CARTER'S LITTLE LIVER PILLS
CURE SICK HEADACHE
When a woman has charge of a sick man she feels as important as the marshal of the day as a country doctor's of full celebration, and however unable she may be at other times she is very "lively" when she has medicine to give a man or let him to get out. If she waits a drink of water she expresses the opinion that he is drinking too much, and remembers that her Aunt Harriet's husband once drank a great deal when he was sick and had convulsions.

A DRUGGIST IN WINNIPEG
Cured Himself With GIN PILLS
No greater compliment could be paid to a medicine than to have a druggist use them. Mr. Rogers being in the business, tried all the ordinary remedies, but it was not until he used GIN PILLS that he was cured of a severe pain in the back.

USE OF "TURKISH" WORDS.
Ottomans Themselves Don't Know the Meaning of Them.
"Hullin porie" is one of those European expressions for Turkish institutions which are never used by the Turks themselves. The common government's official title for itself is Hukumat-ı Milliye, the glorious government.

CONCRETE watering-troughs and feeding-floors help to keep your live-stock healthy.

HORSES and cattle need from a concrete watering-trough and a concrete feeding-floor. These are the best for the reason that they are clean, durable, and do not rot. They are also fire-proof and do not burn. They are also easy to clean and do not require much maintenance.

WHAT THE FARMER CAN DO WITH CONCRETE

CONCRETE is a material that can be used in many ways on the farm. It can be used for building walls, floors, and foundations. It can also be used for making concrete blocks and pipes. Concrete is a strong and durable material that is easy to work with.

Roof Garden Paint Tests

The above illustration shows how the wearing qualities of Lowe Brothers "High Standard" paint are tested before it is even sold to us.

These tests have proven that these paints wear longer than ordinary paints—and that they leave the surface in better condition for repainting when that becomes necessary.

On houses it has been found to wear years longer than ordinary paint.

Think what this saves when your painting cost is figured per year of wear.

WHEN IS A MAN DRUNK?
Tests of the Police Doctors of the London Courts.
Mr. Snowden, the celebrated London magistrate, is always inclined to be a little bit of a humorist. In his opinion, a man is drunk when he is not in control of his own actions.
