## Delay hiking trails await cost report

The possibility of increased maintenance costs in county forests caused Halton County Council to delay consideration of the establishment of hiking trails.

The Circular Trail Association's request was not acted on until an estimate could be received from the Department of Lands and Forests on possible costs.

Deputy Reeve A. Speight concluded the discussion, noting the committee was simply interested in the amount of increased cost and there was no urgency until the Department of Lands and Forests developed that information.

# Ford for 1969... It's the Going Thing!

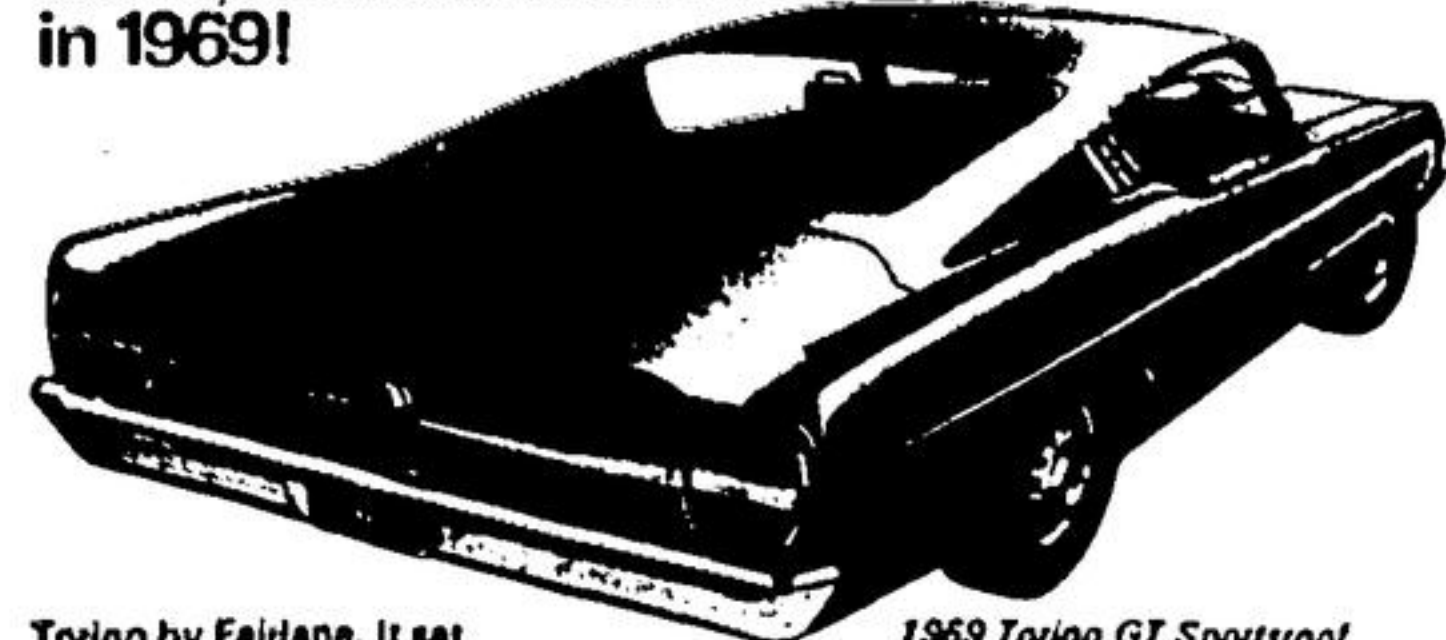

**Ford—  
Longer. Wider.  
More car than  
you've ever seen  
before at a Ford price.**

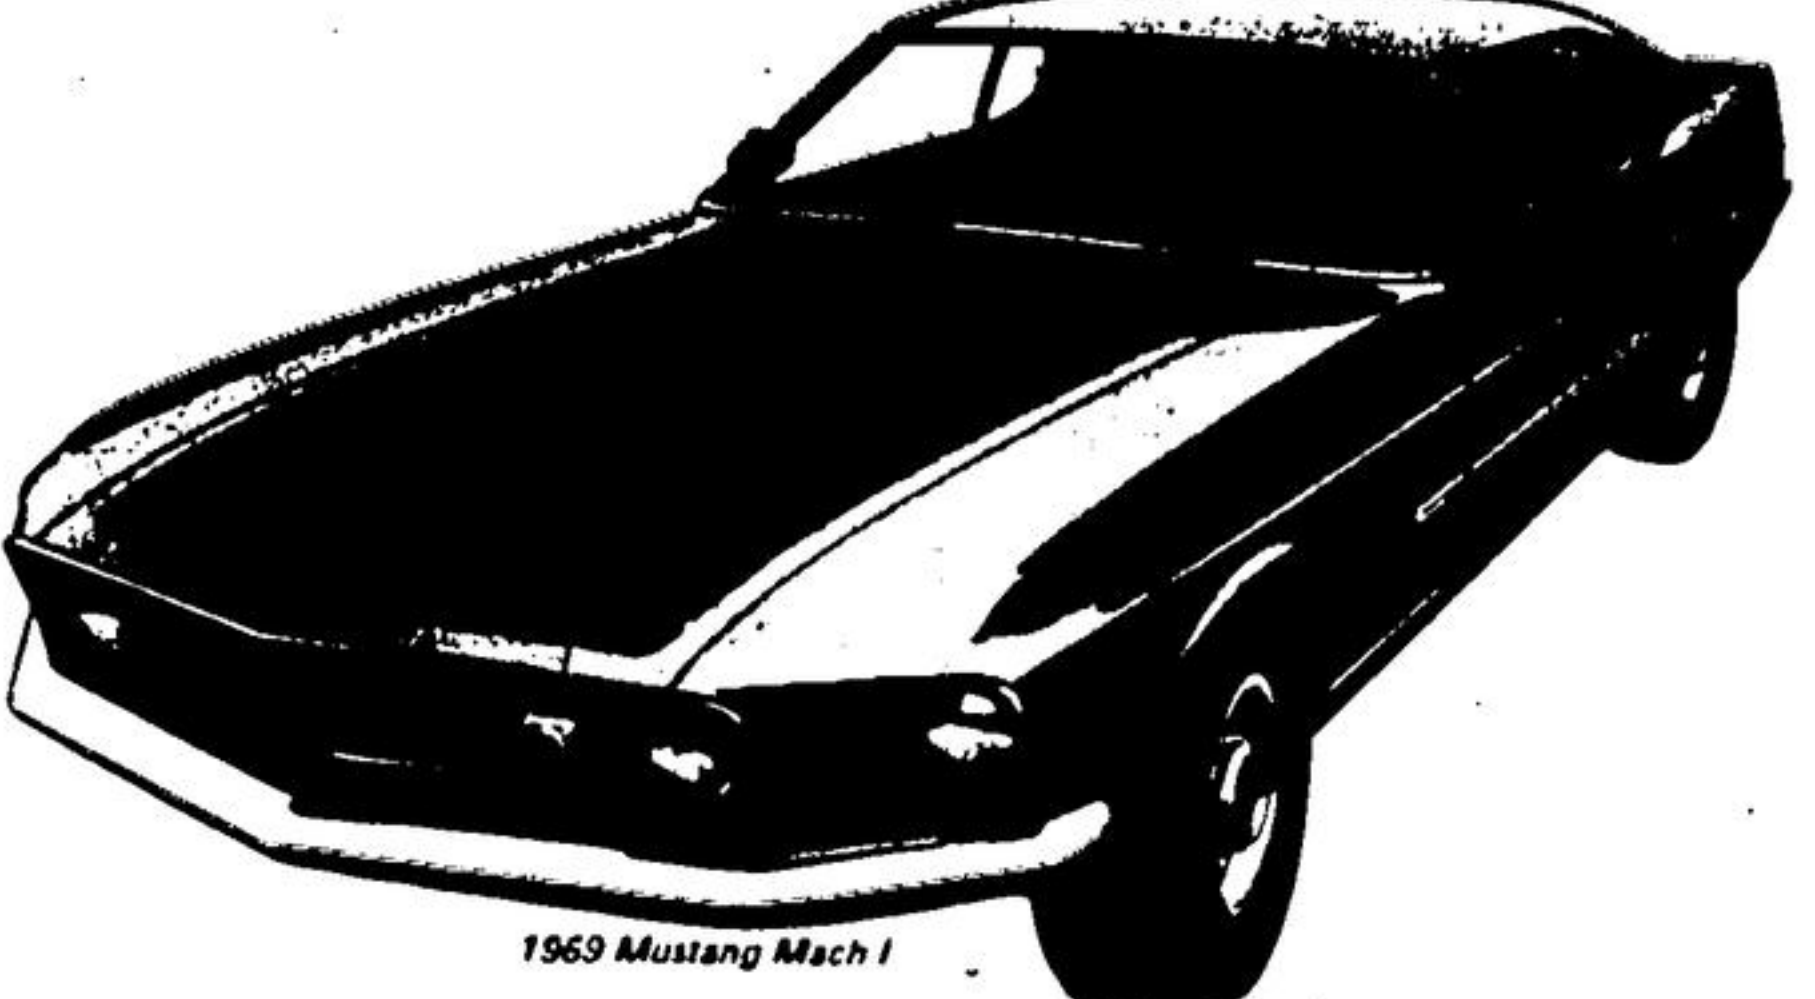

Did you mistake it for one of Canada's most expensive cars? Lots of people are doing that. And with good reason. The 1969 Ford hugs the road with as wide a track as a Cadillac. The 1969 Ford has more front headroom and legroom than an Imperial. The 1969 Ford LTD has a ride designed to be quieter than the LTD that was quieter than a Rolls-Royce. The 1969 Ford smooths your ride with a longer wheelbase than a Chevrolet. Yet, even with this longer wheelbase, the 1969 Ford is easy to handle, easy to park... it turns in an even smaller circle than last year's Ford. This is a new luxury-size Ford at a very popular Ford price. Big. Strong. Quiet. A great road car.

**Mustang—  
Somebody finally  
built a better Mustang. We did.  
five of them.**

**Torino—the hottest new car of 1968  
comes back even hotter  
in 1969!**

Torino by Fairlane. It set sales and performance records in 1968. And it's ready to break them all over again in '69. With a new high-powered 428 Cobra Jet engine. And a track grabbing, extra-long wheelbase. Inside Torino is cool. Cool luxury. And a list of options second to none. Go with the Torino/Fairlane line this year. It's 16 models strong. With hardtop, convertibles, sportroofs, and wagons. And it includes the brand new all-out performance machine, Cobra. This year, get with Torino/Fairlane.

Nobody's ever been able to beat the original Mustang. Until now. The 1969 Mustang is all-new. Longer. Wider. Roomier than ever. With five classic models: Hardtop, convertible, sportroof, new super-cool Mustang Grande, and super-hot Mustang Mach 1. But one thing hasn't changed. The 1969 Mustang is still designed to be designed by you! This year, go young again with Mustang 1969.
