proposal to sell a parcel of land.

• Granted permission to Rodney J. McMurray and Ernest Cross for a land separation providing they increase the frontage, depth and area in question.

• Wrote to the Department of Municipal Affairs requesting a copy of each of the three volumes of the Smith report. They are made available to the township at no cost and at a cost of \$15 to the general public.

• Passed a by-law authorizing the township to appoint issuers and set fees for hunting licenses for rabbit, fox and pheasants. Fees were set at \$3.30 for non-residents and \$1 for residents plus a small issuing fee.

• Agreed to increase fire insurance coverage on the township garage from \$10,000 to \$15,000 and renew the policy with Halton Mutual Insurance Company for a three year term.

• Granted \$50 to the Acton Agricultural Society and \$50 to the Halton Agricultural Society.

• Decided not to publish a year book this year but leave the matter open for discussion next year and perhaps publish one book for both years. The decision was made in view of the increased press coverage and the expense of the publication.

### Police report

#### Quiet week for police

A relatively quiet week was experienced by the local O.P.P. Detachment during the period September 3rd to September 9th, 1967.

A total of 654 miles travelled during 182 working hours, resulted in one impaired driving charge, one dangerous driving, one careless driving, four miscellaneous traffic and 25 warnings issued along with four safety stickers. There was an absence of motor vehicle accidents.

One stolen auto was recovered in town. One premise insecure and one report of malicious damage to property which is under investigation.

There was no court this week due to Labour Day falling on Monday, September 4, 1967.

Next week-end promises lots of activity said Corporal R. Mason, as once again we swing into fall fair time. This one promises to be a little more extensive than past years with several parades taking place and more of a variety of attractions to be found at the local park.

### Correction

W.J. Beatty of Acton, not Dr. C. A. Martin of Milton as appeared in last week's Free Press, is the local director of Halton and Peel Trust and Savings Company. Mr. Beatty is a vice-president of the company.

### Hi neighbor! Farmer charges C.N.R. fails to cut weeds

In the early days of our country, neighbour ladies welcomed newcomers with pies, cakes, and overtures of friendship.

Today's busy round makes this almost impossible. However, in Acton we have the Hi Neighbor Welcome Hostess who is waiting to welcome you personally on behalf of the Town and the merchants, with housewarming gifts for you and your new home.

If you are new in town, phone 853-0805, and Mrs. Laura Ditrach will be happy to call on you.

Esqueing Council was asked by a township farmer to take some action about the alleged reluctance of the Canadian National Railways to cut weeds on their property at their meeting last week.

Jack Wagstaffe, R. R. 1, Glen Williams, told councillors the C.N.R. might have ceased to operate the railway bordering his farm but he was still operating

the farm and could get nowhere in correspondence with the company.

"They just pass the buck," he charged.

"It's a never ending fight to keep grass and weeds out," said Mr. Wagstaffe, "I cut 100 acres right up to the fence and on the other side weeds are going to seed year after year."

Council decided to send a letter to the railway asking for some action.

Mr. Wagstaffe also complained to council about receiving two separate assessments on his property, which had only one deed. He was advised to sit down with assessor Art Benton to discuss possible solutions.

### Baptist Mission Circle

#### Rudds appreciate parcel return home next June

The Baptist Mission Circle started their fall work with a fine attendance at the September meeting, held at the home of Edna Gordon, Churchill Road.

Vice president Marg. Bailey conducted the meeting in the absence of the president who was ill.

During the business session a letter was read from the Rudds telling of the appreciation of the recent parcel sent to them. They especially appreciated the sugar as they have to stand in line to buy it.

Mr. and Mrs. Rudd are looking forward to their furlough next year as they will be sailing for Canada early in June via Hong Kong. They will be living in Niagara Falls.

A delightful surprise to the circle was a donation of \$20. from a B. H. F. member to go purchasing another parcel which will be sent in the near future. A food parcel will also be packed to go to Miss Freckleton, a missionary in India.

A committee was appointed to prepare for a sale of clothing, baked goods, etc. to be held in November; proceeds to go to Food for India fund.

After singing a hymn Edna Fryer gave a fine talk on "Workers together with God" based on 1st Cor. 3, 1-10. Elsie Quee gave a reading entitled "He leadeth Me."

A season of prayer was held for our missionaries with Harriet Helwig, Mrs. Harrap, Wilma Chapman and Marj. Landsborough taking part. At the close of the meeting Judy Gordon showed slides of recent functions held in the church, which were much enjoyed.

A cup of tea was served by Lil Wagner and her committee. Wilma Chapman was courtesy convener.

### Labour settlements before council Fri.

The dispute between Halton's beamn nurses and the county council appears headed for a solution. A conciliation board headed by Judge Colin Bennett of Grey County seems to have come up with a settlement satisfactory to both parties. The settlement awaits ratification at County Council this Friday.

Also awaiting approval at Friday's County Council meeting is a proposed settlement for the newly certified jail guards.
