**I Bet You'll Read This**  
A Philadelphia paper says that all of a sudden physicians there had all over begun discussing the question of breakfast. Views are published by many food experts and the difference is about as great as that in climate and perhaps for this very reason. The principal point at issue is whether we should eat a hearty breakfast or simply coffee and rolls. However, experts differ as to the food one should eat for breakfast, there's no two ways about it as to the food value and appealing qualities of Gibbon's Victory Bread. More people are eating it for breakfast in this town and around the country than ever before. It makes fine toast. Step into Gibbon's bakery and carry home one of those Sun Maid raisin loaves when you want something inexpensive and tasty. Get the habit of buying here, you'll enjoy it. Next door to Radial Station, Georgetown—B. V. Gibbons. Canada-Food Board Licence No. 7-1885.
