Bain survives large field to capture feature win

By Vivian Shaw
Action at Acton-Owingspe Speedway Sunday afternoon started even before the first race. Ken Nicholls, a newcomer to the track did a complete roll and his car landed on its roof. However, Ken was able to get his car back in shape for his first heat.

Students compete in postathon

Two hundred and fifty M. Z. Bennett students divided into teams of 10 competed in a postathon yesterday.

Students dropped tags bearing their team letters in four different boxes placed at the corners of the quarter-mile rectangular course.

Students were free to run the course from eight until nine in the morning, at morning and afternoon recesses, at noon hour, and from four until five in the afternoon.

Teacher Ed Leatherland, who organized the event from an idea he received at his physical education summer course, estimates the students completed 1,274 miles. One boy, Peter Pavli turned in 15 miles himself.

Students from grades four to eight took part in the competitions.

Invest bequest

Councillor McKenzie told council that the \$14,000 bequest left to the town of Acton by the Mabel Sanderson estate had been invested in short term notes until the committee decides the best thing to do with it.

Mr. McKenzie said the committee decided they might as well get a better rate of interest until they decide what Fairview cemetery needs in the way of improvements.

Highly qualified gymnasts would like to teach in Acton

knowledge of the sport to Acton and district people who might be interested.

The Krudwigs have moved into a new home at R. R. 2, Acton, in Erin township and they're like to start a class at the Y.M.C.A. in gymnastics.

Instructors at the Harmonie Club in Toronto, the East York Gym Club and the Bayview Gym Club during their stay in the Queen City, they've developed many fine gymnasts, some of whom you'll see in Canada's Olympic team at the next games.

They've both got a list of credentials and trophies the proverbial mile long but their enthusiasm for gymnastics has never waned since they first started in Germany.

Bernd was second in the North American competitions and a gold medalist in the Canadian series '68 championships. This athletic young man missed out on being a member of the Canadian Olympic team at the last games in Mexico because he was three months short of acquiring his Canadian citizenship.

But he's been all over the States and Canada with his little white competing in competitions and coaching youngsters on the way up. Mrs. Krudwig was doing a similar job with the girls.

of gymnastics goes back to Laugenfeld, Germany, a city of 60,000 near Dusseldorf, where they both shared mutual interests in track and field. Annemarie Vogel, who later married Bernd Krudwig after they emigrated to Canada in 1963, was track and field champ of her home town in 1959 and 1960.

They are much sought after to teach gymnastics in several

HEADPIN HILITES

This past week saw all leagues underway and some of the scores have been amazingly high for the start of the season. They're not all confined to the male sex either, some of the gals have made with the big singles and triples. May they continue their good bowling heard the odd grove and grumble in some of the leagues. Would like to point out that the league executives do the best for all concerned and while their efforts may not please the odd individual remember as I said, they do what they think is best for the league. As the old saying in bowling goes, "If you can't boost your league, don't knock it." Youth Bowling starts this Saturday and Supervisor Ivy Martin is still requesting more potential Youth Bowlers to please register in advance. Things are hectic enough on the first day of bowling without a last minute rush of youngsters wanting to sign up. For the fact record, Y.B.C. bowling was started seven years ago by the Bowling Proprietors' Association of Canada. The Y.B.C. membership across Canada reached a record high of 38,325 youngsters quite a few new faces in "Ye Olde Bowling Alley" this season. We bid them welcome and sincerely hope they enjoy their bowling and new companionship. Just remember, when you start bowling, "Don't bow and leaving "Comers". Don't blame it on the machine, don't blame it on the ball. Don't count the pins that wobble, just count the ones that fall—that's it for now my friends, so adios amigos and goodnite Concord City.
