Paine's Celery Compound Cures Rheumatism.

The Only Medicine That Prevents a Return of the Terrible Disease.

Rheumatism which does its terrible work in the muscles, joints and tissues, is caused by uric acid which gathers in the blood. To get rid of this gallstone and which produces the irritations, pins, aches, inflammations and swelling pains, rheumatism, Paine's Celery Compound should be used without delay. No other medicine gives such prompt, cheering and happy results. It is the only medicine that prevents a return of the dread disease. *Paine's Celery Compound* braces the nerves, the blood to fight off all irritating poisons, tissue and muscles are built up and the digestive organs perfectly toned. Do not treat with indifference the slightest symptoms; early use of Paine's Celery Compound will prevent weeks and months of suffering. Mr. E. J. MacDonald, Cornwall, Ont., writes as follows:

"For three years I suffered terribly from rheumatism. It seemed to me that I was forced to endure all the agonies and pains that a mortal could possibly experience from the disease. While suffering, I tried many of the advertised medicines, also doctors' prescriptions, but never found a cure until I received a supply of Paine's Celery Compound. It worked like a charm, and soon I was at every root of my trouble. I am now cured; all pains are banished, and in every respect I am a new man."

"Did that bottle of medicine do your aunt any good?" "No; as soon as she read the wrapper she got three new ones."
