35 R. L. students leave Friday for Expo

Friday morning at 9 a.m. 35 Robert Little school pupils board their bus for Expo. They return Monday after managing to see the world's fair just before its closing end of October.

The five chaperones going with the group are Mrs. Bern Van Fleet, Mrs. H. Collett, Mrs. Kerwin McPhail, teacher Miss Donna Riseborough and R.L. principal G. W. McKenzie.

The students are all from grades six, seven and eight. The group travels by Tyler bus, and Ted Tyler Jr. will repeat the arrangements he made for a busload on Thanksgiving weekend. The group will stay just six blocks from Expo but their transportation to and from Expo will be on their own chartered bus.

Both bus driver Mr. Tyler and his wife, who's going along, have suggested they will be happy to help with the children if needed.

The school board, at the meeting last week, agreed to pay the cost of transportation and accommodation for the five chaperones. The children are bearing the entire cost of the trip - the flat transportation, accom-

modation fee, plus meals and spending money.

For most of the youngsters, it's their only chance to see the fair.

Teachers have been surprised at how many pupils have been able to see the fair. Plans for this trip, to provide an opportunity for three dozen more to attend, were made by the Robert Little school staff.

An open letter to the Citizens of Acton, Nassagaweya and the north part of Esquesing:

It has been my privilege to serve you as member of the Ontario Legislature during the past four years. I sincerely hope the progress we have made in this riding has earned your continuing support.

The record of the government under Prime Minister John Robarts is one of achievement and is reflected in the general growth and progress of our country.

I have always attempted to serve the north part of Halton to the best of my ability and I have always made myself available to the people in this area.

Matters such as rebuilding of Highway No. 25, traffic lights at the intersection of Highway 25 and High 7 in Acton, the reclamation of Fairy Lake, assistance for farmers and grants for education are some of the things we have accomplished for this area.

The next 4 years is a crucial time for Ontario. Many new decisions will have to be made. This will require men of experience and ability, with a good record of service.

May I count on your support, please?

Sincerely,
GEORGE KERR
