LITTLE THINGS THAT COUNT

How often in our busy life,
We speak a little more.
We can not wish the listeners are,
We care not where 'tis heard.
We do not know within our heart
To what it may amount,
And truly it is only one.
Of little things that count.

We often wound the trusting heart
By being insincere.
We do not think that which we do
May cause a lonely tear.

We give it, but a passing thought,
And soon forget that.
The little things that, now and
then, cause doubt.

The trusting heart to doubt.

We often wrong within ourselves.
The ones who love us best,
Because they tell us of fault.

We all complain, too,
And do not understand the angry words
That we say to our own count,

But when we do, it's only one
Of little things that count.

You count, of yes, your little
things!

You count, but not for gain!

You count to sudden trusting
hearts.

You count for naught in pain.

You count as clouds in someone's
sky.

You mark someone's day.

O, cruel little deeds and words

We can't undo, unsay!

Then, ever speak the kindly word
Instead of one of pride;

'Twill banish sorrow from a soul

And anger turn aside.

The loving word, the deed and
the smile.

Is borne on angels' wings,

And angel voices echo true,

Be kind in little things.

Children's Aid Society

The Annual Meeting of the Children's Aid Society of the County was held at the Sheriff's office on Friday night of last week to hear reports of the officers for the past year. It has been expected that the annual meeting for 1919 would be addressed by Mr. J. Kelso of Toronto, Superintendent of neglected children for the Province, but the repeated postponement of the meeting on account of the influenza has disarranged all plans to that end. The meeting on Friday night was hurriedly called and was preliminary to a later one at which Mr. Kelso will be present and at which the officers for 1919 will be elected.

Mr. Chas. W. Norton, Inspector for the two Societies of Halton and Peel, presented his report, showing a year of great and useful activity and reviewing the work done. Naturally much of the work of the Inspector is out of the public sight but it is none the less a social service of the very highest importance in the protection of children in the preservation and reconstruction of home life where it has been marred and broken, and in the safe guarding of the future of many children who otherwise would become not only a burden but a menace to society. Mr. Norton reported the results of his investigation into many cases of neglect and non-support on the part of the parents, and presented abundant evidence of the success of his efforts in placing children entrusted to the care of the Society in foster homes. When possible this rescue work is done without recourse to the courts and without harsh measures of any kind. It is not a spectacular form of social service but it is a real human conservation. In a summary of his work, Mr. Norton gave the following details:

204 homes visited and warnings given. 2000 letters written for both Counties. 289 children helped by warnings or removal. 870 children visited in foster homes. 10 children made wards of Halton County. 6 placed in foster homes. 1 sent to the Merton Reformatory. 5 girls over fifteen years of age helped to useful lives. 10 boys over 16 years of age let off on suspended sentences, attendance at Police Court in 47 cases for children, and 10 boys under 16 years of age let off on suspended sentence. All together, Halton County has 104 wards in charge. At present there are nine of those in Brampton, all under ten years of age, ready to be removed to the Shelter in Milton when it is ready to be occupied.

The Treasurer, Mr. C. H. Stuart, presented his report showing a balance of \$22,78 on November 16th last. Besides the County grant of \$800.00, municipal grants were received from Nassauville, Nelson, Milton, Burlington, Trafalgar and Georgetown.

In view of the establishment this year in Milton of the Shelter for the County Councils of Peel and Halton, and the increased need of the work of the Halton Society in connection therewith, the public are asked to take a greater interest in the operations of the Society and to show that interest in a practical way.

The Economy of Spending Enough

True Economy can never be measured by price alone.

It is well to remember that the cheapest is seldom the most Economical at any time.

Durability, length of service, must be carefully weighed against the purchase price and the correct balance is Economy.

As an example we mention Food Choppers at pre-War Prices.

Tragedy of the Camperdown Has Been Recalled.

A few lines in Canadian newspapers a while ago chronicled the death in England of a man who played a prominent though unimportant role in naval history. It is one of the greatest disasters that has ever occurred in the British navy. The London papers devoted considerable space to the story of Admiral Sir Albert Hastings Markham, who was in command of the battleship Camperdown when she rammed and sank the flagship Victoria with 336 men and officers, including Adm. Sir George Tryon, the commander-in-chief of the Mediterranean Fleet, June 22, 1893.

Admiral Markham was born in 1838, son of a naval officer. He was educated at the Royal Naval College, Dartmouth, and became a midshipman in 1854. After serving in the Channel Fleet he was promoted to lieutenant in 1860, and to commander in 1867. In 1870 he was appointed to the staff of the Admiralty, and in 1872 he became a captain. In 1875 he was promoted to rear-admiral, and in 1886 to vice-admiral. In 1891 he was appointed to the command of the Mediterranean Fleet. In 1893 he was promoted to admiral. In 1895 he was appointed to the command of the Channel Fleet. In 1897 he was promoted to full admiral. In 1899 he was appointed to the command of the Mediterranean Fleet again.
