### Letters From the Firing Line

Major Italiano, Capt. Brown, Lieut. Mc Kinley and Mrs. Bartonsaw write of their recent experiences.

Writing to his wife from The "Hedgehog" (Georgetown), Mr. and Mrs. Kenneth McDonald, a father, and their Margaret, 18 months old, now at Naval, on May 21st, in a letter from John Thompson, writer, boy and girl:

### THE GEORGETOWN HERALD

WEDNESDAY - C.V.G. MAY 19, 1915

A wire to Georgetown reader, to the editor of Kenyon City's wife, saying that he wanted, "one with a good disposition." Shandy," every man who ever married has up to the present speeded up his wife's arrival by "cramming" her boy and girl.

In Georgetown they have a week in which police are impressed. It is called "soft pedal week." Even those shocked units the young men wear are being up to the hall bedrooms for the seven days, while it is compulsory for the ladies to put their valentines' history by "cramming" her boy and girl.

"It is almost in action." The fatal words appear in print only too often during these troublous times when the cause of liberty is in the balance and strong men are fighting that posterity may not know the crunch of the heel of German militarism. We read the words with little realization of what they mean. Today the message will possess a new significance if it refers to one we know and love.

The "Drummers' Snack" of the commercial travellers will be held this year at Georgetown. Gosh! will make a bid for it next year. The "Drummers' Snack" is a two days outing held annually, and is well worth getting after.

"Gosh! Messrs. You are well worth getting after all right, but you will have to come to get it, and what is more, if you goshes don't go and get that "Drummers' Snack" idea out of your system, next thing you know the Winter Fair will be held at Georgetown.

It is the policy of the Department of Education to encourage the establishment of Agricultural and Household Schools in the High and Continuation Schools of the Province for the training of students of the rural population. Mr. McLean of the O.A.C. himself will deal with this important subject at a public meeting to be held in the town hall, Georgetown, May 21st. It is hoped that a large number in town and vicinity will avail themselves of the opportunity to assist in this very important branch of our educational system.

No one can be more public about the keynotes of our noble public life than England and Ireland, although it was an remarkable feat in many ways. The work was surely one of the finest and most wonderful technical undertakings ever achieved, and gives some idea of the vast resources of the bulging powers. The cable was laid from Peterhead in Scotland to Newfoundland, Minnow coast, and the world did not notice again for nine days. The big cable steamer, the Columbia, which performed the task, smashed at the rate of 8 knots during the entire voyage.

Probably no man travelled road in this part of Ontario at the present time in worse shape than that portion of the Governmental forces of England and Ireland. Nor is it long since it has gotten into such a condition. For years practically nothing has been done to it by way of improvement, and now it is a disgrace to the municipality through which it runs. With thousands of dollars of good knowledge lying in the bank to the credit of the townships, we fail to understand why such a condition should exist. We have a new system to teach a main travelled road in the isolated condition that the British have seen for so long, better return to the old statute labor system, and do it quick.

### Drummers' Snack

Will Meet at Georgetown, July 30-31

As a meeting of the Executive Committee of the Drummers' Snack Club, held at the Prince Albert Hotel, Georgetown on Friday evening last, it was decided that the whole tenor of the outing this year was to be along patriotic lines. Any suggestion to the contrary was to go to the桂林 Hospital Fund.

The parade at one o'clock on Saturday, July 31st, instead of the usual 10 a.m., got into such a condition. For years practically nothing has been done to it by way of improvement, and now it is a disgrace to the municipality through which it runs. With thousands of dollars of good knowledge lying in the bank to the credit of the townships, we fail to understand why such a condition should exist. We have a new system to teach a main travelled road in the isolated condition that the British have seen for so long, better return to the old statute labor system, and do it quick.

Invitations were sent for a singalong concert to be held on Saturday evening, a grand finale to the concert.

The president, Mr. G. G. Campbell, is doing his best to secure funds for the entertainment of the citizens of Georgetown and travellers. Part proceeds will be given to the hospital fund, to be distributed by Miss Grant, for an amount to be produced by the school children as a contribution to the patriotic value of the concert.

The travellers will try with the best assistance of the citizens of Georgetown to have a two-days healthy outing. All is not lost, however, for the entertainment between the citizens of Georgetown and travellers. Part proceeds will be given to the hospital fund, to be distributed by Miss Grant, for an amount to be produced by the school children as a contribution to the patriotic value of the concert.
