That she had a son who had a friend
Who knew when the war was going to end.

Some one who has observed the progress of events in the United States, since the declaration of a state of war between that country and Germany, has reached a definite conclusion that not a single pro-German negro has been found in the length and breadth of the land. It is also stated that in many of the parishes of Louisiana every negro, eligible under the terms of the Selective Draft Law was not only willing but eager to go to the front. In some sections, when calls were made for volunteers, five times the number asked crowded the enlistment places. These facts form a chapter in the history of the American negro worthy of being preserved for reference when his social and industrial status is discussed as a national problem.

Limehouse.

A sad accident occurred at the home of Mr. and Mrs. John Henderson last Thursday afternoon, which resulted in the death of their little daughter Mary. In running around a corner of the straw-stack, she fell against a pitchfork, one of the tines piercing her face, just below the left eye, causing unconsciousness from which she never rallied. The sorrowful tidings quickly spread, casting a gloom over the entire community, for little Mary Henderson was universally beloved by both old and young, and deepest sympathy is felt for the parents and family in their sad bereavement. The funeral which was largely attended, took place Saturday afternoon. After a short service at the home the pupils of the Day School and Sunday School marched in procession ahead of the remains of their little schoolmate to the church where a service was held, and thence to the cemetery. One of the pupils sang very sweetly "The Children's Friend is Jesus." As the casket was lowered to its last resting place, a sprig of evergreen was dropped on it by each of the children as they marched by. A beautiful display of floral offerings from the Women's Missionary Society; the Public School; Sunday School; and many friends, bore silent, yet eloquent testimony of the love of schoolmates and friends for the sweet child who had been so suddenly called from their midst. Among the many friends present from a distance were Mrs. A. Tucker, Beaverton, Mrs. J. A. Henderson, Brampton, Mr. and Mrs. J. Scott, Toronto, Miss Maud Henderson, Toronto, Mr. and Mrs. W. Barnet, Toronto, Mr. and Mrs. A. Rickaby, Toronto, Mr. and Mrs. Geo. Rowntree, Miss E. Rowntree, Toronto, Mr. and Mrs. H. Rowntree, Toronto, Mrs. F. Shaw, Toronto, Miss M. Shaw, Kitchener, Miss D. and E. Barrett, Toronto, Miss M. Hope, Acton and many others

Rev. Dr. Aresh. Blair, D.D. of Guelph, will deliver a lecture on "The Scriptures Teachings as regards Missions," in the Sixth line Church, on Tuesday evening, Nov. 27th at 8 o'clock sharp. The Guild is very fortunate in securing this able speaker, who will deliver a lecture similar to the one that he addressed to Acton Y.P.S. a short time ago It is hoped that there will be as large an attendance as possible.

Glenwilliams.

Three hunters brave from our town,
Went hunting on Saturday,
With great prospects to beg the game,
But didn't get any; what a shame.

They spoke of how, with cunning and skill
They would mow the rabbits down,
But nary a one could they discover,
When they returned to town.

And now their guns hang on the wall,
And much better do they look;
Than in the hands of these amateurs,
Whom all the game forsook.

Why You are Asked to Vote for the Needle Factory By-law on Monday Next.

It will not increase your taxes one cent.; rather it will decrease them because every additional family brought to Georgetown reduces the cost to each ratepayer of the upkeep of schools and churches.

Every extra family brought to Georgetown enhances the value of your property.

Every industry, so far, assisted by the village of Georgetown by way of loan, has been successful and is paying principal and interest on Debentures as they mature.

Georgetown industries alone send thousands of dollars to other towns to pay for latch needles. A large portion of this money could be spent at home.

Georgetown industries now pay out over $1000 daily in wages. This Company is to employ at least 30 employees and pay out $1200 monthly in wages.

The Board or Trade has had many opportunities to bring in industries of a more or less uncertain class. Some were promoted by speculators and others by inventors with nothing substantial to offer. Others still with little or no resources to insure success. The Board of Trade has been careful not to encourage or endorse any such. The result is we have good clean and substantial factories.

Don't fail to attend the Public Meeting in the TOWN HALL, on THURSDAY NIGHT, Nov. 22nd, when the matter will be fully explained by the parties themselves.
