

CHURCHILL

Ghana visitors see modern farm

By Mrs. F. McArthur

Mr. and Mrs. Cecil Berry of Arthur were recent visitors with the Griffins.

Mr. and Mrs. Rudy Schindel and family of Beamsville spent Sunday with their sister and brother-in-law Mr. and Mrs. Clarence Denny and family.

Mrs. W. J. McDonald attended a meeting of Trained Practical Nurses Association in Toronto on Thursday evening, October 24.

Several from this community attended the Zone 5 Annual Meeting of the Agricultural Society held in Acton Knox Presbyterian Church on Tuesday evening, October 22.

We are pleased to report Mrs. Leslie Swackhamer is able to be home from St. Joseph's Hospital Guelph after undergoing surgery. We hope she will soon be about again.

Mr. and Mrs. Robert Miller and family of Brougham visited with Mr. and Mrs. Bob Kerr last Sunday.

Mrs. Ward Hamilton, Debbie, Betty and Andy had a very pleasant weekend at the cottage of Mr. and Mrs. Jim Allen at Gull Lake, Haliburton.

The friends of Mr. and Mrs. William Butler will be very pleased to hear he has improved very well since returning home from Toronto hospital after his accident. He was able to attend Erin Fair with Mrs. Butler and their daughter and son-in-law, Lloyd and Wilma Flear.

Mr. and Mrs. Allan Money of Windsor visited on Friday with Mr. and Mrs. Bob Kerr.

The Churchill annual Halloween party held Saturday night October 26 was again a real success. It was sponsored by the C.C.C.W., while the young people of the church, under the direction of the minister Mr. Bob Hyde, planned and carried out a very active program. Their imaginative decorations lent an appropriately spooky atmosphere.

Miss June Swackhamer was master of ceremonies. Visiting judges were Mrs. Jesse McEnery and Mr. R. L. Davidson who found it a difficult task to award prizes from amongst the dozens of cleverly contrived and amusing costumes.

The program ended on a climax with a wild scramble for peanuts and sweets yielding every child a fist full of goodies. The evening ended with a bountiful lunch served by the ladies, also tea coffee and freshies.

Mr. and Mrs. John Near spent Sunday with Mrs. Near's mother Mrs. Mabel Hattie in Shelburne.

Miss Penny Richardson of Scarborough and Mr. King Gharthey of Ghana, Africa who are both post graduates of the University of Toronto, accompanied by Mr. Mel Howson and son Bob of Acton who had planned the excursion visited at the home of Mr. and Mrs. Bob Kerr. Mr. Gharthey expressed an interest in rural and farming techniques in this country and enjoyed seeing modern farming and equipment used on the Kerr farm. They also visited with Mr. and Mrs. Norman Turner and enjoyed touring the Precast Plant and having explained the modern way of living in rural districts.

Mr. Archie Kerr, Mr. D. J. Duenk and Mr. Ken Allan of this district played with the Lorne Scots Military Band on Saturday

LOOKS AREN'T EVERYTHING, but can a six-legged, two-tailed steer really find happiness in the herd? Evidently being slightly different hasn't affected this Holstein in the least. The steer was two years old last April and still grazes in perfect health on the Max Storey farm just outside of Rockwood. (Staff Photo)

Lions hear talk auto insurance

Acton Lions listened to an explanatory talk on car insurance from Fred Legg, district manager of Wellington County Co-operators Insurance Co., at their Monday dinner meeting. Then they had the opportunity to ask the speaker questions on the subject.

Mr. Legg said much of the confusion connected with insurance companies in the news media has been the result of poor communications between the companies and the policy holders.

The basic principle behind insurance is sharing the losses of a few among many. Auto rates have doubled over the past six years because the companies are called on to assume greater risks. Rates are determined by many factors including age, where you live and drive, mileage, your record, health and the type and year of car, among other things. The amount of premium policy holders pay depends on

and Sunday evenings at Burlington. The band accompanied the Boy Scouts of Canada, Burlington District Campfire Festival throughout the program directed by Captain E. G. Cowlett C.D.D. Mr. and Mrs. Don Anderson, Donald and David also Mrs. Archie Kerr attended and enjoyed the program very much.

Mr. and Mrs. Fred MacArthur visited on Sunday at the home of Mr. and Mrs. Dan Kidd and family in Nassagaweya.

the risk. Premiums of one group for instance drivers under 25—must balance claim costs. Drivers under 25 are the biggest risks, hence large premiums.

Mr. Legg emphasized it was the automobile not the owner, which was insured. He outlined the various types of insurance an automobile could carry and the coverage.

The speaker was introduced by Lion Dave Hunter and thanked by Lion Chief Ray Evelyn.

Since Lion Secretary Bob Hall had procured new song books to augment the tattered originals, Lions were able to sing along under the Lion Chief's leadership with a "Lion to a book." Prodding was done by Tail Twister Vic Bristow who engaged in cheek-and-jowl discussions with Lions Peter Papillon and John Trotter before extracting pesos for the fine Lion.

Guests at the meeting which drew a 100 per cent attendance before it was over included Lion John Veals from the Erin club, and Jim O'Hages who accompanied Lion Peter Papillon from Toronto.

The Lions are planning a Ladies Night at the music centre

\$50 damage

James Arnott, Peel St., Acton, discovered \$50 damage to the left rear door on his parked car, probably caused by another vehicle. The incident was reported to police at 9:45 p.m. October 26.

O.P.P. report first accident

Over one full month of Accident Free Driving was interrupted in Acton during the past week, Oct. 20-26, as three collisions, causing \$1,700 property damage, occurred in less than 48 hours. Fortunately, no one was injured.

Accidents, however, are inevitable if poor driving habits continue to be a practise. Nineteen summons and eight warnings, issued by the local detachment this week for offences such as speeding, failing to obey stop signs and careless driving, strongly indicate we were lucky to have only had to investigate the three.

General duty occurrences for the week dealt mainly with lost and found articles.

A few weeks ago a pellet was fired through the window of a local home and the person's responsible found to be under the age of fourteen. Throughout the course of this investigation it was found that apparently many parents are unaware of laws governing the use of these firearms.

The Criminal Code of Canada forbids any person under the age of fourteen to have any firearm, air-gun or ammunition without a special permit.

Storekeepers who deal in the sale of these firearms are required by law to check the age

of the person receiving the firearm or ammunition thereof and strongly urged to remind parents purchasing air-rifles or pellet guns for their offspring that the child must be 14 years of age to lawfully have these weapons.

Baptized

Melanie Ann, daughter of Mr. and Mrs. J. Bray, was baptized at St. Alban's Church Sunday with Mr. and Mrs. Vic Bristow as godparents.

No deer season

There will be no open deer season in Halton County this year.

County Council was advised last week the County of Wentworth had rejected an open season and Halton's earlier approval had been based on acceptance by the neighboring counties of Wentworth and Wellington.

Learning of the rejection, Reeve G. Gallagher of Burlington suggested the Department of Lands and Forests should be permitted to establish areas for an open season rather than following county boundaries. He also proposed consideration to allowing the Department to kill the over population of deer under certain conditions.

Also available **MATCHING MOFFAT RIVIERA 1 WASHER:** Gives you Moffat automatic dependability.

FROM MAYTAG-DG306 NATURAL GAS DRYER: Matching Maytag Washer also available. **\$249⁶⁹**

Available from your gas appliance dealer, department store, or

United Gas

From Moffat-Riviera 1 Permanent Press Automatic Gas Dryer

Permanent press fabrics should be machine-dried at a maximum of 160°, with a ten minute cool-down period. Your new Moffat Riviera 1 ensures you of this. And, clothes dry better because they are fluffed and tumbled in ample space. The big 8 cu. ft. dryer cylinder is perfect for permanent press garments which need ample room for wrinkle-free drying. At the same time, Moffat's heavy duty construction assures you of continuing service. The drying cylinder has three-point suspension that virtually eliminates strains and stresses caused by heavy wet loads. So, join the happy ladies who will have a Moffat Riviera 1 for faster, gentler drying of their clothes this winter. Available in white only.
