CONDENSED NEWS ITEMS.

The Band played a number of entertaining selections on Dominion Day. The annual Sunday Rally will take place in the Congregational church next Monday morning. The Seven Social in the Methodist church, given by the Ladies Aid, on Friday the 7th inst. Normal four leads the market. Grad and wood wanted. See change of adv. next issue. Mrs. Annie & Sons have had a very successful year. They paid 50 per cent more in wages than their agreement calls for. Farmers bring your sows to T. J. Spaight's and have the ledger plate ground. It makes an old sower out like new. The garden party, under the auspices of the Ladies' Aid of the Methodist church, was a success. Mr. and Mrs. James Cleve, Normal road, was a grand success. Mr. J. H. Cameron sustained his reputation as a versatile entertainer, in fact we are informed that one of his pathetic selections caused a member of the band to shed tears. The athletic contest was a success. The 20th Regt. band supplied the music of the evening, and are certainly making for themselves a reputation which may well be envied by other bands in this neighborhood. Rev. H. A. Cooke, who presided at the opening of the evening, introduced Rev. Mr. Gwynne, the new pastor, who replied in a most pleasing manner. The proceeds amounted to about \$150, and all went toward the hospital extended by Mr. and Mrs. Cleve.

Use for Tramps.
There have been a considerable number of tramps in this section during the past few days. Some of them are busy buggers and are making themselves obnoxious at farm houses, especially when they see no able-bodied men around. One young lady reports that she was walking to her place of employment the other day when a great big fellow came up to her and during the lunch she carried in her hand. Of course she was glad to part with it under the circumstances. In this connection it may be stated that any full-grown man who goes to a house and asks for something to eat is regarded as a vagrant and should be reported to the nearest magistrate or constable. This is the only way to get rid of these lazy scoundrels who are responsible for the horrible crimes with which the country has been frequently convulsed during the past few years. More constables ought to be appointed in the country districts for the purpose of bringing to account any stranger who is able to work and who goes about begging.

Great View at Oakville.
The Oakville Orangemen, says the Star, have been about the business for a few quarters. They have been preparing to give a grand display of their strength and to hold in town this year. This announcement the feature of the display will be a parade of the band and the marching band. There will also be single fairs from other points. The marching band will take place at the harbor and include walking gassy pole, tug-of-war, and other games. The parade will form on the lake bank and march to the agricultural grounds. There will be a band of about 500 men. The parade will be held on the 14th inst. The parade will be held on the 14th inst. The parade will be held on the 14th inst.
