NORVAL.

The Methodist anniversary will be held on Sunday 14th. Rev. W. M. Howlett of Toronto will preach both morning and evening. Good singing.

The Presbyterian anniversary will be held on Sunday 21st. Rev. Russell of Hamilton will preach at both services.

St. Paul's Sunday school entertainment and Christmas tree was held in the Orange hall on Monday evening, Dec. 25th, and as usual, was a decided success. The children did their part well in the pretty Christmas motion carols, recitations, and in the "Evergreen drill. The choir rendered a suitable carol and six young men gave an amusing dialogue, "An Army of Applicants," which was well received. The programme ended with the "Spinsters' Convention," which caused great merriment. During the intermission a purse of money was presented to Miss Maxted, the organist of the church, as a Christmas gift from the congregation. Mrs. Robinson read the address, the purse was presented by Mrs. Day, and Dr. Webster replied for Miss Maxted in a few well-chosen words. The proceeds of the evening amounted to $40.

SNELGROVE.

The Snelgrove Baptist church held their anniversary services on Sunday 31st. Rev. E. J. Bridgeman preached very acceptably, both morning and evening, to a well filled house, especially in the evening, when the church was crowded, to the doors. The music for the occasion was furnished by the choir of the church which was excellent and much credit is due to them for the amount of labor which they must have taken to prepare such a treat for the community, and make the services a success.

On Monday evening Jan. 1st, the annual tea meeting was held, the church being taxed to its utmost capacity. Tea was provided in the basement, after which a good programme was rendered in the auditorium. Rev. Mr. Bridgeman presided. Solos were sung by Mr. John McKechin, of Claude; Miss Ethel Coffen, Georgetown; recitations given by Miss Bickly elocutionist, Toronto; pictorial address by Rev. W. S. McAlpine, Brampton. The Cheltenham orchestra added much to the enlivenment of the occasion. Miss Jennie Giffen made a very acceptable accompanist for the evening. The closing number was a solos entitled, "Good Night little girl Good Night!" by Miss Ethel Coffen (a little girl of 12 yrs) which was well worthy of note.

The Arch-Fiend of the Age.

Not war, more deadly than this modern butchery—but catarrh which leads to consumption and annually kills more than famine and war combine. The doctors now successfully fight catarrh with a remedy that never fails—"Catarrhozone." It's death to every type of catarrh. It destroys every root and branch of the disease so thoroughly that a relapse need never be feared. If troubled with colds, nasal or throat catarrh, or subject to bronchitis or asthma use Catarrhozone and you'll be cured forever.

Women's Institute.

The attendance at the Women's Institute on Wednesday was not so large as usual, on account of the disagreeable weather but an interesting programme was given. The reports of the large and inspiring convention held at Macdonald Institute, Guelph, were given by Miss A. Bradley and Mrs. Creelman. The reports show a large increase in the work of Women's Institutes throughout the Province. Mrs. W. Wilson gave a carefully prepared paper on, "The Child in the Home." She advised making the home as cheerful and attractive as possible for the child so as to make it the dearest spot on earth. The child's nature should be studied and tact, patience, sympathy, politeness and firmness exercised on the part of the parent in training the child. A number of the experienced ladies took part in the discussion which followed.

Three From One Family.

An event unique in the history of Hillsburg took place on Wednesday afternoon at the beautiful residence of Mr. and Mrs. O. W. Everdale. The occasion was a tripple wedding when three members of this well-known and highly esteemed family were married. Miss Mabel Everdale was united in the holy bonds of matrimony to Mr. Oscar England, of North Bay; Miss Lillian Everdale became the wife of Mr. Earnest Ross of Orangeville, and Mr. Oswald Everdale took as his bride Miss Maud Cusack of Toronto. The officiating clergyman was Rev. Mr. Black of Hillsburg, and the tripple ceremony was performed at three o'clock. The three brides were unassisted, and wore their travelling suits of blue broadcloth, with white silk waists, and carried bridal roses. The ringbearers were Misses Mabel Sacks of Elora; Nellie Shedding of Hillsburg, and Winnifred Ross of Orangeville. Miss Minnie McMillan played the wedding march. After the ceremony a sumptuous wedding repast was served in the spacious dining hall and over one hundred guests sat down. The three couples left on short honeymoon trips to Toronto and other eastern points.

Three Years At Kingston.

Silas Kennedy, alias Remson, of Limehouse, who was up for trial Friday before Judge Chadwick, says the Guelph Herald, and convicted on the charge of abducting a fifteen-year-old girl from her home in Rockwood, was brought out for sentence this morning and was given three years in Kingston penetentiary. In passing sentence His Honor Judge Chadwick, who generally is lenient, has seldom shown more evidence of his feeling than in this particular case. In his remarks he said Kennedy's offence was a most serious one, and that he knew what he was doing when he abducted the girl, and that he was acting wrongly, as shown by the fact that he drove to Guelph Junction with her instead of taking the train at Rockwood. This was done to avoid observation. There was no excuse for his conduct, and the fact that he drove to Guelph to go did not lessen the seriousness of the offence. He had taken her away to join a disreputable affair and to a life of shame, and had kept her away under an assumed name. Such shows were contemptible, and should not be tolerated, and men like the prisoner must be taught a lesson. In doing so the sentence in his case would be severe. The full penalty for his crime was five years. His case could be worse, the judge said, but enquiries made into his life and character in the past showed it to be bad, and he would sentence him to three years in the Kingston penetentiary. On hearing his sentence, the prisoner broke down and sobbed. "Do you mean three years at Kingston?" he asked, and on his way to the goal remarked that it was hard lines.

Valuable Advice to Mothers.

If your child comes in from play coughing or showing evidence of Grippe, Sore Throat, or sickness of any kind, get out your bottle of Nerviline. Rub the chest and neck with Nerviline, and give internal dose of ten drops of Nerviline in sweetened water every two hours. This will prevent any serious trouble. No liniment or pain reliever equals Polson's Nerviline, which has been the great family remedy in Canada for the past fifty years. Try a 25c. bottle of Nerviline.

COBALT!

COBALT, the Greatest Silver Mine of America. No camp has ever made the showing this wonderful camp has done. So much has been written concerning ***COBALT***, and so many people of integrity and experience have expressed their opinion with regard to its ***prodigious wealth-producing powers*** that it is almost superfluous to add anything further.

SOVEREIGN COBALT MINING COMPANY offer to the public to-day one of the greatest opportunities to purchase at a low figure a few shares that may return manifold its present value.

CAPITALIZED at the extremely low figure of 200,000 shares of the par value of $1.00 each is a feature worthy of more than passing mention, thus avoiding the over-capitalization which has hurt so many companies in the past history of LEGITIMATE MINING ENTERPRISES.

HOLDING AND OWNING EIGHTY ACRES OF MINERALIZED LAND, ***THE SOVEREIGN COBALT MINING COMPANY*** has something to work upon and to offer to the public with an ordinary degree of confidence betokening success.

Report of T. H. Brooks, Mining Expert:

"I visited the properties of the Sovereign Cobalt Mining Company, Limited, and beg to submit the following report of my examination:—

"The ledges of both properties are well defined, and present a bold outcropping of mineralized quartz about two feet in width, lying between walls of slate and granite. I may here state that the walls are extra well defined, and have been traced on the surface about 200 feet each. The ledges above referred to are capped with iron capping, and the vein breaks out in stringers, showing indication of a large body of ore below. The veins carry sulphides and oxides of copper, peacock copper and a small vein of calcite. The drift cut, which has been opened a few feet in depth, shows the true vein to be widening, and the properties have all prospects of becoming valuable."

We are instructed to offer to the public, up to a limited extent, shares at the par value of $1.00 each. Applications will be considered in the order in which they are received. Prospectus and full particulars on application to
