Thinking of others. Cast your bread upon the waters. Do not be afraid, my friend, if you freely give to others, you will prosper in the end.

Just forget about your troubles. Think of other folks instead. There are many ways to help them, even from a hospital bed.

You say that without money, you don't know how to start. But it doesn't take much money. To cheer a lonely heart.

Just you take the time to listen. When they talk of friends and home, while you listen to their troubles, you're not thinking of your own.

Ask the Lord how you can help them. He will tell you what to do. When you hear about the pains of others, you'll think your own are very few.

Esqueping Council briefs

During the Esqueping Township Council's meeting on Monday:

Members signed a contract with Blue Chip Restoration Co. of Milton to make \$3,970 worth of repairs to the township building. The building is leaking and some of the face bricks are to be replaced.

Council also authorized the Tomlinson and Associates consulting firm to make a \$9,100 report on traffic and road needs in the township. Members are considering having a local group or several groups make a manual traffic count in connection with the survey, which would cost about half the price of a mechanical count by the consultants.

The C.N.R. was asked to install flashing lights as warning signal at the Five Sideroad crossing.

Accounts paid included \$7 for one fox shot by a township resident Sept. 15.

The roads department was urged to apply calcium to several township roads where ratepayers have complained of dust, to a limit of \$1,500.

Building Inspector Tom McLean was asked to meet with P. Straw, R. R. 2, Georgetown, who wants a permit to wreck one building and use a second building in Norval for a storage warehouse.

THINKING OF OTHERS

Cast your bread upon the waters. Do not be afraid, my friend, if you freely give to others, you will prosper in the end.

Just forget about your troubles. Think of other folks instead. There are many ways to help them, even from a hospital bed.

You say that without money, you don't know how to start. But it doesn't take much money. To cheer a lonely heart.

Just you take the time to listen. When they talk of friends and home, while you listen to their troubles, you're not thinking of your own.

Ask the Lord how you can help them. He will tell you what to do. When you hear about the pains of others, you'll think your own are very few.

Geo. Musselle reviews Expo

CONSERVATIVE SUPPORTERS gave Premier John Robarts a great cheering ovation at his campaign kickoff in Scott Park School in Hamilton Thursday. Here Robarts displays a victory pose with Halton West Candidate George Kerr on the left and Halton East Candidate Jim Snow, right. (Staff Photo)

Halton's Kerr, Snow help Robarts launch campaign

Excitement and enthusiasm echoed from one double-decker bus to the other Friday as George Kerr and Jim Snow supporters, spurred on by segments of the Oakville Citizens Band and the Burlington Tour Band, travelled to Hamilton to help Ontario Premier John P. Robarts officially kick off his election campaign.

The Halton East and Halton West candidates and their supporters attended the rally in Scott Park School in Hamilton, travelling from their home riding headquarters in Oakville and Burlington with a busload of supporters aptly. They joined P.C. candidates from the six Hamilton ridings in supporting the premier's kick-off.

Despite having to travel and the fact many were tied up at home enumerating and preparing the campaign, the Halton supporters made up a large portion of the estimated 700 in attendance. A mere mention of either of the Halton candidates brought with it a chorus of "When the saints come marching in," or "When George comes marching home."

When the premier was introduced the chorus changed from "George" to "Johnny" and people cheered, banners were raised, girls danced and the bands played on.

Minister of public works, the Hon. Ray Connell was chairman at the rally and introduced each of the eight Hamilton and area candidates who made brief speeches.

Mr. Kerr warned voters to beware of opposition promises - "I've heard them time and time again. They'll take over this, they'll take over that. They're going to pay 100 per cent of this and 80 per cent of that. It's not that simple. Running a government is no easy chore."

Mr. Snow expressed gratification to be a P.C. candidate and said he was confident no stone would be left unturned in the conservative campaign.

Mr. Connell referred to the new federal leader Robert Stanfield as "a quiet undisturbable man we can have confidence in. We already have a man like that in our provincial leader. He is everything Mr. Stanfield is, except he has had six years to prove it."

The Premier spoke for close to 45 minutes but never revealed

BELL LINES

by Arnold Blachford, your telephone manager

Your familiar telephone is a wonderful friend to have handy especially in times of emergency. However, it can only respond to your dialed commands. Dialing a wrong number can waste precious time when calling for such emergency help as the Police or Fire Departments. Bell Canada provides space at the beginning of our telephone directories for emergency numbers so that you will have the numbers close at hand when they are needed. Why don't you check now to make sure that these important numbers have been filled in. In Acton your Police number is 853-1250; and your Fire Department number is 853-1212.

It is most important to know which Fire Department serves your particular area and to know that number. If you ever need to call either the Police or Fire Departments in an emergency, here are just a few reminders which will speed help on its way. Dial, or tell the Operator the number you need, carefully, of course. Stay on the line and talk slowly and clearly, giving your name and address and the reason for calling. Try to remain calm and to answer all questions promptly, giving a brief but complete description of the emergency. Wait for instructions from the Policeman or Fireman. I hope that you never have to use the telephone for such an emergency call, but if you do, it can be a trusted and speedy servant.

If there is a bride-to-be in your family this month - and September is becoming almost as popular a month as June for weddings - you're probably discovering what a big help your telephone can be. Calling the florist, photographer, beauty shop, checking on the wedding gown and bridesmaids' dresses and invitations can all be done easily by telephone. The telephone also makes it a simple matter to keep relatives and friends informed as plans for the great day progress. If relatives and friends reside in another community in either Ontario or Quebec why not take advantage of our Family Calling Plan rates all day Sunday or any evening after 8 o'clock? Then you can enjoy a real visit, for rates allow 10 minutes for the price of five; 12 minutes for the price of six, and so on. These rates also apply on calls to Bell Canada exchanges in Labrador and the Northwest Territories, but do not apply on calls to other communities outside our Quebec and Ontario territory.

Recently some friends were telling their five-year-old son what to do in case he got lost. "First", asked dad, "What's our address?" "I don't know," said Junior, "but our Area Code is 416!" With a bit more training this youngster will likely grow up to be one of those very smart adults who always give their Area Code along with their phone number... and who keep a list of frequently-used Area Codes and phone numbers beside the telephone.
