Is a Safety Checked Vehicle sufficient to give you, The Motorist, complete satisfaction?

We at Milton Motor Sales believe there is much more, and these are a few reasons why we Give Satisfaction; Or Your Money Back.

- The motor must be thoroughly examined by our factory trained technicians, for excessive use of oil, compression tests are taken, valves are ground if necessary, worn parts replaced when necessary.
- The vehicle is road tested at various speeds in the event that the transmission or differential is worn and needs adjustment or replacement.
- The electrical system is checked on our electronic scope to ensure peak performance and fast, dependable starting all year around. Carburetor and spark plugs are cleaned and set.
- We guarantee front end alignment for 60 days. The new car manufacturers will not do this!
- Our used car guarantee is the most extensive in the automobile business.
