

A PIG-TAILED PULLER on the Norval tug-of-war team dug into the dust, but it wasn't enough to defeat Limehouse strong-arms.

Speyside eventually won the event pulling down the four other school teams in Esquesing Township field day. (Staff Photo)

Coke plant, Dundurn Castle spring garden trip highlights

A full bus load of Golden Agers enjoyed a wonderful trip to Hamilton last week. The weather was perfect except a little foggy as the bus left Acton at 10 a.m. but the fog soon cleared away.

The first stop was the Coca-Cola plant. Here all donned safety-glasses for a guided tour of the bottling works. They watched the empty bottles being removed from the wooden cases, placed on moving conveyors and carried to a tank of solution where they were washed with wire brushes and came out sparkling clean to be inspected, while moving and discarded if necessary. Continuing on the conveyor belt the bottles were filled, capped and placed in wooden cases again, all by automation.

The travellers were each treated to a bottle of Coke to enjoy while watching a film depicting the history of the bottled beverage and also the relation of this industry to other industries such as glass, steel, cork, paper, rubber, etc.

The next stop was at Dundurn Castle where a leisurely lunch was eaten in the pavilion. Anyone who wished now paid to be shown through the Castle to see and admire the handsome furniture and fixtures. Others admired the beautiful and unusual birds flitting and strutting about in the Aviary.

The next stop was at the Spring Garden where the iris were in full beauty in all shades and hues - indeed a lovely sight. A short stop was made at the Art Gallery then on to the Downtown Business Section where the ladies did some actual, or window shopping.

All met at the Jet Restaurant at 5:30 p.m. for a hearty, hot meal before leaving for home.

Black storm clouds were hovering and wet pavements in places along the way showed that occasional showers had occurred. But the bus arrived back at the old Post Office and unloaded and most were able to scurry home in the high wind before the worst of the thunder and lightning storm broke over Acton.

It had been a full and enjoyable day.

The Club are looking forward to their next excursion - the Annual Zone Picnic in Hidden Valley, on June 20.

Let's Play Bridge

by Bill Coats

Maybe you cannot tell by the weather but summer is upon us again. Time for the Acton Bridge Club to put away the cards, fold the table and take it easy till fall.

Not that this columnist will give up playing bridge for the summer, but it's hard to keep hand records in rubber game. So this is the last article for a while. Duplicate players need not despair. The Georgetown Club will operate all summer at the Legion Hall in Georgetown on Tuesday nights at 8 p.m.

For this last article for a while, I would like to present a rather tricky hand from last week's game at the Acton Bridge Club. The dealer was West and North-South were vulnerable.

king but did it have to be a doubleton?

After winning the diamond, declarer took the club finesse, which won, back to his hand with a trump. Now declarer played out all his trump and his high spade.

This left South with two clubs and a diamond. What should West keep? Two clubs of course, and a diamond - but what diamond. In real life West could not bear to part with the king of diamonds. Declarer led his last diamond and West won. West had to lead a club and declarer took the last two tricks. A squeeze followed by an end play brought home the contract.

The fact that West could have avoided the end play by discarding a high diamond should not detract from declarer's fine play.

Last week's winners at the Acton Bridge Club were: first, Sue Sullivan and R. Burrows; second, Tom McKown and Bill Coats; tied for third Kay Harmer and Jack Coats with Betty Ashley and Katherine Coats.

Correction

Due to a breakdown in "quiet efficiency", the names Mr. and Mrs. Bert Davidson, and Mr. and Mrs. Robert Warno were left off under the picture of the Golden Agers in last week's paper. The two couples were at the far right of the picture.

Ammonia fumes fill house

When a refrigerator exploded Monday evening at the home of Mr. and Mrs. George Stevenson, Roseford Terrace, Mr. Stevenson went directly to the fire hall for help. Fire practice was on at the time, and several firefighters went to the house, put on Scott Air Paks and brought the refrigerator out, Choking ammonia fumes had filled the house.

60 h.p.

for only \$1798

The Toyota Corolla has more horsepower than any other car in its class. That means more get up and go. But that's not all. The \$1798 includes all the "extras". Like the big 3-speed heater, tilt-back front seats, alternator, windshield washer, double-barrelled carburetor, padded dash and sun visors, and 4-speed synchro-mesh. You also get up to 40 miles per gallon and a car that never needs greasing. All that for \$1798* Including the 60-horsepower.

Toyota Corolla.
