Principal G. W. McKenzie explained to the board that the parents of 36 students have agreed I ever imagined," Mr. Smith addto pay \$30 for transportation, lodging and Expo admission, plus more for meals and spending money. He anticipates five chaperones will go with the busload.

Final details had not been made till board approval was received and the principal asked if there would be any financial assistance.

The tentative dates are Oct. 13 to 16, over a weekend. Tyler Transport agreed to make stopovers at Fort Henry and Upper Canada Village with the youngsters from grades six, seven and

Trustee Vic Bristow bristled at the mention of the Expo trip. He asked his fellow members to recall that last June the Lions of which he's a member. offered to share expenses of a trip for children to Expo, and it was turned down. "If it wasn't done in July, why is it going to be done now?

He recalled the club offered up to \$700 for assistance, but Bill Benson answered as he remembered it, the board thought their share then might come to

as high as \$1,000. Doug Manning added that this trip is picking up children who had no other way of seeing Expo. "No child is asking for financial assistance," the principal repeated.

Asked his opinion, area superintendent W. L. McNeil said local township boards had helped pay expenses.

Although Mr. Bristow voted against it on a recorded vote, the board agreed to pay the \$30 transportation - lodging - admission part of the cost of the trip for five chaperones, to come to\$150.-Trustee Murray Smith also voted in the negative.

"I'm not against the trip for the kids," Mr. Bristow added. What about the M. Z. Bennett school, then?

Principal Elmer Smith, since he hadn't suggested a trip in his one in June, that's why I didn't do anything about it."
