Cut Down the High Cost of

Living by

Raising Poultry

We can supply you with lumber,
roofing and glassed mash to build
your Poultry House.

Have a plan for a house 20 x 20
which will accommodate 100 hens.
We have also a smaller size to
accommodate 80 hens, and a small
one for back yard for 10 hens.

These plans were prepared by
Mr. Hull of McDonald College and
found satisfactory for laying stock.

All kinds of lumber and building
materials on hand in our yards.

J. B. Mackenzie

Lumber, Planing Mills at

Acton and Georgetown

Our aim is to do one thing
well—teach a practical business
education. If you wish a
good position you must be
thoroughly qualified for it,
and the proper qualification
cannot be acquired except in a
high grade practical school.
The instruction here is of
the highest order.

Students may enter at any
time—Season the year.

Start on Monday

for a thorough training
