

Several changes in village funeral, W.I. meeting in news

By Mrs. D.G. Robertson

Mrs. Wilfred McMillan formerly of Cookstown is presently staying with Mr. and Mrs. Murray McKittrick and family, in the village.

A number of local residents attended the funeral of the late Mrs. Annie Van Norman in Acton on Sunday. Before moving to Acton years ago she and her late husband Robert and family resided on the 1st Line on the farm now owned by George Jackson, Friends of Miss Emma Balde,

were sorry to learn she was removed to the General Hospital, Guelph, on Friday from the Nursing Home in Hillsburgh.

Welcome to Mr. and Mrs. George Rudder and daughter who came from Toronto and are now living in the house on the former Ward Bruce farm, which they purchased recently.

Mr. and Mrs. Ward Bruce moved on Saturday, and are making their home temporarily with the latter's sister and brother-in-law Mr. and Mrs. Gordon Johnson, 1st Line.

Mr. and Mrs. A. Bard and family, who have been living in the former McMillan house in the village, moved to Milton on Saturday.

Guests during the week end with D.G. and Mrs. Robertson included Mr. and Mrs. Wm. Webb, Guelph Township; Mr. and Mrs. Ken Robertson, Lynda and Donna, Oakville.

Members of the Women's Institute met at the home of Mrs. H. Theaker for their annual pot luck dinner. After partaking of a bountiful array of delectable dishes, the meeting was called to order by Miss Doris Fines the president.

Mrs. S. Fuller called the roll answered by "What season requires the most safety precautions and why?"

A discussion followed on visiting a nursing home, and plans are to be made at the next meeting.

The eulogies for the winter months were planned and these are starting Nov. 17.

Mrs. D. Winter, safety convener, had charge of the program giving hints on first aid in case of poisoning accidents and their prevention. She also read an instruction paper on "Safety and You."

Mrs. H.R. Howard had a splendid motto - "Let us take time for all things" - stressing that we take time to do the little things that mean so much to others - that letter you were going to write - a visit you were planning. Live your life to the full each day. Remember the good times of your childhood.

Miss Fines gave a good report of the area convention and Mrs. W. Milton sent her report of the District Directors' meeting.

Mrs. D. Winter extended the courtesies; and plans were made for the December meeting. A four seasons program - when the members are to be divided into the four seasons, according to their birthday and each group to participate in the program. A gift exchange is also to take place.

NOT MANY LOG HOUSES are left in this district but this one is still in a good state of preservation in Nassagaweya township. (Staff Photo)

Zoning by-law, policy accepted for Eramosa

ROCKWOOD - Eramosa township council held their regular November meeting in the council chambers recently. All mem-

bers were in attendance, also the road superintendent and the clerk.

The meeting of the last regular meeting were adopted as read. Several items of correspondence were read and discussed by the members. A delegation discussed with council the dumping of garbage on number 30 sideway between the first and second concessions.

Eramosa council accepted the draft forms of policy statement and zoning bylaw as prepared by Eramosa planning board. The clerk will forward a copy of the zoning bylaw to the township solicitor for approval as to the legal concept. Council agreed to have International Business Machines Ltd. process the 1968 tax bills for Eramosa Township.

Two land severances will be sent to the minister of municipal affairs for approval. Council expressed their appreciation to the Eramosa Junior Farmers for planting the cedar hedge around the municipal yard. Further in the meeting, a bylaw to establish and lay out a public highway was passed.

The tender bid of Brydges Fuel and Heating for supplying gasoline (38.5 cents) diesel fuel (39.9 cents), for township equipment and the bid of Albert Maltby for 15.8 cents for supplying furnace oil were accepted. They were the lowest tenders received.

Accounts amounting to \$10,827.66, general accounts \$6,911.86, including payment to Centre Wellington high school board were passed for payment. The meeting adjourned to meet Monday Dec. 11, at 7.30.

As the meeting was the last before the nomination meeting on Nov. 25 at 1 p.m. in Rockwood Town Hall, councillors were called on for the usual valedictory speeches.

Reeve Cameron Lush thanked council for co-operation he had received during the past year, and stated he would seek re-election.

Deputy-reeve Fred Cox, Councillors Duncan McPhedran and James Milne were undecided at this time.

Councillor Earl McKenzie expressed his appreciation for the opportunity to serve the township on council for the past three years. He will be retiring from council as he is moving to Guelph.

Three other Guelph industries where air pollution is a major problem have indicated willingness to work with the local health department, said Dr. Dale.

He identified the firms which have indicated their co-operation as Guelph Sand and Gravel Ltd., Rockwell Manufacturing Company of Canada Ltd., and International Malleable Iron Co. Ltd.

Snowmobile club waits for snow

First meeting for the season has been held by the Credit Valley Snowmobile Club. Members of the group all have social membership in the Georgetown Golf and Country Club.

There are to date 34 snowmobile clubs in the province. The Georgetown group is expecting to increase membership considerably.

Esqueusing approves Glen school addition

Esqueusing council approved a three room addition to Glen Williams school costing \$75,700 after conferring with school board members William Lawson and Chester Early at Monday's meeting of township council.

Councillor "Pat" Patterson wondered aloud to the delegation if the board was going far enough in school additions. He had figured the township school system would need to absorb an additional 1,000 students coming in with in the next three years.

The new addition and alterations to the school was broken down cost wise into: construction \$63,000, alterations \$4,000, contingencies \$3,000, architect \$4,200 and furnishings and equipment \$1,300. It would house 30 additional pupils.

Included in plans were one classroom, a library and a kindergarten. Alterations are also planned to the entrance way.

"I can't see the reason you're here," said Mr. Patterson. "We've just put a rubber stamp on it."

Mr. Lawson said the additional classroom was needed for September of next year. The board's two year projection called for an increase to 1753 from 1600 presently enrolled in township schools.

Councillor Patterson did some mental arithmetic and came up

with a 1,000 figure but school board members seemed confident their figures were reliable.

The motion passed authorizing the proposal to go to the O.M.B. "This is a milestone," announced the clerk. "That brings borrowing for public school purposes in the township to over one million dollars!"

"And it's going to be a lot more," concluded Councillor Patterson.

Enlarge phone area Georgetown, Milton

In the middle of December, Milton will be added to Georgetown's free calling area. There is already no charge between Georgetown and Acton.

There will still be a long distance charge for calls between Acton and Milton.

15c dividend

At the November board meeting the Directors of Hulton & Peel Trust & Savings Company declared the regular quarterly dividend of 15 cents per share payable January 15, 1968 to shareholders of record December 29, 1967.

Churchill Plant tour, hunters in area news

by Mrs. R.F. McArthur

A number of the Churchill U.C.W. ladies and a few friends enjoyed a trip by cars to Kitchener and toured the Schneider Meat Packing plant on Thursday November 9.

Mr. and Mrs. Clifford Dedman of Milton visited last week at their son's home with Mr. and Mrs. M. Dedman and family, R.R. 2, Acton, Mr. and Mrs. L. Law of Huttonville visited at the same home with their daughter and son-in-law and family.

Mrs. Verna Stephen visited friends and relatives at Keswick for the past week.

The Thompson's group of hunters bagged four deer to divide among seven this season.

Mr. and Mrs. Charles Sayers of Ottawa called on Mr. and Mrs. W. Swackhamer on Saturday and brought Mrs. C.E. Swackhamer up to visit her son and daughter-in-law for awhile.

We are glad to report Mrs. Bob Kerr is doing very well since being home for a week from Guelph Hospital after her accident.

Mr. and Mrs. R.L. Davidson visited Dr. and Mrs. Carvell at Cornwall last week, arriving home on Sunday evening. On Friday they went to visit Dr. and Mrs. Charles Sayers at Ottawa.

To lay charges Guelph pollution

Charges will be laid against one of four Guelph industries among the worst air pollution offenders in the city, city council was told.

Dr. B.T. Dale, medical officer of health for the Guelph-Wellington-Dufferin health unit, told council that representatives of the air pollution branch of the provincial department of health have informed him that action will be taken against Canada Electric Castings Ltd. on Silvercreek Pkwy., a subsidiary of Dayton Steel Foundry of Canada Ltd.

Three other Guelph industries where air pollution is a major problem have indicated willingness to work with the local health department, said Dr. Dale.

He identified the firms which have indicated their co-operation as Guelph Sand and Gravel Ltd., Rockwell Manufacturing Company of Canada Ltd., and International Malleable Iron Co. Ltd.
