Two portable classrooms for overflow at school

By Mrs. D. G. Robertson

David Litch accompanied by his uncle, Ken Bayne of Guelph, spent a week's holiday at Manitoulin Island.

Mrs. C. Pinson, 3rd Line, returned home, following a two-week visit with her daughter and son-in-law at Penticton B.C.

Mr. and Mrs. A. Fenton and children of Riddell, N. S. are visiting with Mrs. Fenton's parents, Mr. and Mrs. J. Curran, 2nd Line, and other members of the family.

Mr. and Mrs. L. Faulkner and family spent a few days camping at Three-Mile Lake.

Mr. and Mrs. Vernon Stewart and family spent the holiday week end at their cottage at Lake Belwood.

Mrs. T. Fines and Doris, accompanied by the former's daughter and son-in-law, Mr. and Mrs. Wm. Henderson of Belwood, returned home on Wednesday evening following a three week visit to Belfast, Ireland. They report a pleasant trip by air, and good weather during their stay.

Mrs. J. Hills accompanied her daughter and son-in-law, Mr. and Mrs. Bruce Maitland, on a motor trip through the north. Friends are sorry to learn Robert Clark is a patient at Guelph General Hospital receiving treatment for pneumonia.

Mr. and Mrs. Don Dakin enjoyed a holiday with relatives in Pennsylvania.

A number of ladies attended a tea given by Mrs. L. J. Buck in honor of her daughter Sharon whose marriage to Silvio Valerio takes place Aug. 10.

Mr. and Mrs. C. Rodenburg, Harry and Nico of Wagoning, Gelderland, Holland, visited last week with the latter's aunt and uncle, Mr. and Mrs. K. Klooster.

Mr. and Mrs. Aleck Stewart, Ricky and Perry, enjoyed several days vacation at Grand Bend.

Mr. and Mrs. Sherlock Aitken spent a few days at the home of the former's parents, Mr. and Mrs. Gordon Aitken; Sherlock has enrolled in the fall class at Waterloo University, working towards his Master's degree. His

wife will be teaching at the high school near Baden, and they will be taking up residence at New Hamburg.

Friends are pleased to know Bob Bruce was able to leave the Guelph hospital on Saturday, after receiving a skin-graft to his leg, which is now in a cast. All hope for a speedy recovery.

Work is progressing on the two portable classrooms being built at the local school. Extra room was needed to accommodate the new kindergarten class starting in September, and the ever-increasing enrolment in the other grades.

Mr. and Mrs. Don Dakin, who recently sold their home on 25 highway at the river, have purchased a place close to Belwood, and got possession Aug. 31.

Mr. and Mrs. B. Coyle and son, spent a few days at Balm Beach; and the weekend with the latter's parents, Mr. and Mrs. William Mann at Trenton.

Due to the illness of Robert Clarke, the presentation for his and his bride, scheduled for last week has been postponed to a later date.

H.O.P.E. Workshop expanding trainees busy on projects

New director of Halton Opportunity Product Enterprises workshop at Hornby, Henry Isham returned from a six-week stay in hospital to find almost unrecognizable premises recently.

An addition to the rear of the building, to be used as the wood-working department, has been completed with the trainees doing much of the painting themselves.

The Kinsmen Club and Kinettes of Georgetown laid a new tile floor and have been helping with delivery of re-webbed lawn chairs in Georgetown while Milton Lions Club has assisted with collection and re-distribution of chairs in the Milton area.

One of the recent contracts the workshop made was with Northern Electric for the assembly and sorting of 30,000

OBITUARY

Sailor, artist, writer James Gibbons dies

After an active, full life, brimful of memories and alive with the traditional English love of books, art and the sea, James Gibbons passed away at Guelph General Hospital Thursday, July 25, in his 93rd year.

A veteran of the era when tall masted sailing ships and the clipper made England's globe-girdling merchantmen known over the seven seas, Jim Gibbons never lost his enthusiasm and energy until the last month of an illness which lasted two years.

Immersed in reading, painting canvases with emphasis on seascapes and a lively interest in current events; he also found time after retirement in 1940 to write a log book of his experiences. Born in England, he attended school on the training ship H.M.S. Arcturion, a vessel which took an active part in Lord Nelson's fleet at the battle of Trafalgar.

His first job was on the old sailing vessel, the Norwhal, which took 70 days to sail from England to Lima, Peru, with railway ties. His love for the sea stayed with him all his life and he was fond of recording his impressions on canvases.

He emigrated to Canada in 1907, settling in the Coldwater area before moving to Braccobridge. He served overseas with the 122nd Battalion in the First World War.

Employed by Beardmore and Co. in Braccobridge, Mr. Gibbons and his family moved to Acton in 1922 when the company consolidated operations.

Mrs. Gibbons (Emily Thomas) predeceased him 18 years ago after the couple celebrated their golden wedding anniversary on Cameron Ave., where they lived for many years.

He spent his later years at the home of his daughter Mary and husband, Mr. and Mrs. Colin MacColl where he became an enthusiastic gardener.

Mr. Gibbons leaves three sons, James, Hanover; Charles, Godorich; Cecil, Markdale; five daughters, Mrs. Florence Newbery and Mrs. Margaret Coles, both of Guelph; Mrs. Nellie Cripps, Flint, Michigan; Mrs. Nora Papillon and Mrs. Mary MacColl, both of Acton; brother George Gibbons (Horton Manor) and Mrs. Sophie Walsley in England. A son John of Detroit, Michigan, predeceased him.

On Kelso lake

Must wear life jackets

The wearing of life jackets is mandatory, not optional, while boating in Glen Eden Lake at Kelso Conservation Area.

Members of the Halton Region Conservation Authority decided to enforce a ruling on life jackets last week, after a brief discussion during their July meeting. At present life jackets must, by provincial law, be carried in boats rented to the public at a private concession at the lake, but the Authority decided they have to be WORN... or else.

Authority members noted Glen Eden is a deep lake (35 feet in places) and the water is so dark it might be difficult to find

a person in trouble there. Member Allan Wright said the boat rental agency was enforcing the rule about life jackets being carried in the boats, but they were not much use unless the boaters wore them.

Members agreed to invoke the ruling that life preservers must be worn, and suggested the boaters' rental deposit might be forfeited in penalty for not wearing them.

of the Windsor Raceway.

Ever watch the trotters going through their paces down at the Windsor Raceway? What with the speed, the colour, the excitement, you may never have noticed that you stay completely comfortable. But you do. They've gone out of their way to ensure your comfort, winter or summer—and they've done it with natural gas. From the clean, fresh air you breathe, to the goodies on your dinner table, natural gas behind the scenes is quietly contributing to your comfort. In fact, the things that gas is doing at the Windsor Raceway can be as exciting to a home-owner as the race itself!

Look at the big Grandstand windows:

Natural gas keeps the big 6,000 seat grandstand warmed with clean, filtered fresh air. The windows put it to the test: they stay clean and dry whatever the weather, because the gas heating system doesn't allow soot or frost build-up. No condensation can take place—because gas-heated warm air literally "scrubs" it off!

Peak of the modern kitchen: They're fully equipped with natural gas appliances. The chefs prefer them for speed, precision, economy. Most chefs do, as a matter of fact. Think of it this way: gourmet meals are easier to make with natural gas for cooking.

Glance at the Taps: From grandstand to stables to paddock natural gas heaters maintain an unlimited supply of piping hot water—gallon after gallon of it! Your home calls for only a fraction as much, of course—but gas will give you the same speed and dependability.

Windsor Raceway, like so many big complexes in South-Western Ontario, chose natural gas because only natural gas does so many things so well—efficiently, economically, dependably. And natural gas can do as much for you. Look into it. Talk to your contractor or United Gas.
