THE GEORGETOWN HERALD

WEDNESDAY EVE'G, NOV. 14th 1917

"SHOP EARLY"

If you buy a Christmas present,
Buy it now!
If it be for prince or peasant,
Buy it now!
Buy it early in November,
Or at least before December;
You'll be glad if you remember—
But is now!

While the counters stretch before you
Buy is now!
While there are no crowds to bore you,
Buy is now!
Buy before the air is stuffy,
Buy before the clerks are huffy,
Buy while things are fresh and fluffy—
Buy is now!

Tarry not until to-morrow
Buy is now!
Though, of course, you must not borrow,
Buy is now!
See that clerks don't have reason
To abhor the Christmas season;
Put a conscience, if you please, on—
Buy is now!

WESTERNER'S RECOMMENDATION

By H Milton Wartin

I have no hesitation in recommending to every one that at least a portion of his funds be used for the purchase of Canada Victory War Loan Bonds. Whether it be $50 00, $100.00, $1000.00 or more that one has in hand, there is no better way, in my opinion, of using this money than to purchase Victory Bonds.

Now is the time for all men and women who are dependent upon their savings for their livelihood to loan them to Canada and at the same time help themselves. Many of these have been unable to avail the various patriotic organizations because of their limited income. Now they may increase their income and help Canada. It is not often that one can personally benifit by a patriotic act, and surely now that the occasion presents itself, no one should fail to take advantage of it.

The objective set by the Minister of Finance is $150,000,000.00. Many guesses are being made as to how much will be subscribed. Let every one help whether it be for bonds of small denomination. Let every one who has the power, purchase at least a $50.00 bond and thereby assist in continuing the unobstructed use of the high seas, so that the products of our farms, mines and factories may be carried to our boys at the front; so that the farmers may be paid for their grain; so that every man employed may receive his wages; so that Canada may be maintained in the high esteem of all the Allies.

Let us show what we think of our democratic institutions by buying our own bonds, and last but not least, let us show the enemy that we are in this war heart and soul and will be so until he is crushed if necessary.

CANADIANS WHO ARE willing to follow the advice of the Food Controller in order to help to save urgently needed wheat flour, beef and bacon for the soldiers, will find a considerable number of wholesome substitutes.

To save wheat flour, barley may be used for soup and rye flour for thickening; corn meal for bread and cereal; oatmeal for cereal and oat muffins. Potatoes may be used in a variety of appetizing dishes, and when they are served bread may sometimes be omitted from the meal. At present the price of corn meal is high but the new crop in the United States is very large and will be coming on the market soon. The question of price has to be carefully considered by the great majority of people, but those who can afford to do so, should substitute in part other cereals for wheat even if the price of the substitute should be higher.

For meat, fish is a peculiarly suitable substitute because of the variety available and the abundant supply of it in the Dominion. Beans have nearly the same food values as meat. By a careful selection of other foods the consumption of meat may be considerably reduced, especially by persons who are not engaged in heavy manual work.

And remember, the primary reason for urging saving of wheat flour, beef and bacon is not economy in cost, but that the soldiers may be supplied with the food which they need.

Obituary

ANDREW SCOTT

In the death of Mr. Andrew Scott on Tuesday of last week, one of the earliest settlers and residents of this part of Esquesing passed away. Mr. Scott was in his eighty fifth year and was possessed of all his faculties and able to be about until very shortly before his death. He had received his second eighty acre grant without question until the end. Deceased was the son of the late Andrew Scott and was born on lot 24, on the third line. When about a year old his father moved to lot 22, on the fourth line, and here he resided all the rest of his life. He was a model farmer, almost invariably had good crops, and his farm homestead and its surroundings were always admired. He was a good man, a good neighbor, and enjoyed the esteem of every one. From his early manhood he was a member of Knox Church, and his love for the building of his church was manifested when his just-born son was named for Rev. James W. Ras who was a minister here at that time. Mr. Scott was married in 1869 to Barbara Mansfield, daughter of the late William Mansfield, of Limehouse. Four survived their father, all have blessed the home, of whom the following, with their mother, survive: Mrs. Alex. Lawson, Milton, William Grainger, Emma Louise and Jessie Rae who reside at the homestead.—Free Press.

Normal Patriotic League

The Women's Patriotic League of Normal have forwarded the following to the Canadian Red Cross, viz: 2 doz. quilt 6 towels, 30 pairs socks, 1 day shirt, 2 pr pyjamas, 4 cheese cloth shirts and 2 pr. pants.

How Milton Citizens Got Coal.

Employees of F. L. Robertson Manufacturing Co. being out of coal and unable to get it here, one of them, Frank Hyde, went next to Buffalo, where he had little trouble in buying five carloads, completing the deal in one day. Not being a dealer, he had to pay the retail price. The coal is here now and is being delivered at $10.50 a ton, covering all charges. The local dealers have been unable to get coal on their contracts, but there seems to be nothing to prevent citizens combining for shipments if they are willing to pay Buffalo retail prices.—Champion.

Seed Grain and Potatoes

By instructions of the Hon. Minister of Agriculture a free distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples of grain for distribution will consist of spring wheat (about 5 lbs) white oats (about 3 lbs), barley (about 3 lbs.) and field peas (about 5 lbs.) These will be sent out from the Central Experimental Farm, Ottawa, by the Dominion Cerealist, who will furnish the necessary application forms. A distribution of potatoes in samples of about 3 lbs will be carried on from most of the Experimental Farms, the Central Farm supplying only the province of Ontario. All samples will be sent free by mail. Only one sample of grain (and one of potatoes) can be sent to each applicant. As the supply of seed is limited, farmers are advised to apply very early.

By-Law No.....

A By-law to authorize the Corporation of the Village of Georgetown to guarantee the debentures of Isaac Stewart and Leon Cook to the aggregate principal amount of ten thousand dollars, and interest thereon at six per cent. per annum.

Whereas the said Isaac Stewart and Leon Cook have entered into an agreement with the Corporation of the Village of Georgetown, dated the 29th day of October, A.D. 1917, subject to the approval of the qualified ratepayers of the said Village of Georgetown, a copy whereof is set forth in the schedule hereunto annexed and Marked "A".

And whereas it is expedient to pass this By-law and submit the same to the electors of the said municipality to authorize the said Municipal Corporation to guarantee the debentures of the said Isaac Stewart and Leon Cook to the aggregate principal amount of Ten Thousand Dollars and interest thereon at the rate of six per cent. per annum, for the purpose of aiding the said Isaac Stewart and Leon Cook in establishing a factory and manufacturing business in the said Village of Georgetown, as set forth in the said agreement hereinbefore referred to.

And whereas there is no industry of the same or similar kind established in the said Municipality.

And whereas the total amount of the debt or engagement, which this By-law is intended to create or authorize is the amount of the guarantee by the said Municipal Corporation of the Village of Georgetown, of the payment by the said Isaac Stewart and Leon Cook of the said debentures to the aggregate principal amount of ten thousand dollars and interest thereon at the rate of six per cent. per annum, payable as hereinafter set out.

And whereas the amount of the whole rateable property of the said municipality, according to the last revised assessment, amounts to $818,-864.72.

And whereas the existing debenture debt of the said municipality is $48,-297.67, no part of the principal or interest of which is in arrear.

Now therefore the Municipal Council of the Village of Georgetown enacts as follows:

1. That the said agreement hereto annexed and marked "A" is hereby affirmed.

2. That the debentures of the said Isaac Stewart and Leon Cook to the amount of Ten Thousand Dollars and interest thereon at the rate of six per cent. per annum, payable in the manner and at the times as is set out in the agreement hereunto annexed and Marked "A", be and the same are hereby guaranteed by, the said Corporation of the Village of Georgetown.

3. That the said debentures or other similar security shall all bear the same date and shall be issued within one year from the date on which this By-law is passed; and may bear any date within said year, and shall be in sums of not less than one hundred dollars each, and the said debentures or other similar security shall be payable yearly in the manner following, that is to say:

	Principal	Interest	Total
1st year	$	$600 00	$600 00
2nd year	1111 11	600 00	1711 11
3rd year	1111 11	533 33	1644 44
4th year	1111 11	466 67	1577 78
5th year	1111 11	400 00	1511 11
6th year	1111 11	333 33	1444 44
7th year	1111 11	266 67	1377 78
8th year	1111 11	200 00	1311 11
9th year	1111 11	133 33	1244 44
10th year	1111 13	66 67	1177 79

4. That the guarantee aforesaid, to be given and hereby authorized to be given by the said Corporation shall be endorsed on each of the said debentures or other similar security, and shall be in the words following or to like effect:

"The Corporation of the Village of Georgetown, in the County of Halton, hereby unconditionally guarantee the payment of the within debenture, with interest thereon according to its tenor. This guarantee is given in pursuance of By-law No. — of the Village of Georgetown.

.....
Reeve of Village of Georgetown.

(Seal)

5. The Reeve of the said Village of Georgetown is hereby authorized and empowered to sign the said guarantee so endorsed, on behalf of the said Municipal Corporation and the Clerk of the said Municipal Corporation is hereby authorized and instructed to attach the seal of the said Corporation thereto, when the said manufacturers shall have made, executed and delivered to the said Corporation, a first mortgage upon the lands, buildings, machinery and plant of the said manufacturers, as set out in the said agreement.

6. In case of the failure of the said Manufacturers to pay the said debentures as they respectively become due and payable, and in case the Corporation of the Village of Georgetown is called upon to pay the same, then and in every such case there shall be raised and levied in each year by a special rate sufficient therefore, on all the rateable property in the said municipality a sum sufficient to meet the payment made by the said Corporation in each such year under its guarantee.

Finally passed by an affirmative vote of three-quarters of all the members of the Council, this
day of , A.D. 1917.

SCHEDULE "A"

MEMORANDUM OF AGREEMENT made this twenty-ninth day of October, A.D. 1917.

BETWEEN:—

ISAAC STEWART and LEON COOK, both of the Town of Paris, in the County of Brant, Gentlemen, hereinafter called the Manufacturers, of the First Part, and

THE CORPORATION OF THE VILLAGE OF GEORGETOWN, hereinafter called the Corporation, of the Second Part.

Whereas the said Manufacturers have decided and resolved to locate a latch needle factory in the said Village of Georgetown, provided the said Corporation guarantee the debentures to be issued by the said Manufacturers to the aggregate principal amount of ten thousand dollars, with interest thereon at six per cent. per annum.

And whereas the said Corporation has agreed to submit for the approval of the qualified electors of the said Village of Georgetown, and if finally pass, if approved by the vote of the said electors, a By-law to authorize the said Corporation to guarantee the said debentures to the said amount.

Now Therefore This Indenture Witnesseth that in consideration of the premises and the terms, agreements, conditions and stipulations hereinafter contained, the said parties hereto do hereby mutually covenant and agree to and with each other as follows, that is to say:

The said Manufacturers agree:

Firstly:—

That as soon as possible after this agreement is executed by the said Corporation, to purchase a suitable factory site in the said Village of Georgetown, and proceed with all proper diligence to erect or alter thereon all necessary buildings for a suitable factory for the manufacture of latch needles at a cost of approximately five thousand dollars, said to be built of brick, cement or concrete and
(Continued on page 2)

all necessary plant, machinery and equipment suitable for the carrying on of the said business at a cost of approximately five thousand dollars, and of such a character and capacity that to carry on the said business will require the employment of at least thirty persons, on an average for each working day of each year of the said term.

Secondly:—

The said Manufacturers shall erect and complete said buildings, or purchase said buildings and site, and shall place the said machinery and plant therein and have the same in operation as a going concern on the first day of June, A.D. 1918, or within such time as may be allowed by the said Corporation.

Thirdly:—

That they will carry on the business of latch needle manufacturers in the said Village of Georgetown, in their said factory or other suitable building, for a period of ten years from the first day of June, A.D. 1918, unless in case of fire, accident to machinery, strikes or for any other cause, such as shall render an interruption unavoidable, and in any such case operations shall be resumed as soon as possible thereafter, not exceeding twelve months in case of total loss by fire, and in case of any interruptions by total loss by fire, as aforesaid, shall be for a longer period than three months in any year, the said Manufacturers' business shall be continued and carried on after the said term for a period equal to the time of the said interruption over and above the said three months, and in case any such interruptions from any cause as aforesaid other than from total loss by fire shall be for a longer period than two months, in any year, the said Manufacturers' business shall be continued and carried on after the said term for a period equal to the time of interruption over and above the said two months; the said Manufacturers to have the right to shut down the said factory during two weeks in each year during the said period of ten years, for the purpose of taking stock or making repairs, which said two weeks nevertheless counts as part of the said ten years, and the business shall be deemed to be in operation for the purpose of calculating the said period.

Fourthly:—

That they shall during the said period of ten years, except the first year of the said term, employ in the said factory and business, in the said Village of Georgetown, not less than thirty employees daily, on an average for each working day of each year of the said term, and shall pay in wages a sum averaging not less than three hundred dollars per week, unless prevented by fire, strikes or other unavoidable cause, and the calculation as to the number of employees employed and the amount of wages paid to be made as is hereinafter provided. All the said employees are to be residents of the said Village of Georgetown, and the said Manufacturers are not to count in the said computation, no person to be employed who is not a British or American subject.

Fifthly:—

That they shall annually during the said term of ten years, if required to do so, submit to the said Corporation a statement as to wages paid and persons employed by the said Manufacturers, such statement to be prepared and signed by a regular chartered accountant satisfactory to the said Corporation, and if required also verified by statutory declaration to be made by the said manufacturers, and if it shall appear at any time that the average number of employees of the said Manufacturers has been less than thirty on an average for each working day during any year of the said term, then the said Corporation shall be entitled to realize from the said Manufacturers as liquidated damages for such default, at the rate of ten dollars per annum for each employee short of the average number of thirty to be so employed as hereby required; and further, if it shall appear that the average weekly amount paid for wages during the year by the said Manufacturers has been less than three hundred dollars, then the said Corporation shall be entitled to realize from the said Manufacturers, as liquidated damages for such default, at the rate of ten dollars for each twenty-five dollars short of the said weekly average of three hundred dollars. Any and all disputes arising under this clause shall be settled by a board of three arbitrators, one of whom shall be selected by the said Corporation, another by the said Manufacturers, and the third to be chosen by the other two.

Sixthly:—

That they will expend approximately the sum of five thousand dollars of their own money, in addition to the amount realized from the sale of the said debentures guaranteed by the said Corporation, to purchase the machinery and plant and equipment necessary to properly operate the said business in said factory. The said machinery, plant and equipment to be purchased or made and ready for installing in the said factory before the money realized from the sale of the said debentures guaranteed by the said Corporation, or any portion thereof, are paid over to the said Manufacturers by the said Corporation.

Seventhly:—

That they shall execute and deliver to the said Corporation a first mortgage for the sum of ten thousand ($10,000.00) dollars upon the said lands, building and premises, plant and machinery, and on all other fixtures, plant and machinery to be subsequently placed upon the said lands and premises, in connection with the said business (which said plant, machinery and fixtures shall for the purpose of the said security be regarded as part of the freehold) free from all dower, liens, charges and encumbrances of every nature or kind, and the same to be of a total value of Eleven Thousand Five Hundred Dollars ($11,500.00) as a guarantee of good faith, and for the faithful performance of all the covenants, and conditions and agreements binding on the said Manufacturers under this agreement until the discharge of the said mortgage, as hereinafter provided, and to secure the said Corporation against any possible loss whatever, on account of the said Corporation guaranteeing to guarantee the said debentures of the said Manufacturers, to the aggregate principal amount of ten thousand dollars and interest thereon at six per cent. per annum, as is hereinafter provided for, the said Corporation against the payment of the said bonds. The said mortgage shall be prepared and made in pursuance of the Short Forms of Mortgages Act, and shall contain the usual statutory covenants contained in such mortgages and such others as the Corporation shall deem advisable for the security thereby intended, right to convey, quiet possession on default, freedom from encumbrance, further assurance, that no act has been done to encumber the said lands, insurance to the extent of their full insurable value in dollars currency of the lawful money of Canada on the building, plant and machinery on the mortgaged premises, and at all times insurance to the extent of the bonds from time to time said lands, insurance to the extent of their full insurable value in dollars currency of the lawful money of Canada on the building, plant and machinery on the mortgaged premises, and at all times insurance to the extent of the bonds from time to time said lands, insurance to the extent of their full insurable value in dollars currency of the lawful money of Canada on the building, plant and machinery on the mortgaged premises, and at all times insurance to the extent of the bonds from time to time said lands, insurance to the extent of their full insurable value in dollars currency of the lawful money of Canada on the building, plant and machinery on the mortgaged premises, and at all times insurance to the extent of the bonds from time to time

the same be discharged as hereinafter provided. If at any time required by the said Corporation the said Manufacturers shall execute and deliver to the said Corporation a confirmatory mortgage of the said lands and premises, machinery and plant, as additional security to the said mortgage.

Eighthly:—

That they will assign, transfer and deliver over unto the said Corporation the policy or policies of insurance on the said buildings, plant and machinery, to be held by the said Corporation as long as any portion of the money secured by the said mortgage shall remain unpaid, and so long as the liability of the said Corporation, as guarantors of the said debentures of the said Manufacturers shall exist and until the said debentures shall be fully paid and satisfied by the said Manufacturers. In the event of damage by fire the moneys payable under said policy or policies shall be payable to the municipality, and shall by the said Corporation be applied in restoring the building or buildings, plant or machinery so damaged, or held by the said Corporation to pay the unpaid or unmatured debentures guaranteed by the said Corporation, as aforesaid. If the said Corporation shall pay any premiums or sums of money for insurance on the said premises, plant or machinery, or any part thereof, the amount of such payments, with interest thereon at the rate of six per cent. per annum from the time of such payments, shall be repayable to them forthwith, and shall be recoverable under this mortgage.

Ninthly:—

That in the event of default being made during the currency of the said mortgage in any of the conditions, terms, covenants and agreements set out to be observed and performed by the said Manufacturers under this agreement, then in such case the said Corporation shall have the right to recover as liquidated damages the several sums set in this agreement in reference to such default, and for such purpose may exercise all their rights and remedies as mortgagees under the said mortgage until the discharge of the said mortgage, in as full and ample a manner to recover the same as if default had been made in the payment of the sums secured by the said mortgage, and this clause may be pleaded as an estoppel to any defence preventing the said Corporation from proceeding to realize the said sums under the said mortgage aforesaid time. If at any time the said Corporation shall be called upon to pay any of the said debentures of the said Manufacturers, and in every such case in which default shall be made by the said Manufacturers, the said Corporation shall have the right to recover as liquidated damages such sum or sums with interest at the rate of six per cent. per annum from the date of the payment so paid by them, and for such purpose may exercise all their rights and remedies as mortgagees under the said mortgage until the discharge of the said mortgage in as ample a manner to recover the said sum or sums with interest as aforesaid, as if default had been in the payment of the sums secured by the said mortgage, and this clause may be pleaded as an estoppel to any defence preventing the said Corporation from proceeding to realize such sum or sums under said mortgage during such time.

Tenthly:—

That they will commence and continue manufacturing in the said factory with the loan in said debentures of Georgetown, and shall not remove from the said Village of Georgetown without the consent of the said Corporation.

Eleventhly:—

That if any local stock company which may be incorporated and which may take over said Manufacturers' business and factory and any firm or persons succeeding the said Manufacturers in said business shall be entitled to the same privileges and conditions as the said Manufacturers are entitled to under this agreement, and shall acquire the same, subject to the same terms and conditions as are in this agreement contained, but the said Manufacturers, and the other shall not assign, sell or transfer their said business to any company, firm or persons during the said term of ten years without obtaining for the said Corporation the covenant of such new company, firm or person, for the due carrying out of this agreement and condition to the continuing liability of the said Manufacturers thereunder.

Twelfthly:—

That if they, the said Manufacturers, while this agreement is in force, accept any inducements to cease carrying on business in their factory in the said Village of Georgetown, or through any cause whatever they should cease carrying on said business during the currency of this agreement, they will pay to the said Corporation the sum of twelve hundred dollars by way of compensation to the said Corporation for loss, damage and damages contemplated thereby, and the said sum of two thousand dollars shall be recoverable by the said Corporation from the said Manufacturers, as liquidated damages, and not as a penalty, and this shall be in addition to and irrespective of any other rights, liability or remedy the said Corporation may have against the said Manufacturer for the breach of any of the terms, conditions and agreements contained in the agreement.

THE SAID CORPORATION AGREES:

Firstly:—

To submit a By-law to the municipal electors qualified to vote on money granting aid by way of bonus to manufacturing industries, for the purpose of obtaining their consent to the said By-law to authorize the guarantee by the said Village of Georgetown of the debentures of the said Manufacturers to the said amount, and to pass the said By-law and issue and sell debentures to the said amount, bearing interest at the rate of six per cent. per annum, payable within ten years from the date that debentures are issued. The said debentures to be payable in annual instalments of principal and interest (namely $1111.11 each with interest at the rate of six per cent. per annum) so that the first instalment of principal and interest shall be payable within one year from the date that debentures are issued. And upon the necessary assent of the ratepayers of the said Corporation to the said By-law being obtained and the same passed, and upon the execution and delivery to the said Corporation of a mortgage for $12,500.00 to be made by the said Manufacturers, as in Sections before provided; will guarantee the debentures of the said Manufacturers for the sum of Ten Thousand Dollars aforesaid.

Secondly:—

That they shall guarantee the said debentures of the said Manufacturers to the aggregate principal amount of Ten Thousand Dollars, with interest thereon at the rate of six per cent. per annum, the proceeds of which debenture upon being sold by the said Manufacturers shall be deposited to the credit of the said Corporation in the Merchants' Bank of Canada at Georgetown, Ontario, and the said Corporation shall advance to the said Manufacturers the sum of five thousand dollars and no more, for the purpose of

erection by the said Manufacturers of the said factory buildings, and upon the said Manufacturers expending five thousand dollars of their own money, in addition to the amount realized from the sale of the said debentures, to purchase, make and equip machinery for their said factory, their being no liens, charges or encumbrances against the said lands, buildings, machinery and plant, and shall advance the remaining five thousand dollars when the said machinery and plant are installed in the said factory and the said factory is in operation as a going concern, there being no liens, charges or encumbrances against the said lands, building, machinery or plant, and satisfactory expenditure vouchers on said land, buildings, machinery and plant having been first produced by the said Manufacturers, if required by the said Corporation. The said five thousand dollars last paid over to the said Manufacturers by the said Corporation, to be used solely and entirely by the said Manufacturers to purchase or make additional machinery to be used in the said business in said factory and for working capital to be used in said business.

And it is further understood and agreed by and between the parties hereto that if the Corporation should submit such By-law, and if such By-law should not receive a vote sufficient to carry a bonus By-law, as provided by the provisions of the Municipal Act, then this agreement shall be null and void and of no effect, and the parties hereto shall be released from all liability or obligation thereunder.

And it is further understood and agreed by and between the parties hereto that wherever either of the parties hereto are referred to, such reference shall, when the context so allows, be deemed to include and extend to and be binding on the heirs, executors, administrators, successors and assigns of each of the said parties.

IN WITNESS WHEREOF the said parties of the first part have hereunto set their hands and seals the day and year first above written, and the said Corporation has hereunto affixed its Corporate Seal and the hands of the Reeve and Clerk of the said Municipality.

Signed, Sealed and Delivered by Isaac Stewart and Leon Cook, in the presence of LE ROY DALE.

ISAAC STEWART.
LEON A. COOK.

Sealed, Delivered and Countersigned by H. H. Heartwell, Reeve, and F. L. Heath, Clerk, in the presence of LE ROY DALE.

H. H. HEARTWELL, Reeve.
F. L. HEATH.

[SEAL]

TAKE NOTICE that the foregoing is a true copy of a proposed By-law of the Corporation of the Village of Georgetown to be submitted to the votes of the electors on the 30th day of Nov., A.D. 1917, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the Town Hall in the said Village of Georgetown.

And that the 30th day of Nov., A.D. 1917, at five o'clock in the afternoon at the said Town Hall, for the consideration by the Municipal Council of the said Corporation of the said proposed By-law.

And further take notice that at the sitting of the Municipal Council of the said Corporation to take into consideration the said By-law, a petition will be presented praying that the said By-law be submitted for the assent of the electors qualified to vote thereon.

And that the last day for the said petition will be the thirty-first day of Oct., A.D. 1917. The first polling day for the said By-law will be on the thirty-first day of Oct., A.D. 1917.

Dated at Georgetown this 29th day of October, A.D. 1917.

F. L. HEATH,
Clerk.

Take notice further that a tenant who desires to vote upon said proposed By-law must deliver to the Clerk not later than the fifth day of Nov., A.D. 1917, notice in writing requiring to be entered upon the voters' list as a tenant whose lease entitles him to vote for which the debt or liability is to be created, or in which the money is to be raised by the proposed By-law, if payable, or for at least twenty-one years, and that he has by the lease covenanted to pay all municipal taxes in respect of the property of which he is tenant other than local improvement rates.

A Vital Question for You to Consider

Can you afford to delay and hesitate as to the advisability of pursuing a course at this institution when times and business conditions demand properly qualified office assistants.
