Mother's Sunday

IT IS A GOOD THING the revival of Mother's Sunday, even if it has no other results than that little attention is paid to the mother...

Mother's Sunday is a very old custom, though only revived within the past few years. But as far back as the 17th century 'Mothering Sunday' was observed.

And will everyone remember on Sunday next to wear the white cap, which says, to all who may wish to read its meaning, that sentiment, pure and holy, is not left out of a practical world...

Perhaps Rudyard Kipling's poem, 'Mother o' Mine' is one of the strongest, truest things ever written of mothers.

"If I were hanged on the highest hill, Mother O' Mine, I know whose love would follow me still, Mother O' Mine.

"If I were drowned in the deepest sea, Mother O' Mine, I know whose tears would come down to me, Mother O' Mine.

"If I were damned of body and soul I know whose prayers would make me whole, Mother O' Mine.

CHILDREN should be especially warned against making playgrounds of the streets. Those who do so expose themselves continually to the dangers of death from passing motor cars.

ONE GOOD method of raising a large sum for war purposes would be to tax companies according to their capitalization. Hereafter we should have fewer swelled corporations in Canada.

IF SOLDIERS are willing to serve in the trenches, to dig ditches, build railroads, and risk their lives, many civilians can well afford to spare a part of their time to serve in the furrows and in the harvest fields.

A NEW JERSEY man has been declared a loafer because he exchanged jobs with his wife and kept house while she worked in a mill. And yet most housewives say if their husbands had to do the housework for one day they would learn what real work is.

AN AMENDMENT to the Ontario Temperance Act provides that grocers and druggists may not in future sell flavoring extracts or essences containing alcohol except in bottles containing no more than two and one-half ounces. The law also requires that a record of all sales of such articles be kept, the addresses of the purchasers, the date and the quantity sold.

THE SERIOUS situation of the war during the past few weeks is partly responsible for the Government's new man-power bill, and we must be prepared for further war measures if the crisis becomes more serious. Young men be-

ween the ages of 20 and 25 have been called to the colors and although they have only been asked to report at present, there is a possibility that some of the young men may be taken from the farms.

MUNICIPALITY officials throughout the Dominion are now co-operating with the Canada Food Board in the enforcement of the law against waste through and other conservation measures.

AN ORDER has been issued at Ottawa against sugar hoarding. No one is allowed to have more sugar in his possession than will last him fifteen days, unless he lives more than two miles from a licensed dealer.

NINETY motorists were fined \$10 each at Oakville last week for speeding on the Glen Bridge. The bridge will be completed and not left in its present condition.

A BOX SOCIAL will be held at Limehouse School, 8, St. St. 4 on Friday, May 10th. A good program will be rendered commencing at 7.45. Admission, 15c. Proceeds for Red Cross.

THE BARN of Mr. David Pennington, Trafalgar, was totally destroyed by fire on Thursday last. A lot of valuable stock was burned. No insurance.

ATTRACTION new signs have been erected at the different entrances to our town by the local motor club. They welcome the traveler and indicate the speed limit, two very important features now-a-days.

GET your old newspapers tied up in bundles and have them ready for the collectors on May 11th. You can in this way very materially help the Red Cross workers to supply comforts for our boys at the front.

ROY CAREY Killed - Roy Carey, Hamilton, of Carey Bros., auctioneers, and well known in Georgetown, received injuries from which he died soon after, and his wife Irene (nee Fitzgerald) was severely shaken up, when their automobile collided on Monday afternoon at the corner of Bay and Herkimer Streets with a Hamilton & Dundas car.

EX-INSPECTOR Reynolds Dead - Thomas A. Reynolds, for fifty-nine years a resident of Oakville, passed away at his home on Tuesday of last week, aged seventy-two years. Mr. Reynolds, who was a real estate agent, had been in poor health for a year. For many years he was a member of the town council. He was license inspector for Hinton for a number of years. He is survived by his widow. The late Mr. Reynolds was a charter member of the local branch of the C. M. D. A. and a life long member of St. Andrew's R. C. Church.

If covers are first torn off the outside of the magazines it would also save much trouble. These covers may be then included with the scrap as they may also contain boxes and wrapping paper. As the Red Cross Society benefitted by the sum of one hundred dollars from the former sale of paper it is hoped that an equal amount will be realized this season. Kindly remember the date.

Forethought and Good Judgment Used

Travelers show preference for Scenic Route; Busy Men use Night Trains

Nowadays, forethought, and a lively sense of public appreciation play an important part in the construction of a railroad. The Canadian Northern made a happy choice in the selection of its route between Toronto and Ottawa skirting the shoreline of Lake Ontario and the Bay of Quinte; over the height of land between Napane and Sydenham; and through Rideau Lakes region, adds zest to the daytime journey in Spring or Summer. Comfortable day and night trains, stopping at principal intermediate stations, have made the route very popular.
