Homekeeping Is Not the Task It Used to Be

MODERN homekeeping has done away with the old-fashioned scrubbing and mopping of floors. The cleaning and polishing of hardwood floors, the dusting of moldings, the care of high furniture, the care of the radiator, etc. These back-breaking tasks are now made easy with the

Cedar Mop Polish

With it you can dust, clean and polish a hardwood floor in the time it formerly took you to get ready to do it.

Better, you do not have to get down on your hands and knees to scrub under the bed or other hard-to-reach places, or to stand on a chair to reach the top of the door frame. All of the hard work is now made easy with the Cedar Mop Polish. It glides over the floor as you sweep and leaves a fine, smooth, shining surface. It is a real time-saver and makes your homekeeping a pleasure.

Try it at Our Risk. If it does not give you satisfaction, we will refund your money.
