Paine's Celery Compound Strengthening and Health-Giving Is The Best Mid-Winter Medicine.

This Is the Season When the System Should be Purified and the Blood Made Pure.

...ours each day and night in badly ventilated homes, offices, stores and workshops, the system should be fortified and the blood thoroughly cleansed so that disease may be successfully resisted.

Paine's Celery Compound is the best mid-winter medicine for all ailing, weak or rundown men and women. It is the world's great disease banisher and system builder. It quickly furnishes nutriment for the innumerable nerve fibres; it arouses the organs of digestion to brisker action; it enables the wasted body to build up flesh and muscle, and dissipates the seeds of deadly disease. To all who have sallow faces, hollow cheeks and sunken eyes, betokening ill health, we say use Paine's Celery Compound and you will find a new and happier existence. New blood, fresh vim, energy and activity gained in January and February will give you a solid foundation of health for the coming spring time. Mrs. Hopper, Thornhill, Ont., says:

"With great pleasure and satisfaction I wish to add my testimony to what has already been said in favor of Paine's Celery Compound. For a very long time I suffered from general debility and rundown system.—Having heard of Paine's Celery Compound, I determined to give it a trial, and am happy to say it has done for me more good than I can express. For ten years I doctored with other medicines without any good results but, after using Paine's Celery Compound I am perfectly restored to health, can eat well, digestion is good and my sleep is sweet and sound. Altogether, I am a

...AND LOST HAIR OF YOUTH.

From the Toronto Mail.

Toronto, whose locality is somewhat under dispute, and Victoria South, was in Kingston yesterday afternoon on his way home from Ottawa, where he had been attending to the duties of his office. Mr. Smith was met with enquiries as to his health, and replied that he was feeling in a comfortable condition. There was no exclamation of surprise, no whisper to the nurse, and the orderlies, approached with a stretcher to take Tommy to the mortuary. The surgeon, however, stepped in the middle of the funeral preparations. To the elder who stood by in an equal state of wonderment our friend Smith faintly but firmly announced that his demise was, to say the least of it, somewhat anticipated. The nurse hesitated a moment and then the voice of duty triumphed.

"The doctor says you are dead, Smith and he ought to know best. If you wish to make a complaint you must do so at the mortuary."

IN ROUND FIGURES.

Not long ago a lady was giving a lesson. Her subject was the human figure, and the requirements, in the way of proportion, for beauty. She herself was of generous—one may say unwieldly—size and her manner was supercilious and lofty. She was trying to demonstrate the relative sizes of the limbs as they really ought to be.

"For example," said she, "twice round my throat"—she touched it—"twice round my chest, twice round my waist, twice round my thigh, twice round my knee, twice round my calf, twice round my ankle."

Here she paused, and a shrill voice from the audience continued:

"Twice round your waist, once round Hyde Park."

The lesson was kindly passed on by another hearer of the advice.

Mother

"My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured."

D. P. Jolly, Avoca, N. Y.

No matter how hard your cough or how long you have had it, Ayer's Cherry Pectoral is the best thing you can take. It's too risky to wait until you have consumption. If you are coughing today, get a bottle of Cherry Pectoral at once.
