**The "RIGHT HOUSE," Hamilton,**

**Thomas C. Watkins, Hamilton, Ont.**

**Hamilton, March 27, 1870.**

Any increasing daily, he is enabled to sell at such very low prices as to defy successful competition. Customers may depend upon it that the Goods will be marked up on account of the large duties being put on, until the autumn, when Goods must get very much dearer, therefore, he would strongly recommend his customers to lay in large stocks of Goods this Spring, while they can have a large amount to select from, and remember that it is your own interest to call at the Right House to purchase, for his goods were in before the increase in the duties, and were marked off at a very low advance on the cost, and no change will be made in the prices until next September, although there is scarcely an article that is not worth from 10 to 20 per cent. more now than the marked price, which is in plain figures, from which no change will be made, Millinery, Mantles and Ladies' Dresses made to order in the most fashionable styles. Carpets, Linoliums, Oil-cloths and Mattings made and laid in the best manner. Please do not ask credit, it cannot be given at such very low prices. The "Right House," Nos. 30 and 32 King-st. east, one door west of Hughson street.

Before the Great Advance in the Fall of 1869, this enormous stock of Goods had been bought in the European and American Markets at the very lowest prices goods have ever obtained during the distressing depression which prevailed all over the commercial world. William T. Watkins, who has since returned from Europe, purchased Bills for 1000000 less than the same goods were sold for to other Canadian Merchants who were earlier in the market, and goods are falling to less than cost on account of more being made than can be sold profitably. Watkins has had a sharp look out for the interest of his numerous customers, and has a stock more than double as large as any other Retail House in Hamilton, where all those who study their own interests will find one of the largest, best selected and cheapest stocks in Canada to purchase from. From his high standing in the markets of the world as a cash buyer, and his long experience, since 1849 in the business, he is enabled to buy cheaper than many wholesale houses; while his system of having only ONE PRICE, all goods marked in Plain Figures, and CARE ON DELIVERY for his goods, coupled with his courteous sales, which
