Ordain Rev. Laurence G. Duby this Sunday at St. Catharines

Parishioners of St. Alban's Acton are planning to attend the ordination of the Reverence Laurence G. Duby to the Priesthood this Sunday, December 3 at 4 p.m. in the Church of St. Columba at St. Catharines.

Parishioners of St. Alban's invite Mr. Duby's friends in the community to be present and many are offering to make up car pools to solve the transportation problems. Anyone who could not attend the Ordination because of a complete lack of transportation should contact the rector, Fr. McMurray.

Ordination to the priesthood in the Anglican Church means the offering of oneself in the Holy Spirit for the performance of certain functions. These latter ing the Holy Eucharist at St.

to ill health.

But council Tuesday night was not happy with the decision.

"Aren't there other signs on that street against the law?" asked councillor Tyler.

Hearing a complaint had been made, councillor McKenzie objected strongly to enforcing the bylaw simply because of the complaint.

Mayor Duby explained the Tuesday November 21, was a other signs were up before the red letter day for Ed Lidkea. He bylaw came into effect.

Warden Coulter supports Plunkett report

Warden Bill Coulter came out unequivocably for support of the Plunkett report in a talk to those attending an Urban-Rural Night at a meeting of the Acton Rotary Club last week.

Mr. Coulter, youngest warden in the province and the youngest ever in Halton, said in his opinion the Plunkett Report's recommendations were the only solution to regional government in Halton. He told the 25 Rotarians and their farmer guests the highly urbanized areas of the county

only way I can see to develop a tax base."

northern areas," the warden stat-

Warden Coulter outlined the duties of the committees at coun-

ty council and told the meeting it was hard for an ordinary person to grasp the complexities of the grant structure of the province. Legislation over the years has made an intricate system of providing grants to county bodies. He emphasized the government was looking for new con-

He compared the situation in tion and pay 80 per cent of the the south of the county to that in the north. Using Burlington as an example, he said the amalgamation of highly urbanized and rural areas doesn't work out. The northern areas only have representatives on council. The majority of people in Burlington will tell you the amalgamation is working out but don't talk to people in the northern areas. They

will tell you they are paying for the highly urbanized core in Oakville or Burlington.

Mr. Coulter said rural areas were more concerned with roads
