Challenging address on business growth

The enthusiasm, interest and emphasis currently being placed on industrial development were reiterated last Thursday evening by Gordon Blair, chairman of the Burlington Business Development, when he addressed a group of interested Acton Chamber of Commerce and Development commission members.

His new concepts of business development were outlined after a buffet-and-beef-dinner was served to about 40 in the Music Centre.

Charles Leatherland, head of the development commission, acted as chairman. Dr. Frank Oakes brought greetings from council. Paul Nielsen introduced the head table and Halton Industrial commission chairman Joe Harst introduced the guest speaker. He was presented with a Dison saw at the end of the evening.

If the town is to benefit, Mr. Blair said, the concern must be for the total business development, not just industrial growth. Being of service to the present business people is just as important as getting new industries. If you just take it for granted any industries will grow "you are on a greasy plank tilted at a dangerous angle toward economic oblivion."

"Businessmen are like the rest of us — most of them prefer being appreciated."

"Every business in your community adds to the economic well-being of the community by creating jobs and paying taxes."

"The old concept of the industrial commissioner and the industrial commission, as such, is obsolete and inadequate."

"Remember you can't do business from an empty wagon. Get all the answers."

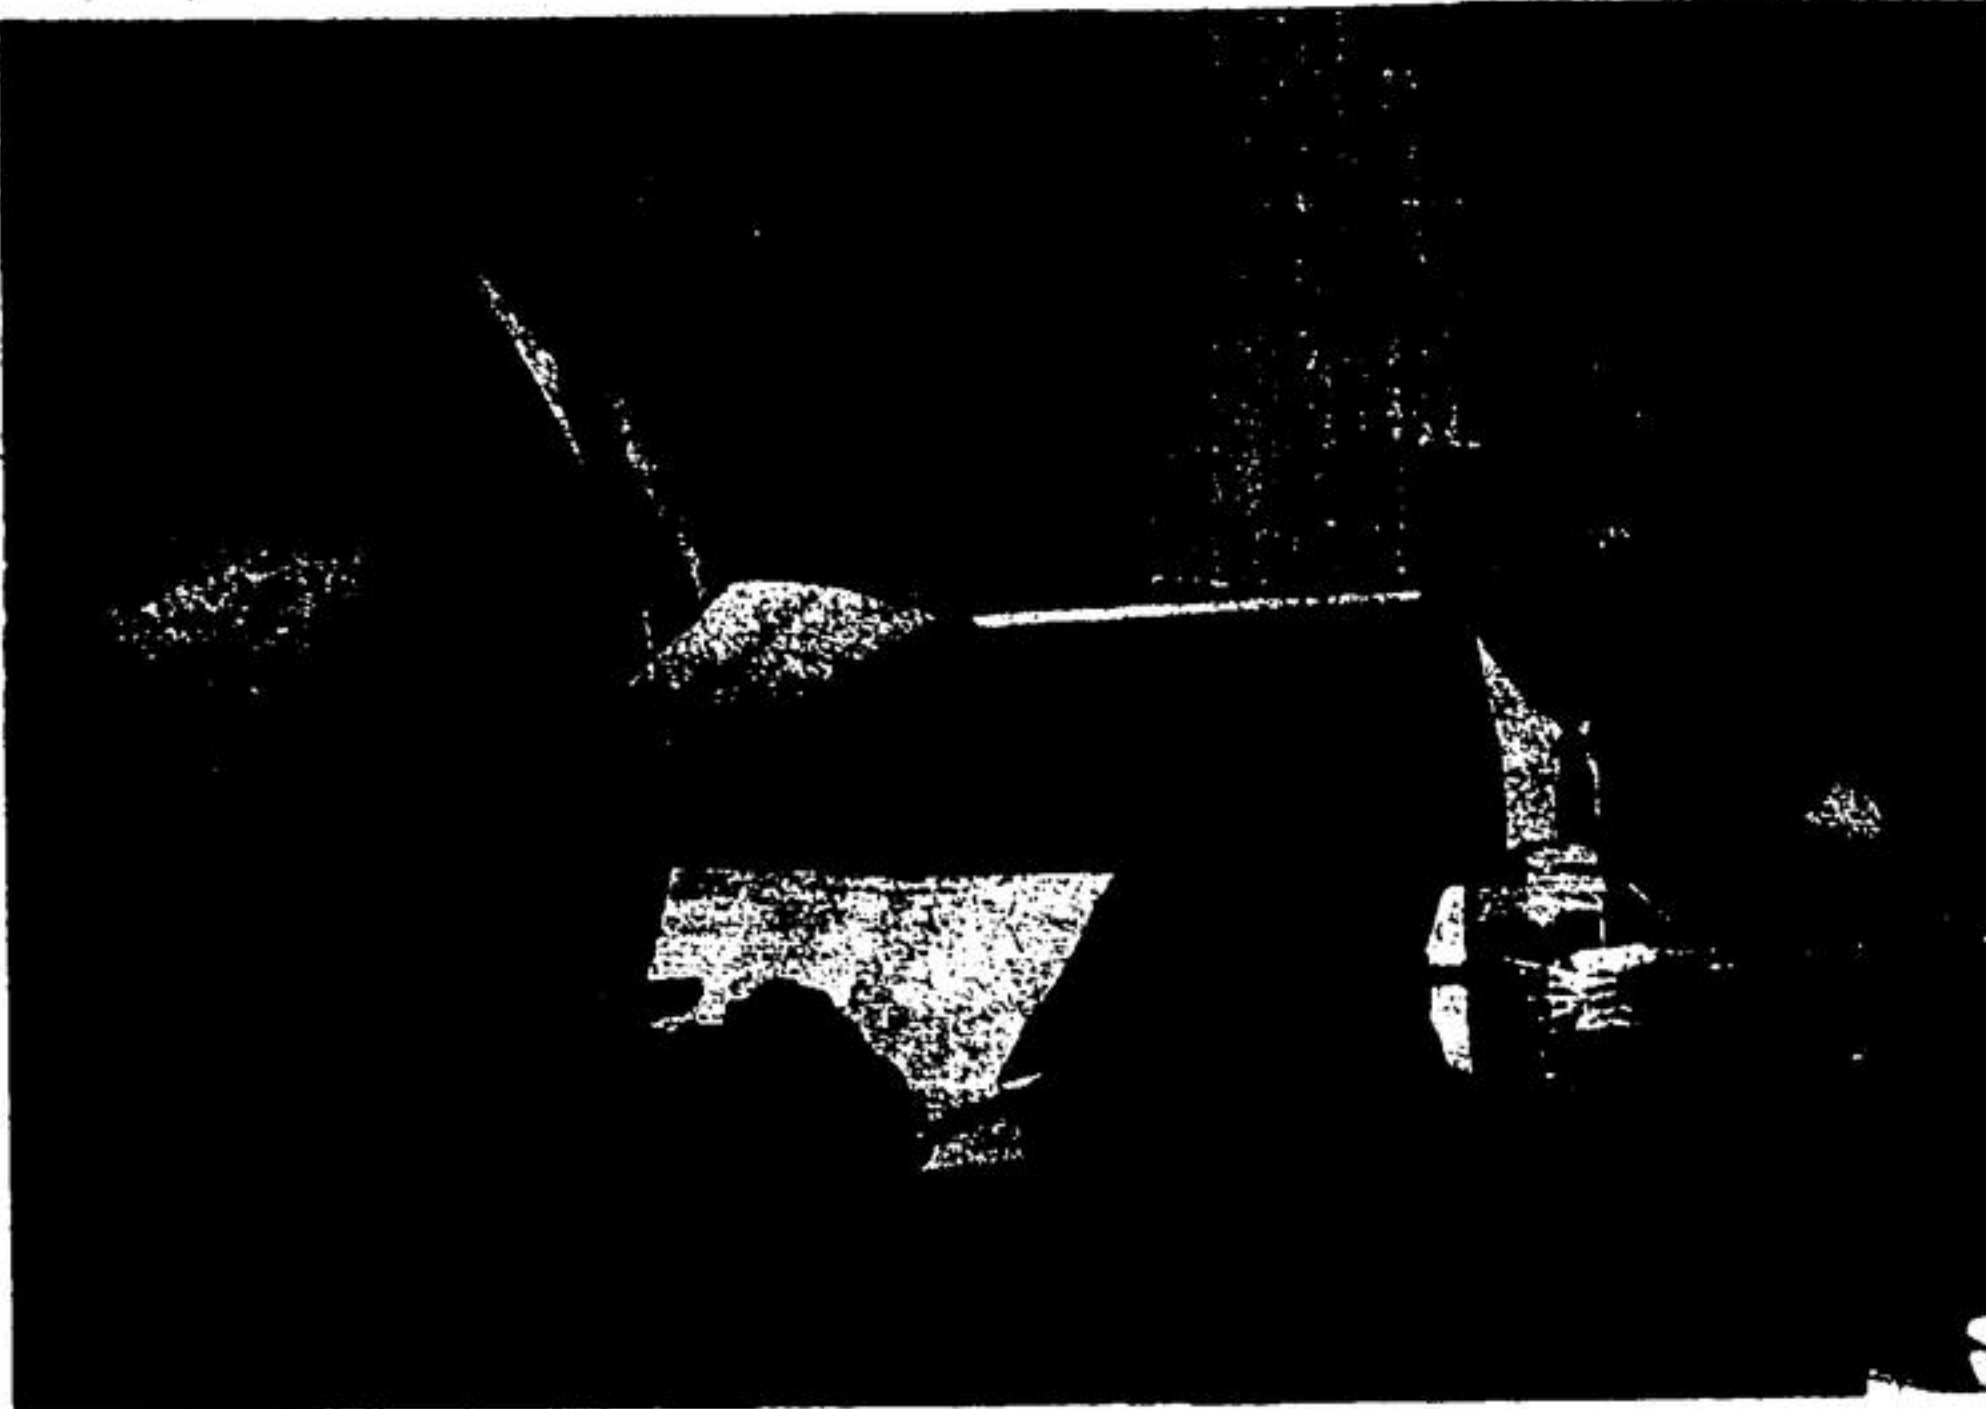

Yet people may be suspicious of Chamber advertising. "A community that has the courage to probe, test and correct has much to offer."

"The dynamic quality that makes a community good does not reside in the official structure but in the interests, desires and purposes of the people in it... the potency and effectiveness of any community's business development program depends entirely on the contribution of everyone in the community, from the mayor on down."

A question and answer period proved informative after the excellent address. Earl Masales asked about serviced land and Mr. Blair declared land is just a cow pasture until it has roads and services and is developed lot by lot.

Mr. and Mrs. P. Wilson celebrate diamond wedding anniversary

Telegrams from Her Majesty the Queen, cards from Prime Minister Lester B. Pearson and M.P. Harry Harley were among the tributes received by Mr. and Mrs. Peter Wilson, R.R. 1, Limehouse, when they celebrated their diamond wedding anniversary recently.

The couple, married Nov. 17, 1907, in Poland was also honored with a framed scroll from the province of Ontario signed by Premier J. Roberts.

Both Mr. and Mrs. Wilson are in good health and active around their farm and home. They moved to their present home 22 years ago after arriving from Pinkham, Saskatchewan, where they farmed.

In spite of it being their 60th anniversary Mr. and Mrs. Wilson were completely surprised when relatives and neighbors feted them at their home Sunday, November 19.

A son Rudy, his wife and two children, flew in from Alberta to join the celebrations with the couple. Guests were present from Toronto, Arthur, Rockwood and Limehouse areas.

The couple thoroughly enjoyed themselves and were again taken by surprise when their children and close relatives gave them a new living room rug in remembrance of the occasion.

Mr. and Mrs. Wilson have five sons: Michael in Saskatchewan, Paul at R.R. 1, Limehouse, Frank at home, Rudy in Alberta and Edward, R.R. 2, Rockwood. There are 12 grandchildren and one great granddaughter.

The Free Press joins with relatives, neighbors and friends in wishing Mr. and Mrs. Wilson many more years of happily wedded life.

year.

Concluding the meeting's remarks Reeve George Leslie took Councillor "Pat" Patterson's remarks about the poor turnout of voters and compared today's figures with 1961 when the township had 2,000 less people. Mr. Leslie got over 1,000 votes in

that election, almost what both candidates polled Monday in the reeve race.

Ratepayers stayed to congratulate successful candidates and convey condolences to losers for a while after results were known. The successful candidates handed out stogies.

O.P.P. report

Three vehicle accidents in Safe Driving Week

Motor vehicle accidents once again headline our weekly Press Release. Despite Safe Driving Week beginning December 1st, four motor vehicle accidents were reported in the week November 26 to December 2, 1967. Three of these accidents occurred on December 2 and 3 and resulted in six persons being injured and over \$1,000 in damage. To say the least, it is not a very impressive start to "Safe Driving Week".

Other statistics compiled in the same week showed six traffic and one liquor charge laid, 13 traffic warnings issued, and 602 miles patrolled during the 208 work hours totalled by this six man O.P.P. Detachment.

General occurrences were again low, as only six complaints including one missing person, who was later located, were registered at the Acton Office, but one complaint did result in a local person being lodged in the Halton County Jail, charged with a Criminal Code offence.

In Magistrate's Court at Milton on November 27, 18 Acton informations were brought before the Bench, but only 10 were finalized. Eight persons were granted remands to a later date, one person saw the charge against him withdrawn and one person gained a dismissal in his case. But, eight others were all found guilty and paid fines totalling \$150, excluding court costs of \$21.

Winter has truly arrived and with it, Jack Frost comes painting his artistry upon our windows. To children his beauty is delightful. To the motorist, it is

but one more delay before setting out for work each morning — or, so it should be. Unfortunately we are plagued with a group of people who find it unnecessary to clear their windows.

You can see them each morning motoring through our town, their noses pressed against the windshield, peering through a 4 inch clear spot, oblivious of the pedestrian and vehicular movement all about them.

One morning, soon, these people will be subjected to a rude awakening! The Ontario legislature has seen fit to pass into law a section of the Highway Traffic Act which requires the driver of a motor vehicle to have a clear view to the front, the back and to both sides.

In the interest of safety, and in our duty to carry out the enforcement of our laws, the Acton O.P.P. have every intention of issuing citations to persons who fail to heed this most sensible piece of legislation.

A short time ago, the O.P.P. marked the first anniversary of its Public Information Service, of which this Press Release is a part. We sincerely hope we have been able to enlighten you on some of our activities and accomplishments experienced from day to day.

Can you suggest any improvements? We will gladly consider any offered.

It's bad enough to be a quitter. But it's worse to finish something you never should have started.

MANY THANKS

May we Express Our Sincere Thanks and Appreciation to the Voters of Esquesing Township Who Supported Us on Monday for School Board.
