Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. If disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums and reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

Ordinary Corn Salves Contain Acids.

But the old reliable Putnam's Corn Extractor is entirely vegetable in composition and does not eat or burn the flesh. It gradually lifts the corn, causes no pain, and cures permanently. Price 25c. at all druggists. Use only "Putnam."

If you once try Carter's Little Liver Pills for sick headache, biliousness or constipation, you will never be without them. They are purely vegetable; small as easy to take. Don't forget this.

Many people say they are "all nerves," easily startled or upset, or fly worried and irritated. Milburn's Heart and Nerve Pills are just the remedy such people require. They restore perfect harmony to the nerve centres and give new nerve force to shattered nervous systems.

Mohammedan Sects.

Mohammedans divide themselves into two principal sects—Sunnis and Shiahs, the Persians representing the bulk of the former, the Turks of the latter. The chief points on which they differ are the condition of the soul after death and the succession of caliphs. The Sunni belief is that there is one Immortal God, whose works are without beginning or end and that he will be visible to the gaze of the blessed, while the Shiahs deny the immortality of the soul, and maintain that the Almighty is only manifested in Imaums, who forever continue the same mystery. With regard to the Prophet's successors, the Sunnis admit that the lawful successor of Mohammed was Abubeker and after him Omar, Osmin and Ali; but the Shiahs believe that Ali was the only legitimate successor, whose predecessors were usurpers. The Sunnis admit up to three Imaums, the Shiahs admit up to twelve. Sunnis make pilgrimages only to the two little cities and Shiahs to Kerbela, Kazimain and Meshed (Persia), Sunnis and Shiahs differ as to the lawfulness of using certain traditions, the former accepting those which the latter reject. Sunnis lay their hands loosely underneath their navels during prayer, the Shiahs let them fall by the sides. Sunnis mark pilgrimages only to the two little cities and Shiahs [illegible] any time.

Parsee Burial Customs.

A Bombay correspondent, writing of the burial customs of the Parsees, says: "The approach of that transition we call death is a signal for the relatives to leave the presence of the dying one, the priest alone remaining to whisper Zend-Avesta precepts into his ear. He in turn passes out of the room and admits a dog, who is trained to gaze steadily into the face of the dying one. A dog is accounted the only living creature that can terrorize the evil spirits, so the Parsees did,' or 'dog stare,' is the last sight the Parsee has on earth. No human shadow must intervene; otherwise the guardian virtue of the dog's gaze is annulled."

To Escape an Acquaintance.

"To escape an acquaintance" was originated by the Emperor Hadrian. Once when visiting the public bath he found an old veteran scraping himself with a piece of broken crockery in lieu of an iron or copper scraper. Hadrian gave him a sum of money to provide the necessary materials for a bath and on his next visit to the institution found it full of veterans scraping themselves with potsherds. "Scrape away, gentlemen, but you shall not scrape an acquaintance with me," was Hadrian's comment as he went out.

The Poet's Inconsistency.

"You speak of the brooks," said the critic as he looked over his friend's poem, "as the most joyous things in nature."

"So they are," said the poet.

"But you are inconsistent."

"Why?"

"Because later on you say they are ever murmuring."

Dodging Him.

Mr. Borem—I didn't see you last Sunday—Miss Cutting—Oh, you must have if you saw me at all. Mr. Borem—I—er—beg pardon. I don't understand. Miss Cutting—I say if you saw me Sunday you must have seen me last, for I was careful to see you first.

Severe Case.

"How did your sea voyage work, Bigley?"

"I was in such a state of collapse when I reached Liverpool that I called back to learn whether I had thrown up my job."

Rivals.

Lulu—You should get him to sign the pledge before you marry him. Babe—Why, he doesn't drink. Lulu—No, but he may be tempted to later.

If thou wouldst have a brother frank to thee be frank to him.—Child.

The Bad Cold of To-Day
MAY BE PNEUMONIA TO-MORROW.

The sore throat or tickling cough that, to the careless, seems but a trivial annoyance, may develop into Pneumonia, Bronchitis, or some Throat or Lung trouble.

DR. WOODS NORWAY PINE SYRUP

contains all the lung-healing virtues of the pine tree, and is a sure cure for Coughs, Colds and all Throat or Lung troubles. Mrs. E. Hutchinson, 180 Argyle Street, Toronto, writes. "I have been a sufferer from Chronic Bronchitis for years and have found Dr. Wood's Norway Pine Syrup far better than any of the hundreds of remedies I have used. Our whole family uses it in cases of Coughs or Colds. We would not be without it."

Don't be humbugged into taking something "just as good," ask for Dr. Wood's and insist on getting it. Put up in yellow wrapper, three pine trees is the trade mark and price 25 cents.

PAINS

CANADIAN WOMEN FIND RELIEF

The Case of Ellen Walby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely?

Ellen Walby

Thousands of Canadian women suffer untold misery from some derangement of the female organs, and do not realize that their sufferings can be relieved by taking Lydia E. Pinkham's Vegetable Compound. Mrs. Walby's case is only one of thousands which The Herald has published during the past year, and we believe we are safe in saying that every case of female weakness, no matter of how long standing, will be relieved by a few bottles of this wonderful medicine.

Ellen Walby, of Wellington Road, Ottawa, Ont., says:

"Your Vegetable Compound was recommended to me by a friend. I had been suffering for years with female weakness, and which I tried Dr. Pierce's Favorite Prescription, Dr. Hamilton's Pills, Dr. Hamilton's Vegetable Compound, and I was advised to try Lydia E. Pinkham's Vegetable Compound, and I am glad I did, for within one month after I had taken it I felt like a new woman. I am now regular, natural and without pain. This seems too good to be true and I am indeed a grateful and happy woman."

Women who are troubled with painful or irregular periods, backache, bearing-down feelings, displacement of organs, inflammation or ulceration, that "dragging-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and the next write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

PAGE FENCING
THE BEST IS THE CHEAPEST

When you buy a knife for instance, you consider the **quality** of the steel in the blade. The biggest and heaviest knife is not necessarily the best. Now there is just as much difference in the quality and strength of steel in fence wire as there is in a knife blade or razor. The Page Co. use **a high carbon steel wire**, which though it costs you but little more, is fifty per cent. (50%) stronger; so wire lasting fence [illegible] of other makes.

Notice the lock in PAGE "EMPIRE" FENCE. You may have noticed also that **others are imitating it.** That is a good recommend for it. Where we lead others follow.

THE LOCK IN PAGE "EMPIRE" FENCES.

Besides the extra strength and superior workmanship, PAGE FENCES are **dipped in a special white paint,** which on top of the best of galvanizing, will lengthen the life of wire for years. And, also, this white coating renders wire much more sightly.

Owing to the great strength and elasticity of PAGE fencing, **one-third** [illegible] posts are required [illegible] other fencing, the [illegible] more than [illegible] greater [illegible] rust, better [illegible] workmanship, [illegible] surance, use [illegible] can you afford [illegible] loss posts. Seeding to Grass and Clover.

In seeding with clover the Rhode Island experiment station recommends seven and a half pounds of cleaned fancy redtop, fifteen pounds of timothy and seven and a half pounds of common red clover seed to the acre. If clover is omitted twenty pounds of timothy and ten pounds of fancy redtop seed should be sown to the acre. The land should manally be rolled after seeding, or if it is too moist a light drag constructed for the purpose may be substituted. Autumn seeding should be done from Aug. 15 to Sept. 5. Seeding late in the season is poor policy. Spring seeding without grain is not to be recommended upon weedy land. Early fall seeding is usually preferable to spring seeding for grass.

To Have Perfect Roses.

If you would have perfect roses in profusion it is desperately necessary that you feed your plants well. Nothing in the line of fertilizers suits them so well as old, thoroughly rotted cow manure—that which is black and crumbles read[illegible]
