Our Days Shall Then Labor

A church-going Herald subscriber writes to complain of the amount of berry-picking that is being done on Sunday. It is surely, he says, a new order of things for this section and will not improve its moral or religious standing.

Will Ring Hand Bell

In order that water takers may be inconvenienced as little as possible in future, a hand bell will be rung in that section of town where water is to be turned off. Occasional repairs to the system require the closing down of certain sections for a short time. When you hear the bell, secure your temporary supply.

Letter for Army Work

Owing to the demand of the shoe manufacturers for heavy leather to produce vegetables or fruit in response to the War Garden appeal and then have more on hand that could be used so that quantities would perish. All surplus vegetables over immediate requirements should be packed dried and stored away, winter will follow a season of plenty, and all the world will be short of food.

Can All You Eat

It would be a thousand pities to

spend vegetables or fruit in response to the War Garden appeal and then have more on hand than could be used so that quantities

would perish. All surplus vegetables over immediate requirements should be packed dried and stored away, winter will follow a season of plenty, and all the world will be short of food.

Crops Good

Many boarding-house keepers and others engaged in the restaurant business in a small way, particularly in the smaller towns and villages, have not yet taken out licenses as they are required to do by the Canada Food Board. These parties are therefore liable to the penalty imposed by the regulations. It must be borne in mind that a public eating place subject to license is according to Food Board Order, No. 16, "Any place whatsoever where meals are to be had at the number of fifteen or more persons, are served or sold to others than members of the family or household of the proprietor or employer." Persons supplying meals to the number as stated must obtain licenses, otherwise they are liable to fine or imprisonment, or both.

The Shelter

The matter of the proposed purchase of a property for a Halton-Peel shelter for neglected children was not settled at Tuesday's meeting of the County council. It was the last business discussed. Mr. Morton moved, seconded by Mr. Hillier, that the Edwards property, in Milton, be bought for \$8,500 provided Peel agreed. Five out of the eleven members present, Mr. Hynd having left before the vote, the resolution was carried. It did not pass.

Mr. MacLean called for the year and next, so that all would have a chance to vote, as the rules require.

Before the vote could be recorded the hour for adjournment, as per rules, came, and the resolution was left over to the next meeting. It is understood that Peel council will not meet until November, so the date is unimportant. Chairman.

Help for the Farmers

Over 900 men registered on registration day as willing to go on the farms and help out during the harvest season. The names of these volunteers have been listed and supplied to local labor registrars in different parts of the County. Farmers wishing help should consult these local labor registrars and see what men are willing and available. Those who have volunteered for farm work should also report to their nearest local registrar and tell him just when they could go on the farms and what wages they require. Employers should arrange to give these volunteers "leave of absence" and such terms as will assure them their position when they return and involve no financial loss.

Junior Chautauqua

There is a rare treat in store for the children of Georgetown and vicinity during Chautauqua week, Aug. 20-26th. During each morning of the week commencing at 9 o'clock there will be a special course of instructions for the boys and girls. This course includes games, dances, songs, stories, contests and gymnastics. The Junior leader, a college girl who likes boys and girls, will have charge of the girls' work, and the Junior assistant, a college boy, will look after the boys. The children who attend the morning courses will take part in a grand Patriotic Pageant. Our Allies' on the 21st of this afternoon. The price of the tickets for the whole affair is 25 cents and these tickets will admit the children to afternoon and evening contests as well. Boys and girls get busy and earn your dollar for a Junior Chautauqua ticket.

Most Sandhills Prohibited

Persons intending to take part in picnics and who have had some difficulty in interpreting the food regulations should heed the advice that sandwiches are not permitted at any mid-day meal. If the picnic is on Friday, no meat or any kind must be used. If the picnic is on a Tuesday or Thursday, the only meat permissible is pork, and it must be served only at the morning meal, so that the dinner and supper meal is prohibited.

If the picnic is on a Monday or Saturday work may be served at the middle meal. Buffet may be served at the evening meal on Sundays, Mondays, Tuesdays, Thursdays and Saturdays. The food regulations do not prohibit the use of eggs, sausages, liver, salmon and fish, so that it may be safely assumed that piecemeal parties may eat their fill of these. Those in charge of an excursion, or a garden party, or an outing are not required to take out a licence for the sale of ice cream, candies and fruits.
