BABIES BOW-LEGGED

All babies look bow-legged for their first year or two, says the federal health department publication, The Canadian Mother and Child. It is not due to early walking but to "baby fat" on the outside of their legs. The average time for walking is 13 - 14 months, but it may be anywhere from 10 to 18 months. Usually a heavier baby is slower to walk.

O.P.P. Break in nets \$3,500 report is quiet Hallowe'en

During our reporting week of October 26 to November, 1969, the men at the Acton Detachment, while working a total of 290 hours patrolled 572 miles of town roads.

A Break, Enter and Theft at Blow Press Ltd., Acton on Oct. 29 netted thieves \$3,500 worth of bronze bushings. Two men are before the courts charged with this offence.

Other occurrences investigated were of a rather minor nature; insecure premises, found property and one liquor offence rounded out the blotter.

On the traffic sheet one property damage accident was reported, when an auto left parked by its owner ran away and struck a dwelling house causing a total of \$250 damage. This accident should serve as a reminder to all motorists what can happen unless you take the necessary precautions. Keep your emergency brake in good working order and apply it fully if there is any danger of the vehicle moving. You may not be so lucky. Your vehicle may strike a child.

Hallowe'en - October 31 - was observed in Acton with merrymaking and the playing of pranks by children. Actually, from a police view, it was a good Hallowe'en.

Sure, there were a few eggs and tomatoes thrown but nothing too serious. Not one report was received at this office concerning any serious damage. A tip of the policeman's hat should go to all the local youths who had a good time yet kept it within the bounds of the law.

Liberals seen happy with administration

David Butler, president of the Halton Liberal Association says his committee received an excellent response from a survey of association members asking how they felt about the Liberal administration and their representative.

About 40 per cent of the 800 Liberal members replied to the questionnaire and an overall favorable picture is cast for the near future. But you can only expect about two per cent to answer on a door to door effort and many of those who do answer are against the government and taking a chance to say so, he noted.

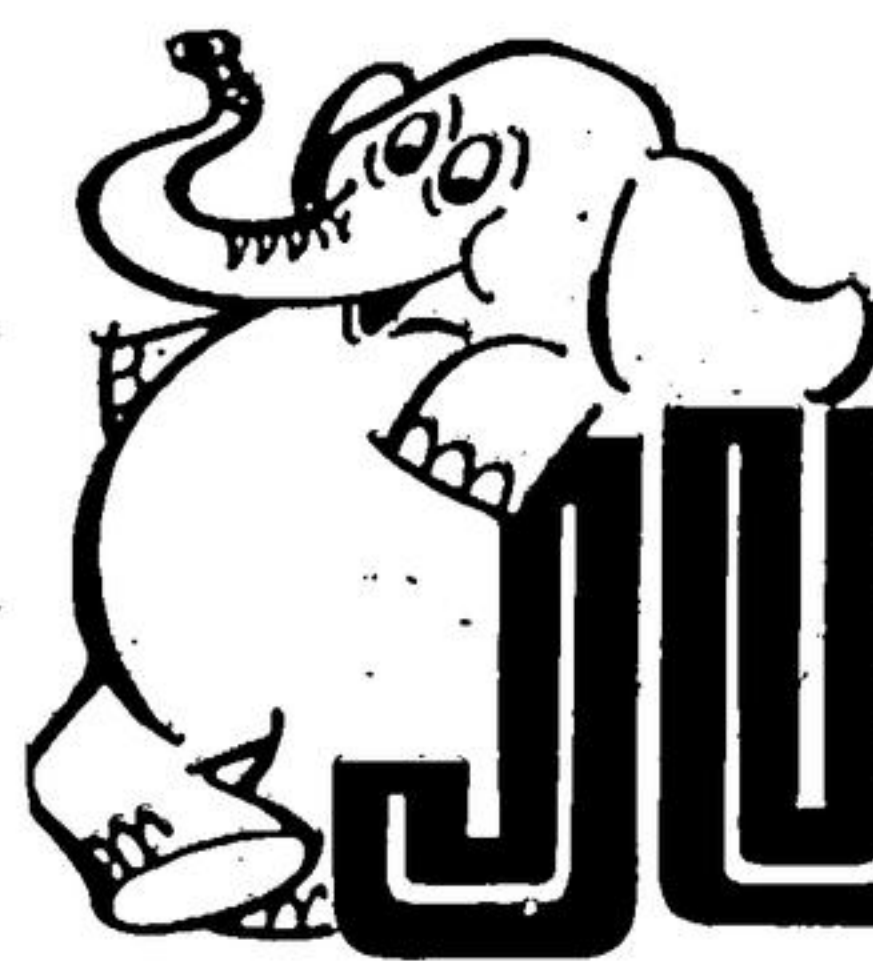

Mr. Butler said a house to house survey asking much the same questions would be asked in the near future. But you can only expect about two per cent to answer on a door to door effort and many of those who do answer are against the government and taking a chance to say so, he noted.

M.P. Rud Whiting will release results Friday in his speech to the association at a dinner dance in Oakville.
