Fully One Thousand

Little Folks and their Friends Spent a Day at the Beach - Boating, Bathing and Games.

The Grand Trunk Railway people, underestimated the number of people who would visit the beautiful beach in connection with the union Sunday School Excursion on Thursday, for they were several rows short on the special train which left here at 9 a.m.

Fully one hundred people stood all the way down and another hundred waited for the regular train, it may be estimated that the additional cars would have been required on the special train.

That was the case, but the people who were disappointed, did not mind, for they had the beach for their own, and the fact that the train was somewhat late in leaving the beach for home in the evening made the trip not quite so pleasant as usual.

A number also, who intended going by boat to Toronto and who were disappointed to learn that the boat was not to leave until the evening, when they had to work hard to get home in the morning.
