REPORT

Lanes in Hamilton, 397 of Ontario's top Master Bowlers, both male and female were teamed up with a bantam boy and girl and the Acton nuptials finished in the top 20 to take home their prizes of school book-binders and tournament crests. Picture if you can all the Master Bowlers in their powder blue uniforms and bantam bowlers in their various coloured bowling shirts, bowing on 48 lanes before spectators who were standing four rows deep and you have a colourful action scene that explains why bowling is the largest participating recreational sport in Canada. With 394 of Ontario's top bantams competing the Acton team exceeded the highest hope of Y.B.C. Supervisor Ivy Martin and yours truly. The straight ball follow-through style of Valerie caught the crowd's fancy and the sweeping curve of Ronnie had the same spectators gasping as his curve ball would come back from the edge of the gutter and break into the headpin zone. The kids' bowling had Master Bowler Bill fired up and his steady ball control and encouragement did much to bring his charges along. For the record, Valerie bowled 596 with handicap and Ronnie bowled 665 with handicap. Encouragement from Bill's six game shot of 1493 gave Acton a total pinfall of 2832 and their place in the sun of the top 20. Although all winners received rounds of applause at the prize presentation, when Master Bowler Bill escorted his two Actonites up for their share of the prizes the applause was loud and sustained. To this we add our congratulations to the three bowlers and to Valerie and Ronnie's parents who have every reason to be proud of your young bowlers, not only for their bowling but for their bowling etiquette and sportsmanship the most progressive bowler that showed up in Joe Vryenhoek of the Caroline Garden Centre league. "Honey Joe" strung a string of 183-184-185 and now for the apology department. Moments as if in last week's account of the Caroline Garden Centre league, Murray Bateman's score was credited to a

was apprehended; and one person was charged for driving while under suspension. All other occurrences were of a minor nature.

During this time period 11 accidents were investigated. Of these one was a fatal accident resulting in death to one person; six were property damage accidents and four were personal injury accidents resulting in injury to eight persons. The fatal accident was the 11th investigated by Milton Detachment this year. Total property damage in all accidents was estimated at \$12,440. Investigation into these accidents resulted in five persons being charged for infractions of the Highway Traffic Act.
